

Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties, 68 FR 23954 (May 6, 2003).

The Department intends to issue assessment instructions directly to CBP 15 days after publication of these final results of review.

Cash Deposit Requirements

The following deposit requirements will be effective upon publication of this notice for all shipments of certain small diameter carbon and alloy seamless standard, line and pressure pipe from Romania entered, or withdrawn from warehouse, for consumption on or after the date of publication, as provided by section 751(a)(1) of the Act: (1) The cash deposit rate for ArcelorMittal Tubular Products Roman S.A. will be 0.00 percent; (2) for merchandise exported by manufacturers or exporters not covered in this review but covered in the original less-than-fair-value investigation or previous reviews, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the original investigation but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; (4) the cash deposit rate for all other manufacturers or exporters will continue to be 13.06 percent, the all-others rate established in *Notice of Amended Final Determination of Sales at Less Than Fair Value and Antidumping Duty Order: Certain Small Diameter Carbon and Alloy Seamless Standard, Line and Pressure Pipe From Romania*, 65 FR 48963 (August 10, 2000). These cash deposit requirements shall remain in effect until further notice.

Notifications

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

This notice also serves as a reminder to parties subject to the administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance

with 19 CFR 351.305(a)(3). Timely notification of the destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

We are issuing and publishing these results and this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: November 2, 2012.

Paul Piquado,

Assistant Secretary for Import Administration.

Certain Activated Carbon From the People's Republic of China; 2010-2011; Final Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce ("the Department") published its *Preliminary Results* of the antidumping duty order on certain activated carbon from the People's Republic of China ("PRC") on May 4, 2012,¹ and we gave interested parties an opportunity to comment on the *Preliminary Results*. Based upon our analysis of the comments and information received, we made changes to the margin calculations for these final results and partial rescission of antidumping duty administrative review. The final dumping margins are listed below in the "Final Results of the Reviews" section of this notice. The period of review ("POR") is April 1, 2010, through March 31, 2011.

DATES: *Effective Date:* November 9, 2012.

FOR FURTHER INFORMATION CONTACT:

SUPPLEMENTARY INFORMATION:

Background

The Department published the *Preliminary Results* on May 4, 2012.² The period of review ("POR") is April 1, 2010, through March 31, 2011.³ In accordance with 19 CFR 351.309(c)(1)(ii), we invited parties to comment on our *Preliminary Results*.⁴ On June 13, 2012, we received case briefs from Cherishmet, DJAC, Jacobi, CAC, Bright Future, and Shanxi DMD.⁵ On June 22, 2012, we received rebuttal briefs from Petitioners and Cherishmet.⁶

Scope of the Order

The merchandise subject to the order is certain activated carbon.⁷ The products are currently classifiable under the Harmonized Tariff Schedule of the United States ("HTSUS") subheading 3802.10.00. Although the HTSUS subheading is provided for convenience and customs purposes, the written description of the scope of the order remains dispositive.⁸

Analysis of Comments Received

All issues raised in the case and rebuttal briefs by parties are addressed in the "Certain Activated Carbon from the People's Republic of China: Issues and Decision Memorandum for the Final Results of the Fourth Antidumping Duty Administrative Review," dated concurrently with this notice ("Issues & Decision Memo"). A list of the issues which parties raised is attached to this notice as Appendix I. The Issues & Decision Memo is a public document and is on file in the Central Records Unit ("CRU"), Room 7046 of the main Department of Commerce building, as well as electronically via Import Administration's Antidumping

Final Partial Rescission

In the *Preliminary Results*, the Department preliminarily rescinded the review with respect to Shanxi Dapu International Trade Co., Ltd. ("Dapu"). This company reported that it had no shipments of subject merchandise to the United States during the POR, and our examination of shipment data from U.S. Customs and Border Protection ("CBP") confirmed that there were no entries of subject merchandise made by this company during the POR.⁹ Subsequent to the *Preliminary Results*, the Department did not receive any comments or information indicating that Dapu made sales of subject merchandise to the United States during the POR. Therefore, pursuant to 19 CFR 351.213(d)(3), we are rescinding the administrative review with respect to Dapu.

