

available via the World Wide Web at: <http://www.er.doe.gov/production/grants/grants.html>. DOE is under no obligation to pay for any costs associated with the preparation or submission of applications if an award is not made.

The Project Description must be 25 pages or less, exclusive of attachments. *Applications with Project Descriptions longer than 25 pages will be returned to applicants and will not be reviewed.* The application must contain an abstract or project summary, letters of intent from collaborators, and short curriculum vitae consistent with NIH guidelines.

Adherence to type size and line spacing requirements is necessary for several reasons. No applicants should have the advantage, or by using small type, of providing more text in their applications. Small type may also make it difficult for reviewers to read the application. Applications must have 1-inch margins at the top, bottom, and on each side. Type sizes must be 10 point or larger. Line spacing is at the discretion of the applicant but there must be no more than 6 lines per vertical inch of text. Pages should be standard 8 1/2" x 11" (or metric A4, i.e., 210 mm x 297 mm).

Applicants are expected to use the following ordered format to prepare applications in addition to following instructions in the Application Guide for the Office of Science Financial Assistance Program. Applications must be written in English, with all budgets in U.S. dollars.

- Face Page (DOE F 4650.2 (10-91)).
- Project Abstract (no more than one page).
- Budgets for each year and a summary budget page for the entire project period (using DOE F 4620.1).
- Budget Explanation.
- Budgets and Budget explanation for each collaborative subproject, if any.
- Project Description (The Project Description must be 25 pages or less, exclusive of attachments. *Applications with Project Descriptions longer than 25 pages will be returned to applicants and will not be reviewed.*)
 - Goals.
 - Background.
 - Research Plan.
 - Preliminary Studies and progress (if applicable).
 - Research Design and Methodologies.
 - Literature Cited.
 - Collaborative Arrangements (if applicable).
 - Biographical Sketches (limit 2 pages per senior investigator).
 - Description of Facilities and Resources.

- Current and Pending Support for each senior investigator.
