[Docket No. FR-4912-N-24]

Notice of Availability of a Final Environmental Impact Statement for the Westpark Master Plan Redevelopment Project, City of Bremerton, WA

AGENCY: Office of the Assistant Secretary for Community Planning and Development, HUD.

ACTION: Notice.

SUMMARY: HUD gives this notice to the public, agencies and Indian Tribes on the availability for public review of the Final Environmental Impact Statement for the redevelopment of the Westpark public housing community in Bremerton, WA. HUD gives this notice on behalf of the City of Bremerton acting as the Responsible Entity for compliance with the National Environmental Policy Act (NEPA) in accordance with 24 CFR 58.4, and

jointly the Bremerton Housing Authority (BHA) acting as lead agency for compliance with the Washington State Environmental Policy Act (SEPA). The NEPA/SEPA Final EIS will be available for a 30-day period beginning today. A NEPA Record of Decision (ROD) will be issued after the 30-day availability period. This notice is in accordance with the Council on Environmental Quality regulations at 40 CFR parts 1500-1508.

DATES: Comments Due Date: Comments must be received 30 days from the date of publication of this notice in the **Federal Register**. Comments are to be submitted to Andrea Spencer at the address below or Andrea.Spencer@ci.bremerton.wa.us.

ADDRESSES: The Final EIS is available on the internet and can be viewed or downloaded at <http://www.ci.bremerton.wa.us>; or <http://www.newwestpark.com>. Hard copies are available for the cost of reproduction. The Final EIS can also be reviewed at the City of Bremerton Community Development Department, 345 6th Street, Suite 600, Bremerton, WA; Monday through Friday, 8:30 a.m. to 4:30 p.m. at the Bremerton Housing Authority, 345 6th Street, Suite 200, Bremerton, WA; and at the following public libraries:

FOR FURTHER INFORMATION CONTACT:

Andrea Spencer, City of Bremerton Department of Community Development, 345 6th Street, Suite 600, Bremerton, WA 98337-1873; telephone (360) 473-5283; fax (360) 473-5278; and e-mail Andrea.Spencer@ci.bremerton.wa.us.

SUPPLEMENTARY INFORMATION: The Westpark public housing development was originally constructed in the early 1940's to provide temporary homes for defense workers and their families during World War II. The 82-acre site is located in West Bremerton, and is bounded by Kitsap Way on the north, Oyster Bay Road on the east, and State Route 3 on the west. There are currently 631 public housing units on the site, a community center and other community facilities. The existing site is physically isolated and physically deteriorated, and in 2003 it was designated as "blighted" by the City of Bremerton for purposes of community renewal efforts

pursuant to the state Community Renewal Law (Chapter 35.81 Revised Code of Washington).

The Westpark Redevelopment, sponsored by the Bremerton Housing Authority, would demolish all existing housing structures and infrastructure and redevelop the site as a mixed-use, mixed-income, pedestrian oriented, master planned community. It would contain approximately 759 housing units; 60,000 square feet of commercial uses in a 5-acre village center and in mixed-use buildings; and 28 acres of parks and open space. New housing would be for sale and for rent, single family and multi-family, and would incorporate low income, affordable and market rate units to meet a variety of housing needs. All existing public housing units will be replaced either on-site (190 units) or off-site (441), at locations in the City and Kitsap County; no net loss of low income housing units would occur. The project will require relocation of all existing residents. Alternatives considered in the EIS include No Action (involving no redevelopment) and a Design Alternative (with a larger retail area, the same number of housing units, and additional stormwater controls).

Questions may be directed to the individual named above under the heading of **FOR FURTHER INFORMATION CONTACT**.

Dated: May 4, 2007.

Pamela H. Patenaude,

Assistant Secretary for Community Planning and Development.

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-5125-N-19]

Federal Property Suitable as Facilities to Assist the Homeless

AGENCY: Office of the Assistant Secretary for Community Planning and Development, HUD.

ACTION: Notice.

SUMMARY: This Notice identifies unutilized, underutilized, excess, and surplus Federal property reviewed by HUD for suitability for possible use to assist the homeless.

FOR FURTHER INFORMATION CONTACT:

Kathy Ezzell, room 7266, Department of Housing and Urban Development, 451 Seventh Street, SW., Washington, DC 20410; telephone (202) 708-1234; TTY number for the hearing- and speech-impaired (202) 708-2565 (these

telephone numbers are not toll-free), or call the toll-free Title V information line at 1-800-927-7588.

