ENVIRONMENTAL PROTECTION AGENCY

[FRL-9258-1]

Science Advisory Board Staff Office; Notification of a Public Teleconference of the Science Advisory Board Lead Review Panel

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The EPA Science Advisory Board (SAB) Staff Office announces a public teleconference of the SAB Lead Review Panel to discuss its draft advisory report concerning two EPA documents entitled *Approach for Developing Lead Dust Hazard Standards for Residences* (November 2010 Draft) and *Approach for Developing Lead Dust Hazard Standards for Public and Commercial Buildings* (November 2010 Draft).

DATES: The SAB Lead Review Panel will conduct a public teleconference on February 22, 2011. The teleconference will begin at 1 p.m. and end at 5 p.m. (Eastern Time).

ADDRESSES: The teleconference will be conducted by telephone only.

FOR FURTHER INFORMATION CONTACT: Any member of the public wishing to obtain general information concerning the public teleconference may contact Mr. Aaron Yeow, Designated Federal Officer (DFO), via telephone at (202) 564-2050 or e-mail at yeow.aaron@epa.gov. General information concerning the EPA Science Advisory Board can be found on the EPA Web site at <http://www.epa.gov/sab>.

SUPPLEMENTARY INFORMATION: Pursuant to the Federal Advisory Committee Act, 5 U.S.C., App. 2 (FACA), notice is

hereby given that the SAB Lead Review Panel will hold a public teleconference to discuss its draft advisory report concerning two EPA documents entitled *Approach for Developing Lead Dust Hazard Standards for Residences* (November 2010 Draft) and *Approach for Developing Lead Dust Hazard Standards for Public and Commercial Buildings* (November 2010 Draft). The SAB was established pursuant to 42 U.S.C. 4365 to provide independent scientific and technical advice to the Administrator on the technical basis for Agency positions and regulations. The SAB is a Federal Advisory Committee chartered under FACA. The SAB will comply with the provisions of FACA and all appropriate SAB Staff Office procedural policies.

Background: Human exposure to lead may cause a variety of adverse health effects, particularly in children. EPA's Office of Pollution Prevention and Toxics (OPPT) regulates toxic substances, such as lead, through the Toxic Substances Control Act (TSCA). In 2001, EPA established standards for lead-based paint hazards, which include lead in residential dust. OPPT is considering possible revision of the residential lead-based paint dust hazard standards and the development of lead-based paint dust hazard standards for public and commercial buildings. As part of this effort, OPPT has developed two draft documents, *Approach for Developing Lead Dust Hazard Standards for Residences* (November 2010 Draft) and *Approach for Developing Lead Dust Hazard Standards for Public and Commercial Buildings* (November 2010 Draft). OPPT sought consultative advice from the SAB Lead Review Panel on early drafts of the documents on July 6-7, 2010 [Federal Register Notice dated June 3, 2010 (75 FR 31433-31434)]. EPA has considered the advice provided by individual members of the SAB Lead Review Panel in developing the two documents and sought SAB peer review on December 6-7, 2010 [see Federal Register Notice dated November 10, 2010 (75 FR 69069)]. Materials from the December 6-7, 2010 meeting are posted on the SAB Web site at <http://yosemite.epa.gov/sab/SABPRODUCT.NSF/MeetingCal/D64DDC861587DB14852577910051BAD1?OpenDocument>.

The purpose of the upcoming teleconference is for the SAB Lead Review Panel to discuss its draft advisory report. The Panel's draft advisory report will be submitted to the chartered SAB for consideration and approval. A meeting agenda and the draft SAB review report will be posted

at the above noted SAB Web site prior to the meeting.

Availability of Meeting Materials: Agendas and materials in support of the teleconference will be placed on the SAB Web site at <http://www.epa.gov/sab> in advance of the teleconference. For technical questions and information concerning EPA's draft document, please contact Dr. Jennifer Seed at (202) 564-7634, or seed.jennifer@epa.gov.

Procedures for Providing Public Input: Public comment for consideration by EPA's federal advisory committees and panels has a different purpose from public comment provided to EPA program offices. Therefore, the process for submitting comments to a federal advisory committee is different from the process used to submit comments to an EPA program office.

