II. Background

The NRC issues RISs to communicate with stakeholders on a broad range of regulatory matters. This may include communicating staff technical positions on matters that have not been communicated to or are not broadly understood by the nuclear industry.

The NRC staff has developed draft RIS 2014-XX, "Oversight of Counterfeit, Fraudulent, and Suspect Items in the Nuclear Industry," to heighten awareness of the existing NRC regulations and how they apply to the nuclear stakeholders' oversight of CFSI. The NRC assessment is that the regulatory provisions identified and discussed in the draft RIS: (i) Provide sufficient authority for the NRC to take regulatory action addressing CFSI issues within the scope of the NRC's regulatory authority and jurisdiction; and (ii) are sufficiently clear and comprehensive to alert regulated entities with respect to their responsibilities and obligations with respect to CFSI as established under those NRC regulatory provisions. The NRC requests comments on the NRC's assessment. If commenters disagree with the NRC's assessment, then the NRC requests that commenters identify the specific matter or area in which the NRC's regulatory infrastructure is deficient or incomplete, and how the NRC could address or rectify the deficiency or incompleteness. Comments identifying needed changes would be most helpful if they describe the entities involved, the specific matter, situation or deficiency in the NRC's infrastructure, and a description of the proposed activity or regulatory prohibition needed to successfully address the matter, situation or deficiency.

The RIS, if issued in final form, may be used by all NRC's licensees and certificate holders, Agreement State radiation control program directors, state liaison officers, contractors and vendors. The draft RIS explains that these entities may review this

information and consider actions, as appropriate, to prevent CFSI from entering their supply chains, prevent possible installation or use of CFSI at their facilities, and raise awareness of the potential for CFSI to be used in the manufacture of items, including sealed sources and devices. The draft RIS is available electronically in ADAMS under Accession No. ML14192B407.

Public Meeting

The NRC plans to hold a public meeting to discuss the draft RIS and the issues associated with CFSI. The NRC will consider oral comments made in developing the final RIS, but the NRC will not prepare formal written comment responses to oral comments made at the public meeting. You may submit written comments either electronically or in writing, as described in the **ADDRESSES** section of this document. Additional details regarding the meeting will be posted at least 10 days prior to the public meeting on the NRC's Public Meeting Schedule Web site at <http://www.nrc.gov/public-involve/public-meetings/index.cfm>.

Dated at Rockville, Maryland, this 25th day of September 2014.

For the Nuclear Regulatory Commission.

Sheldon D. Stuchell,

Chief, Generic Communications Branch, Division of Policy and Rulemaking, Office of Nuclear Reactor Regulation.

Proposed Collection; Comment Request

Upon Written Request, Copies Available From: U.S. Securities and Exchange Commission, Office of FOIA Services, 100 F St NE., Washington, DC 20549-2736.

Extension: Rule 15c1-6.

SEC File No. 270-423, OMB Control No.3235-0472

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 ("PRA") (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission ("Commission") is soliciting comments on the existing collection of information provided for in Rule 15c1-6 (17 CFR 240.15c1-6) under the Securities Exchange Act of 1934 (15 U.S.C. 78a *et seq.*) ("Exchange Act"). The Commission plans to submit this existing collection of information to the Office of Management and Budget ("OMB") for extension and approval.

Rule 15c1-6 states that any broker-dealer trying to sell to or buy from a customer a security in a primary or secondary distribution in which the broker-dealer is participating or is otherwise financially interested must give the customer written notification of the broker-dealer's participation or interest at or before completion of the transaction. The Commission estimates that 446 respondents collect information annually under Rule 15c1-6 and that each respondent would spend approximately 10 hours annually complying with the collection of information requirement (approximately 4,460 hours in aggregate).

Written comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's estimates of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information under the PRA unless it displays a currently valid OMB control number.

SECURITIES AND EXCHANGE COMMISSION

Proposed Collection; Comment Request

Upon Written Request, Copies Available From: Securities and Exchange Commission, Office of FOIA Services, 100 F Street NE., Washington, DC 20549-2736.

Extension: Rule 15c2-1,

SEC File No. 270-418, OMB Control No. 3235-0485.

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 ("PRA") (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission ("Commission") is soliciting comments on the existing collection of information provided for in Rule 15c2-1, (17 CFR 240.15c2-1), under the Securities Exchange Act of 1934 (15 U.S.C. 78a *et seq.*). The Commission plans to submit this existing collection of information to the Office of Management and Budget ("OMB") for extension and approval.

Rule 15c2-1 prohibits the commingling under the same lien of securities of margin customers (a) with other customers without their written consent, and (b) with the broker-dealer. The rule also prohibits the re-hypothecation of customers' margin securities for a sum in excess of the customer's aggregate indebtedness. Pursuant to Rule 15c2-1, respondents must collect information necessary to prevent the re-hypothecation of customer securities in contravention of the rule, issue and retain copies of notices of hypothecation of customer securities in accordance with the rule, and collect written consents from customers in accordance with the rule. The information is necessary to ensure compliance with the rule, and to advise customers of the rule's protections.

There are approximately 61 respondents (*i.e.*, broker-dealers that conducted business with the public, filed Part II or Part IICSE of the FOCUS Report, did not claim an exemption from the Rule 15c3-3 reserve formula computation, and reported that they had a bank loan during at least one quarter of the current year) that require an aggregate total of 1,373 hours to comply with the rule. Each of these approximately 61 registered broker-dealers makes an estimated 45 annual responses. Each response takes approximately 0.5 hours to complete. Thus, the total compliance burden per year is 1,373 burden hours.

Written comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's estimates of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or

other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information under the PRA unless it displays a currently valid OMB control number.

Please direct your written comments to: Thomas Bayer, Director/Chief Information Officer, Securities and Exchange Commission, c/o Remi Pavlik-Simon, 100 F Street NE., Washington, DC 20549, or send an email to: PRA_Mailbox@sec.gov.
