Food and Drug Administration

21 CFR Part 11

[Docket No. FDA-2019-N-0646]

Change of Address; Technical Amendment

AGENCY: Food and Drug Administration, HHS.

ACTION: Final rule; technical amendment.

SUMMARY: Before using an electronic signature in an electronic record required by the Food and Drug Administration (FDA or Agency), a person must submit a letter of non-repudiation to FDA. Letters of non-repudiation are required to certify that a person's electronic signatures are intended to be the legally binding equivalent of traditional handwritten signatures. FDA is amending its regulations to update the address for submission of a certification in paper form and to provide an option for electronic submission. This amendment is to ensure accuracy and clarity in the Agency's regulations. This technical amendment is nonsubstantive.

DATES: This rule is effective March 2, 2023.

FOR FURTHER INFORMATION CONTACT: Elizabeth L. Kunkoski, Center for Drug Evaluation and Research, Food and Drug Administration, 10903 New Hampshire Ave., Bldg. 51, Rm. 3332, Silver Spring, MD 20993-0002, elizabeth.kunkoski@fda.hhs.gov, 301-796-6439.

SUPPLEMENTARY INFORMATION: Before using an electronic signature in an electronic record required by FDA, a person must submit a letter of non-repudiation to FDA (§ 11.100(c) 21 CFR 11.100(c)). Letters of non-repudiation are required under § 11.100(c)(1) to certify that a person's electronic signatures are intended to be the legally binding equivalent of traditional handwritten signatures. FDA is amending its regulations in 21 CFR part 11 to update the address for submission of a certification in paper form and to provide an option for electronic submission. The new addresses are as follows:

- For certification of electronic signatures for submissions sent through FDA's Electronic Submissions Gateway Program, submit to: ESGHelpDesk@fda.hhs.gov; or
- For certification of electronic signatures for submissions not

submitted through FDA's Electronic Submissions Gateway Program, submit to: Jessica Bernhardt, Electronic Submissions Gateway, U.S. Food and Drug Administration, 3WFN, Rm. 7C34, 12225 Wilkins Ave., Rockville, MD 20852.

Information on where to submit the certification is currently found on FDA's web page on Letters of Non-Repudiation Agreement at <https://www.fda.gov/industry/about-esg/appendix-g-letters-non-repudiation-agreement>. This action is being taken to ensure accuracy and clarity in the Agency's regulations.

Publication of this document constitutes final action on these changes under the Administrative Procedure Act (APA) (5 U.S.C. 553). FDA has determined that notice and public comment are unnecessary because this amendment makes only technical or non-substantive, ministerial changes to reflect a change in electronic submission capabilities and corrects the address for submission of a non-repudiation letter. Such technical, non-substantive changes are "routine determination[s], insignificant in nature and impact, and inconsequential to the industry and to the public." (*Mack Trucks, Inc. v. EPA*, 682 F.3d 87, 94 (D.C. Cir. 2012)) (quotation marks and citation omitted). Accordingly, FDA for good cause finds that notice and public procedure thereon are unnecessary for these changes in where and how the certification is submitted.

In addition, we find good cause for these amendments to become effective on the date of publication of this action. The APA allows an effective date of less than 30 days after publication as "provided by the agency for good cause found and published with the rule" (5 U.S.C. 553(d)(3)). A delayed effective date is unnecessary in this case because the amendments do not impose any new regulatory requirements on affected parties. As a result, affected parties do not need time to prepare before the rule takes effect. Therefore, we find good cause for this correction to become effective on the date of publication of this action.

I. Background

On November 2, 2015, the President signed into law the Federal Civil Penalties Inflation Adjustment Act Improvements Act of 2015 (sec. 701 of Pub. L. 114–74) (“the Act”). The Act requires Federal agencies to adjust the level of civil monetary penalties with an initial “catch-up” adjustment through rulemaking and then make subsequent annual adjustments for inflation. The purpose of these adjustments is to maintain the deterrent effect of civil penalties and to further the policy goals of the underlying statutes.

The Office of Management and Budget (OMB) issued guidance for Federal agencies on calculating the catch-up adjustment. See February 24, 2016, Memorandum for the Heads of Executive Departments and Agencies, from Shaun Donovan, Director, Office of Management and Budget, re: *Implementation of the Federal Civil Penalties Inflation Adjustment Act Improvements Act of 2015* (M–16–06). Under the guidance, the Department identified applicable civil monetary

penalties and calculated the catch-up adjustment. A civil monetary penalty is any assessment with a dollar amount that is levied for a violation of a Federal civil statute or regulation, and is assessed or enforceable through a civil action in Federal court or an administrative proceeding. A civil monetary penalty does not include a penalty levied for violation of a criminal statute, or fees for services, licenses, permits, or other regulatory review. The calculated catch-up adjustment is based on the percent change between the Consumer Price Index for all Urban Consumers (CPI-U) for the month of October in the year of the previous adjustment (or in the year of establishment, if no adjustment has been made) and the October 2015 CPI-U.