Federal advisory committees and panels, including scientific advisory committees, provide independent advice to EPA. Members of the public can submit comments for a federal advisory committee to consider as it develops advice for EPA. They should send their comments directly to the Designated Federal Officer for the relevant advisory committee. **Oral Statements:** In general, individuals or groups requesting an oral presentation at a public teleconference will be limited to three minutes per speaker, with no more than a total of 30 minutes for all speakers. Each person making an oral statement should consider providing written comments as well as their oral statement so that the points presented orally can be expanded upon in writing. Interested parties should contact Mr. Aaron Yeow, DFO, in writing (preferably via e-mail) at the contact information noted above by February 15, 2011 to be placed on the list of public speakers. **Written Statements:** Written statements should be supplied to the DFO via email at the contact information noted above by February 15, 2011 so that the information may be made available to the Panel members for their consideration. Written statements should be supplied in one of the following electronic formats: Adobe Acrobat PDF, MS Word, MS PowerPoint, or Rich Text files in IBM-PC/Windows 98/2000/XP format. Submitters are requested to provide versions of signed documents, submitted with and without signatures, because the SAB Staff Office does not publish documents with signatures on its Web sites.

Accessibility: For information on access or services for individuals with disabilities, please contact Mr. Aaron Yeow at (202) 564-2050 or

yeow.aaron@epa.gov. To request accommodation of a disability, please contact Mr. Yeow preferably at least ten days prior to the teleconference to give EPA as much time as possible to process your request.

Dated: January 20, 2011.

Anthony Maciorowski,
Deputy Director, EPA Science Advisory Staff
Office.

ENVIRONMENTAL PROTECTION AGENCY

[FRL-9258-2]

Science Advisory Board Staff Office; Notification of a Public Meeting of the Clean Air Scientific Advisory Committee (CASAC) Ozone Review Panel

AGENCY: Environmental Protection
Agency (EPA).

ACTION: Notice.

SUMMARY: The Environmental Protection Agency (EPA or Agency) Science Advisory Board (SAB) Staff Office announces two public teleconferences of the Clean Air Scientific Advisory Committee (CASAC) Ozone Review Panel for the Reconsideration of the 2008 National Ambient Air Quality Standard (NAAQS).

DATES: The CASAC teleconferences will be held on Friday, February 18, 2011 from 1 p.m. to 5 p.m. (Eastern Time) and on Thursday, March 3, 2011 from 10 a.m. to 1 p.m. (Eastern Time).

ADDRESSES: The teleconferences will take place by phone only.

FOR FURTHER INFORMATION CONTACT: Any member of the public who wants further information concerning the teleconferences may contact Dr. Holly Stallworth, Designated Federal Officer (DFO), EPA Science Advisory Board (1400R), U.S. Environmental Protection Agency, 1300 Pennsylvania Avenue, NW., Washington, DC 20004; via telephone/voice mail (202) 546-2073; fax (202) 565-2098; or e-mail at stallworth.holly@epa.gov. General information concerning the CASAC may be found on the EPA Web site at <http://www.epa.gov/casac>.

SUPPLEMENTARY INFORMATION:

Background: Pursuant to the Federal Advisory Committee Act (FACA), Public Law 92-463 5 U.S.C., App. 2, notice is hereby given that the CASAC Ozone Review Panel will hold two public teleconferences to provide additional advice on the strengths and limitations of the scientific evidence and technical

information for EPA's reconsideration of the 2008 Ozone NAAQS. The Clean Air Scientific Advisory Committee (CASAC) was established under section 109(d)(2) of the Clean Air Act (CAA or Act) (42 U.S.C. 7409) as an independent scientific advisory committee. CASAC provides advice, information and recommendations on the scientific and technical aspects of air quality criteria and national ambient air quality standards (NAAQS) under sections 108 and 109 of the Act. The CASAC Panel will comply with the provisions of FACA and all appropriate SAB Staff Office procedural policies.