Changes Since the Preliminary Results

Based on a review of the record and comments received from interested parties regarding our *Preliminary Results*, we have made certain revisions to the margin calculations for Jacobi, DJAC, and Cherishmet. For the reasons explained in the Issues & Decision Memo at Comment I, we have selected the Philippines as the primary surrogate country. We have also made other changes to the margin calculations of Cherishmet, DJAC, and Jacobi.¹⁰ Finally, the Surrogate Values Memo contains the further explanation of our changes to the surrogate values.¹¹

Separate Rates

In our *Preliminary Results*, we determined that the following companies met the criteria for separate rate status: Bright Future; Datong

⁹ See *Preliminary Results*, 77 FR at 26498.

¹⁰ See Comments II to VI of the Issues and Decision Memo and the company-specific analysis memoranda.

¹¹ See Memorandum to the File, through Matthew Renkey, Acting Program Manager, AC/CVD Operations, Office 9, from Javier Barrientos, Senior Case Analyst, Alan Ray, Senior Case Analyst, and Emeka Chukwudebe, Case Analyst, AD/CVD Operations, Office 9, Certain Activated Carbon from the People's Republic of China ("PRC"): Surrogate Values for the Final Results," (October 31, 2012).

Municipal Yunguang Activated Carbon Co., Ltd.; Ningxia Mineral; Shanxi Sincere Industrial Co., Ltd.; Shanxi Industry Technology Trading Co., Ltd.; Tangshan Solid; and Tianjin Maijin Industries Co., Ltd.¹² We have not received any information since the issuance of the *Preliminary Results* that provides a basis for reconsideration of these determinations. Therefore, the Department continues to find that the companies listed above meet the criteria for a separate rate.

Additionally, in the *Preliminary Results*, we also noted that CBP data reviewed by the Department does not show any reviewable entries of subject merchandise made during the POR by the third-country exporter, Adsorbent,¹³ an Indian activated carbon company. For these final results, we continue to find that the CBP data does not show any reviewable entries of subject merchandise made by Adsorbent during the POR and intend to refer this matter to CBP to investigate whether Adsorbent's entries were entered properly.

Rate for Non-Selected Companies

In the *Preliminary Results*, and consistent with the Department's practice,¹⁴ we assigned the separate rate companies a rate calculated using the ranged total sales quantities of the individually-reviewed respondents with margins above *de minimis* from the public versions of their submissions.¹⁵ For the final results, we continue to find this approach to be consistent with the intent of section 735(c)(5)(A) of the Act and our use of section 735(c)(5)(A) of the Act as guidance when we establish the rate for respondents not examined individually in an administrative review.¹⁶ See Decision Memo at Comment 3.

Because the calculated net U.S. sales values for the individually-reviewed respondents with margins above *de minimis* are business-proprietary figures, we find that 1.04 U.S. Dollars/

kilogram ("USD/kg"), which we calculated using the publicly available figures of U.S. sales quantities for these firms, is the best reasonable proxy for the weighted-average margin based on the calculated U.S. sales quantities of these respondents.¹⁷

PRC-Wide Rate and PRC-Wide Entity

The Department used the PRC-Wide rate of 2.42 USD/kg in the most recently completed administrative review of this antidumping order.¹⁸ Because we have not calculated a PRC-Wide rate greater than the PRC-Wide rate from previous reviews in this proceeding and nothing on the record of the instant review calls into question the reliability of the PRC-Wide rate, we find it appropriate to continue to apply the PRC-Wide rate of 2.42 USD/kg for the final results.¹⁹

In the *Preliminary Results*, the Department determined that those companies which did not demonstrate eligibility for a separate rate are properly considered part of the PRC-wide entity.²⁰ Since the *Preliminary Results*, none of the companies which did not file separate rate applications or certifications submitted comments regarding these findings. Therefore, we continue to treat these entities as part of the PRC-wide entity.