SUPPLEMENTARY INFORMATION: In accordance with 24 CFR part 581 and section 501 of the Stewart B. McKinney Homeless Assistance Act (42 U.S.C. 11411), as amended, HUD is publishing this Notice to identify Federal buildings and other real property that HUD has reviewed for suitability for use to assist the homeless. The properties were reviewed using information provided to HUD by Federal landholding agencies regarding unutilized and underutilized buildings and real property controlled by such agencies or by GSA regarding its inventory of excess or surplus Federal property. This Notice is also published in order to comply with the December 12, 1988 Court Order in *National Coalition for the Homeless v. Veterans Administration*, No. 88-2503-OG (D.D.C.).

Properties reviewed are listed in this Notice according to the following categories: Suitable/available, suitable/unavailable, suitable/to be excess, and unsuitable. The properties listed in the three suitable categories have been reviewed by the landholding agencies, and each agency has transmitted to HUD: (1) Its intention to make the property available for use to assist the homeless, (2) its intention to declare the property excess to the agency's needs, or (3) a statement of the reasons that the property cannot be declared excess or made available for use as facilities to assist the homeless.

Properties listed as suitable/available will be available exclusively for homeless use for a period of 60 days from the date of this Notice. Where property is described as for "off-site use only" recipients of the property will be required to relocate the building to their own site at their own expense. Homeless assistance providers interested in any such property should send a written expression of interest to HHS, addressed to John Hicks, Division of Property Management, Program Support Center, HHS, room 5B-17, 5600 Fishers Lane, Rockville, MD 20857; (301) 443-2265. (This is not a toll-free number.) HHS will mail to the interested provider an application packet, which will include instructions for completing the application. In order to maximize the opportunity to utilize a suitable property, providers should submit their written expressions of interest as soon as possible. For complete details concerning the processing of applications, the reader is encouraged to refer to the interim rule

governing this program, 24 CFR part 581.

For properties listed as suitable/to be excess, that property may, if subsequently accepted as excess by GSA, be made available for use by the homeless in accordance with applicable law, subject to screening for other Federal use. At the appropriate time, HUD will publish the property in a Notice showing it as either suitable/available or suitable/unavailable.

For properties listed as suitable/unavailable, the landholding agency has decided that the property cannot be declared excess or made available for use to assist the homeless, and the property will not be available.

Properties listed as unsuitable will not be made available for any other purpose for 20 days from the date of this Notice. Homeless assistance providers interested in a review by HUD of the determination of unsuitability should call the toll free information line at 1-800-927-7588 for detailed instructions or write a letter to Mark Johnston at the address listed at the beginning of this Notice. Included in the request for review should be the property address (including zip code), the date of publication in the **Federal Register**, the landholding agency, and the property number.

For more information regarding particular properties identified in this Notice (*i.e.*, acreage, floor plan, existing sanitary facilities, exact street address), providers should contact the appropriate landholding agencies at the following addresses: ARMY: Ms. Veronica Rines, Headquarters, Department of the Army, Office of the Assistant Chief of Staff for Installation Management, Attn: DAIM-ZS, Room 8536, 2511 Jefferson Davis Hwy, Arlington, VA 22202; (703) 601-2545; (These are not toll-free numbers).

Dated: May 3, 2007.

Deputy Assistant Secretary for Special Needs.

BILLING CODE 4210-67-P

DEPARTMENT OF THE INTERIOR**Committee Establishment: United States Geological Survey—Climate Change Science Program Committee for Synthesis and Assessment Product 1.2: Past Climate Variability and Change in the Arctic and at High Latitudes****AGENCY:** U.S. Geological Survey, Interior.**ACTION:** Establishment of a Federal Advisory Committee

SUMMARY: This notice is published in accordance with Section 9(a) of the Federal Advisory Committee Act of 1972 (Pub. L. 92-463). Following consultation with the General Services Administration, notice is hereby given that the Secretary of the Interior has established the U.S. Geological Survey—Climate Change Science Program Committee for Synthesis and Assessment Product 1.2: Past Climate Variability and Change in the Arctic and at High Latitudes.

The Climate Change Science Program (CCSP), a consortium of Federal agencies performing climate science, has established a synthesis and assessment (S&A) program as a part of

its Strategic Plan. There are 21 S&A products to be administered by 13 Federal agencies over a 5-year period. The U.S. Geological Survey (USGS), a participant in the CCSP, is responsible for three S&A products. S&A product 1.2: Past Climate Variability and Change in the Arctic and at High Latitudes is the subject of this proposed Federal Advisory Committee.

The primary function of the Committee is to synthesize and assess the state of knowledge on past climate variability at high latitudes and communicate this information to the USGS. Committee members will meet and discuss issues relating to the study design, research methodology, data sources and quality, and study findings. The Committee will draft a report that will serve as the CCSP definitive document on current knowledge pertaining to the topic of past climate variability at high latitudes. Membership will consist of non-Federal scientists who are recognized as experts in the climate science community.