The Bureau issued an interim final rule providing for calculated catch-up adjustments on June 30, 2016 (81 FR 42478), with an effective date of August 1, 2016, and requesting comments post-promulgation. The Bureau issued a final rule affirming the catch-up adjustments set forth in the interim final rule on December 2, 2016 (81 FR 86953). The Bureau then issued a final rule making the next scheduled annual inflation adjustment for 2017 on January 23, 2017 (82 FR 7649), for 2018 on February 6, 2018 (83 FR 5192), for 2019 on April 15, 2019 (84 FR 15098), for 2020 on February 19, 2020 (85 FR 9366), for 2021 on January 28, 2021 (86 FR 7344), and for 2022 on March 9, 2022 (87 FR 13153).

II. Calculation of 2023 Annual Adjustments

OMB recently issued guidance to assist Federal agencies in implementing

the annual adjustments required by the Act, which agencies must complete by January 15, 2023. See December 15, 2022, Memorandum for the Heads of Executive Departments and Agencies, from Shalanda D. Young, Director, Office of Management and Budget, re: *Implementation of Penalty Inflation Adjustments for 2023, Pursuant to the Federal Civil Penalties Inflation Adjustment Act Improvements Act of 2015* (M–23–05). The guidance states that the cost-of-living adjustment multiplier for 2023, based on the CPI-U for the month of October 2022, not seasonally adjusted, is 1.07745. The annual inflation adjustments are based on the percent change between the October CPI-U preceding the date of the adjustment, and the prior year’s October CPI-U. For 2023, OMB explains, October 2022 CPI-U (298.012)/October 2021 CPI-U (276.589) = 1.07745. The guidance instructs agencies to complete the 2023 annual adjustment by multiplying each applicable penalty by the multiplier 1.07745 and rounding to the nearest dollar. Further, agencies should apply the multiplier to the most recent penalty amount that includes the initial catch-up adjustment required by the Act.

The annual adjustment applies to all civil monetary penalties with a dollar amount that are subject to the Act. This final rule adjusts the following civil monetary penalties contained in the Bureau’s regulations for 2023 by multiplying 1.07745 by each penalty amount as updated by the adjustment made in the prior year (2022):

Consistent with the Act, the adjusted penalty levels for 2023 will take effect immediately upon the effective date of the adjustment. The adjusted penalty levels for 2023 will apply to penalties assessed after that date including, if consistent with agency policy, assessments associated with violations that occurred on or after November 2, 2015 (the date of the Act). The Act does not, however, change previously assessed penalties that the Bureau is collecting or has collected. Nor does the Act change an agency's existing statutory authorities to adjust penalties.

III. Procedural Requirements

A. Regulatory Planning and Review (E.O. 12866 and 13563)

Executive Order 12866 provides that the Office of Information and Regulatory Affairs in the Office of Management and Budget will review all significant rules. The Office of Information and Regulatory Affairs has determined that this rule is not significant.

Executive Order 13563 reaffirms the principles of E.O. 12866 while calling for improvements in the Nation's regulatory system to promote predictability, to reduce uncertainty, and to use the best, most innovative, and least burdensome tools for achieving regulatory ends. The Executive order directs agencies to consider regulatory approaches that reduce burdens and maintain flexibility and freedom of choice for the public where these approaches are relevant, feasible, and consistent with regulatory objectives. E.O. 13563 emphasizes further that regulations must be based on the best available science and that the rulemaking process must allow for

public participation and an open exchange of ideas. We have developed this rule in a manner consistent with these requirements.

B. Reducing Regulation and Controlling Regulatory Costs (Executive Order 13771)

This rule is not an E.O. 13771 regulatory action because this rule is not significant under Executive Order 12866.

C. Regulatory Flexibility Act

The Regulatory Flexibility Act (RFA) requires an agency to prepare a regulatory flexibility analysis for rules unless the agency certifies that the rule will not have a significant economic impact on a substantial number of small entities. The RFA applies only to rules for which an agency is required to first publish a proposed rule. See 5 U.S.C. 603(a) and 604(a). The RFA does not apply to this final rule because the Bureau is not required to publish a proposed rule for the reasons explained below in Section III.M below.

