Williston Basin Interstate Pipeline Company; Notice of Request Under Blanket Authorization

February 2, 2005.

Take notice that on January 26, 2005, Williston Basin Interstate Pipeline Company (Williston Basin), filed in Docket No. CP05-56-000, an application pursuant to §§ 157.205 and 157.211 (a) (2) of the Commission's Regulations under the Natural Gas Act (NGA) as amended, and pursuant to Williston Basin's blanket certificate authorization granted in Docket No. CP82-487-000, *et al.*, for the construction and operation of a new delivery point in Yellowstone County, Montana to serve ConocoPhillips Company (ConocoPhillips), all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Williston Basin explains that ConocoPhillips has requested the proposed delivery point to accommodate firm and interruptible transportation deliveries for use at its oil refinery in Yellowstone County, Montana, since existing facilities providing natural gas service to its plant are not adequate to serve future needs.

Williston Basin states that the estimated cost to construct the proposed delivery point facilities is approximately \$108,500. Any questions regarding the application should be directed to Keith A. Tiggelaar, Director of Regulatory Affairs, Williston Basin Interstate Pipeline Company, 1250 West Century Avenue, Bismarck, North Dakota 58503, (701) 530-1560 (e-mail keith.tiggelaar@wbip.com).