Assessment Rates

Pursuant to section 751(a)(2)(A) of the Act and 19 CFR 351.212(b), the Department will determine, and CBP shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review. The Department intends to issue appropriate assessment instructions directly to CBP 15 days after publication of the final results of this administrative review.

For assessment purposes, we calculated importer (or customer)-specific assessment rates for merchandise subject to this review. As the Department stated in the most recent administrative review,²⁵ we will continue to direct CBP to assess importer-specific assessment rates based on the resulting per-unit (*i.e.*, per-kilogram) rates by the weight in kilograms of each entry of the subject merchandise during the POR. Specifically, we calculated importer-specific duty assessment rates on a per-unit rate basis by dividing the total dumping margins (calculated as the difference between normal value and export price or constructed export price) for each importer by the total sales quantity of subject merchandise sold to that importer during the POR. If an importer (or customer)-specific assessment rate is *de minimis* (*i.e.*, less than 0.50 percent), the Department will instruct CBP to assess that importer (or customer's) entries of subject merchandise without regard to antidumping duties, in accordance with 19 CFR 351.106(c)(2).

From the People's Republic of China: Final Results and Partial Rescission of the Third Antidumping Duty Administrative Review, 76 FR 67142, 67145 n.25 (October 31, 2011) ("*Activated Carbon AR3*").

²³ In *Activated Carbon AR1*, the Department found Beijing Pacific Activated Carbon Products Co., Ltd., Ningxia Guanghua Cherishmet Activated Carbon Co., Ltd., and Ningxia Guanghua Activated Carbon Co., Ltd. are a single entity and, because there has been no change to this determination

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this administrative review for all shipments of the subject merchandise from the PRC entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by section 751(a)(2)(C) of the Act: (1) For Jacobi, DJAC, Cherishmet, and the Separate Rate Respondents, the cash deposit rate will be their respective rates established in the final results of this review, except if the rate is zero or *de minimis* no cash deposit will be required; (2) for previously investigated or reviewed PRC and non-PRC exporters not listed above that have separate rates, the cash deposit rate will continue to be the exporter-specific rate published for the most recent period; (3) for all PRC exporters of subject merchandise which have not been found to be entitled to a separate rate, the cash deposit rate will be the PRC-Wide rate of \$2.42 per kilogram; and (4) for all non-PRC exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the PRC exporters that supplied that non-PRC exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

Disclosure

We will disclose the calculations performed within five days of the date of publication of this notice to parties in this proceeding in accordance with 19 CFR 351.224(b).

since the first administrative review, we continue to find these companies to be part of a single entity. Therefore, we will assign this rate to the companies in the single entity. See *Certain Activated Carbon From the People's Republic of China: Notice of Preliminary Results of the Antidumping Duty Administrative Review and Extension of Time Limits for the Final Results*, 74 FR 21317 (May 7, 2009), unchanged in *First Administrative Review of Certain Activated Carbon from the People's*

Notification to Importers Regarding The Reimbursement of Duties

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in the Department's presumption that reimbursement of antidumping duties has occurred and the subsequent assessment of doubled antidumping duties.

Administrative Protective Orders

This notice also serves as a reminder to parties subject to administrative protective orders ("APO") of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305, which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

We are issuing and publishing this administrative review and notice in accordance with sections 751(a)(1) and 777(i) of the Act.

National Fire Codes: Request for Comments on NFPA's Codes and Standards

AGENCY: National Institute of Standards and Technology, Commerce.

ACTION: Notice.

SUMMARY: The National Institute of Standards and Technology (NIST) is publishing this notice on behalf of the National Fire Protection Association (NFPA) to announce the availability of and request comments on the technical reports that will be reporting in the NFPA's 2013 Fall Revision Cycle.

DATES: Sixteen First Draft Reports are published on the NFPA Web site at <http://www.nfpa.org/FDRSDR>.

Comments received by 5:00 p.m. EST/EDST on November 16, 2012 will be considered by the respective NFPA Committees before final action is taken on the comments.

