Sandy Urban Fish Pond/Park Project

Notice of a Finding of No Significant Impact

During Fiscal Year 2007, Congress appropriated funds through a Congressional Earmark to NRCS to provide technical and financial assistance to Sandy City Parks and Recreation for the Sandy Urban Fish Pond/Park Project. An Environmental Assessment (EA) was prepared in order to make a reasoned and informed decision in selecting which alternative to implement and also to determine if the proposed action is a major federal action that would significantly affect the quality of the human environment. The purpose for constructing an urban fish pond and park is to provide an additional recreational as well as an educational element to Sandy City. The Notice of a Finding of No Significant Impact (FONSI) has been forwarded to the Environmental Protection Agency and to various Federal, State and local agencies and interested parties. A limited number of copies of the FONSI and the EA are available to fill single copy requests at the above address. Basic data developed during the environmental assessment are on file and may be reviewed by contacting Ron Davidson. No administrative action on implementation of the proposal will be taken until 30 days after the date of this publication in the **Federal Register**.

Dated: October 4, 2007.

M. Ron Davidson,

Acting State Conservationist, Natural Resources Conservation Service, Utah.