Section 109(d)(1) of the CAA requires that the Agency periodically review and revise, as appropriate, the air quality criteria and the NAAQS for the six "criteria" air pollutants, including Ozone. From 2005 to 2008, the CASAC Ozone Review Panel conducted scientific reviews of EPA's scientific assessments of the health and welfare effects of Ozone and other Photochemical Oxidants. On April 7, 2008 letter, the Panel provided comments on EPA's Final Rule for the National Ambient Air Quality Standards (NAAQS) for Ozone (73 FR 16436). The April 7, 2008 letter (EPA-CASAC-08-009) is one of several CASAC advisory reports provided to EPA to support the 2005-2008 Ozone review). The CASAC reports are available on the CASAC Web site at <http://yosemite.epa.gov/sab/sabproduct.nsf/WebReportsbyTopicCASAC!OpenView>.

On September 16, 2009, EPA Administrator Lisa Jackson announced her decision to reconsider the March 12, 2008 primary and secondary Ozone NAAQS to ensure they are scientifically sound and protective of public health and the environment. Pursuant to this decision, EPA proposed on January 6, 2009 to set different primary and secondary standards than those set in 2008 to provide requisite protection of public health and welfare, respectively (75 FR 2938-3052; January 19, 2010). Since the proposed standards are based on the scientific record from the 2008 rulemaking, including public comments and CASAC advice, EPA's Office of Air and Radiation requested the Ozone Review Panel that conducted the 2005-2008 review to provide comments on EPA's 2010 proposed Ozone standards. Accordingly, the SAB Staff Office reconvened the Ozone Review Panel to provide advice on the proposed reconsideration of the 2008 Ozone NAAQS. As discussed in 75 FR 1381-1382, this Panel (renamed "Ozone Review Panel for the Reconsideration of the 2008 NAAQS") held a public teleconference on January 25, 2010. A

letter dated February 28, 2010 (EPA-CASAC 10-007), posted at [http://yosemite.epa.gov/sab/sabproduct.nsf/610BB57CFAC8A41C852576CF007076BD/\\$File/EPA-CASAC-10-007-unsigned.pdf](http://yosemite.epa.gov/sab/sabproduct.nsf/610BB57CFAC8A41C852576CF007076BD/$File/EPA-CASAC-10-007-unsigned.pdf), was transmitted to the EPA Administrator providing comment on EPA's proposed reconsideration of the 2008 Ozone standards. The purpose of the February 18, 2011 and March 3, 2011 teleconferences is for this Panel to respond to additional charge questions from EPA regarding reconsideration of the 2008 Ozone NAAQS.

Technical Contacts: Any technical questions concerning EPA's charge questions may be directed to Susan Stone at stone.susan@epa.gov or (919) 541-1146.

Availability of Meeting Materials: The agenda, charge questions and any other meeting materials may be found posted at <http://www.epa.gov/casac> through the calendar link on the blue navigation bar.

Procedures for Providing Public Input: Public comment for consideration by EPA's federal advisory committees and panels has a different purpose from public comment provided to EPA program offices. Therefore, the process for submitting comments to a federal advisory committee is different from the process used to submit comments to an EPA program office. Federal advisory committees and panels, including scientific advisory committees, provide independent advice to EPA. Members of the public can submit comments for a Federal advisory committee to consider as it develops advice for EPA. They should send their comments directly to the Designated Federal Officer for the relevant advisory committee. **Oral Statements:** To be placed on the public speaker list for the February 18, 2011 teleconference, interested parties should notify Dr. Stallworth, DFO, by e-mail no later than February 11, 2011. To be placed on the public speaker list for the March 3, 2011 teleconference, interested parties should notify Dr. Stallworth no later than February 24, 2011.

Individuals making oral statements will be limited to five minutes per speaker. **Written Statements:** Written statements for the meeting should be received in the SAB Staff Office by February 7, 2011 so that the information may be made available to the Panel for its consideration prior to this meeting. Written statements should be supplied to the DFO via e-mail (acceptable file format: Adobe Acrobat PDF, MS Word, WordPerfect, MS PowerPoint, or Rich Text files in IBM-PC/Windows 98/2000/XP format).

Accessibility: For information on access or services for individuals with disabilities, please contact Dr.