ADDRESSES: The 2013 Fall Revision Cycle First Draft Reports are available and downloadable from NFPA's Web site at <http://www.nfpa.org/FDRSDR>. Comments can be submitted online by going to link above.

FOR FURTHER INFORMATION CONTACT:

Amy Beasley Cronin, Secretary, Standards Council, NFPA, 1 Batterymarch Park, Quincy, Massachusetts 02169-7471, (617) 770-3000. David F. Alderman, NIST, 100 Bureau Drive, MS 2100, Gaithersburg, MD 20899, email: david.alderman@nist.gov or by phone at 301-975-4019.

SUPPLEMENTARY INFORMATION: Since 1896, the National Fire Protection Association (NFPA) has accomplished its mission by advocating consensus codes and standards, research, training, and education for safety related issues. NFPA's *National Fire Codes*[®], which holds over 295 documents, are administered by more than 240 Technical Committees comprised of approximately 7,600 volunteers and are adopted and used throughout the world. NFPA is a nonprofit membership organization with approximately 70,000 members from over 100 nations, all working together to fulfill the Association's mission.

The NFPA process provides ample opportunity for public participation in the development of its codes and standards. All NFPA codes and standards are revised and updated every three to five years in Revision Cycles that begin twice each year and take approximately two years to complete. Each Revision Cycle proceeds according to a published schedule that includes final dates for all major events in the process. The Code Revision Process contains four basic steps that are followed for developing new documents as well as revising existing documents. Step 1: Public Input Stage, which results in the First Draft Report (formerly ROP); Step 2: Comment Stage, which results in the Second Draft Report (formerly ROC); Step 3: the Association Technical Meeting at the NFPA Conference & Expo; and Step 4: Standards Council consideration and issuance of documents.

Note: Anyone wishing to make Amending Motions on the Second Draft Reports (formerly ROP and ROC) must signal his or her intention by submitting a Notice of Intent to Make a Motion by the Deadline of 5:00 p.m. EST/EDST on or before August 23, 2013. Certified motions will be posted by October 18, 2013. Documents that receive notice of

proper Amending Motions (Certified Amending Motions) will be presented for action at the annual June 2014 Association Technical Meeting. Documents that receive no motions will be forwarded directly to the Standards Council for action on issuance.

For more information on these new rules and for up-to-date information on schedules and deadlines for processing NFPA Documents, check the NFPA Web site at www.nfpa.org, or contact NFPA Codes and Standards Administration.

The purpose of this notice is to request comments on the First Draft Report for the NFPA's 2013 Fall Revision Cycle. The publication of this notice by the National Institute of Standards and Technology (NIST) on behalf of NFPA is being undertaken as a public service; NIST does not necessarily endorse, approve, or recommend any of the standards referenced in the notice.

Background

The National Fire Protection Association (NFPA) develops building, fire, and electrical safety codes and standards. Federal agencies frequently use these codes and standards as the basis for developing Federal regulations concerning safety. Often, the Office of the Federal Register approves the incorporation by reference of these standards under 5 U.S.C. 552(a) and 1 CFR Part 51.

Request for Comments

Interested persons may participate in these revisions by submitting written data, views, or arguments to Amy Beasley Cronin, Secretary, Standards Council, NFPA, 1 Batterymarch Park, Quincy, Massachusetts 02169-7471. Commenters may go to the NFPA Web site at <http://www.nfpa.org/FDRSDR>. Each person submitting a comment should include his or her name and address, identify the notice, and give reasons for any recommendations. Comments received by 5:00 p.m. EST/EDST on November 16, 2012 for the 2013 Fall Revision Cycle First Draft Reports will be considered by the NFPA before final action is taken on the First Draft Reports.

Copies of all written comments received and the disposition of those comments by the NFPA committees will be published as the 2013 Fall Revision Cycle Second Draft Reports and will be available on the NFPA Web site at <http://www.nfpa.org/FDRSDR>.