D. Congressional Review Act (CRA)

This rule is not a major rule under 5 U.S.C. 804(2). This rule:

(a) Does not have an annual effect on the economy of \$100 million or more.

(b) Will not cause a major increase in costs or prices for consumers, individual industries, Federal, State, or local government agencies, or geographic regions.

(c) Does not have significant adverse effects on competition, employment, investment, productivity, innovation, or the ability of U.S.-based enterprises to compete with foreign-based enterprises.

E. Unfunded Mandates Reform Act

This rule does not impose an unfunded mandate on State, local, or tribal governments, or the private sector of more than \$100 million per year. The rule does not have a significant or unique effect on State, local, or tribal governments or the private sector. A statement containing the information required by the Unfunded Mandates Reform Act (2 U.S.C. 1531 *et seq.*) is not required.

F. Takings (E.O. 12630)

This rule does not affect a taking of private property or otherwise have taking implications under Executive Order 12630. A takings implication assessment is not required.

G. Federalism (E.O. 13132)

Under the criteria in section 1 of Executive Order 13132, this rule does not have sufficient federalism implications to warrant the preparation of a federalism summary impact statement. A federalism summary impact statement is not required.

H. Civil Justice Reform (E.O. 12988)

This rule complies with the requirements of Executive Order 12988. Specifically, this rule: (a) meets the criteria of section 3(a) requiring that all regulations be reviewed to eliminate errors and ambiguity and be written to minimize litigation; and (b) meets the criteria of section 3(b)(2) requiring that all regulations be written in clear language and contain clear legal standards.

I. Consultation With Indian Tribes (E.O. 13175 and Departmental Policy)

The Department of the Interior strives to strengthen its government-to-government relationship with Indian tribes through a commitment to consultation with Indian Tribes and recognition of their right to self-governance and tribal sovereignty. We have evaluated this rule under the Department's consultation policy and under the criteria in Executive Order 13175 and have determined that it has no substantial direct effects on federally recognized Indian Tribes and that consultation under the Department's tribal consultation policy is not required.

J. Paperwork Reduction Act

This rule does not contain information collection requirements, and a submission to the Office of Management and Budget under the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*) is not required. We may not conduct or sponsor, and you are not required to respond to, a collection of information unless it displays a currently valid OMB control number.

K. National Environmental Policy Act

This rule does not constitute a major Federal action significantly affecting the quality of the human environment. A detailed statement under the National Environmental Policy Act of 1969 (NEPA) is not required because the rule is covered by a categorical exclusion. This rule is excluded from the requirement to prepare a detailed statement because it is a regulation of an administrative nature. For further information see 43 CFR 46.210(i). We have also determined that the rule does not involve any of the extraordinary circumstances listed in 43 CFR 46.215 that would require further analysis under NEPA.

L. Effects on the Energy Supply (E.O. 13211)

This rule is not a significant energy action under the definition in Executive Order 13211. A Statement of Energy Effects is not required.

M. Administrative Procedure Act

The Act requires agencies to publish annual inflation adjustments by no later than January 15, of each year, notwithstanding section 553 of the Administrative Procedure Act (APA) (5 U.S.C. 553). OMB has interpreted this direction to mean that the usual APA public procedure for rulemaking—which includes public notice of a proposed rule, an opportunity for public comment, and a delay in the effective

date of a final rule—is not required when agencies issue regulations to implement the annual adjustments to civil penalties that the Act requires. Accordingly, we are issuing the annual adjustments as a final rule without prior notice or an opportunity for comment and with an effective date immediately upon publication in the **Federal Register**.

Section 553(b) of the APA provides that, when an agency for good cause finds that “notice and public procedure . . . are impracticable, unnecessary, or contrary to the public interest,” the agency may issue a rule without providing notice and an opportunity for prior public comment. Under section 553(b), the Bureau finds that there is good cause to promulgate this rule without first providing for public comment. It would not be possible to meet the deadlines imposed by the Act if we were to first publish a proposed rule, allow the public sufficient time to submit comments, analyze the comments, and publish a final rule. Also, the Bureau is promulgating this final rule to implement the statutory directive in the Act, which requires agencies to publish a final rule and to update the civil penalty amounts by applying a specified formula. The Bureau has no discretion to vary the amount of the adjustment to reflect any views or suggestions provided by commenters. Accordingly, it would serve no purpose to provide an opportunity for public comment on this rule prior to promulgation. Thus, providing for notice and public comment is impracticable and unnecessary.
