

DEPARTMENT OF TRANSPORTATION**Federal Railroad Administration****[Docket Number FRA–2014–0084]****Notice of Application for Approval of Discontinuance or Modification of a Railroad Signal System**

In accordance with Part 235 of Title 49 Code of Federal Regulations (CFR) and 49 U.S.C. 20502(a), this document provides the public notice that by a document dated August 12, 2014, Norfolk Southern Corporation (NS) has petitioned the Federal Railroad Administration (FRA) seeking approval for the discontinuance or modification of a signal system. FRA assigned the petition Docket Number FRA–2014–0084.

Applicants: Norfolk Southern Corporation, Mr. Brian L. Sykes, Chief Engineer C&S Engineering, 1200 Peachtree Street NE., Atlanta, GA 30309.

NS seeks approval of the proposed retirement of Control Point (CP) 145 and the discontinuance of the traffic control system (TCS) on the Miami Outbound Track, Milepost (MP) CJ 144.7 to MP CJ 145.2; Miami Inbound Track, MP QZ 0.0 to MP QZ 0.85; Alton Outbound Track, MP CJ 145.2 to MP CJ 146.2; and the Alton Inbound Track, MP CJ 145.81 to MP CJ 146.2; and on the Buckeye Yard Branch and Dayton District of the NS Lake Division, North Alton, OH.

The reason given for the proposed changes is that Buckeye Yard is no longer used as a classification yard and the existing operating rules and CP are no longer required for railroad operations. All tracks listed above will be designated “yard limits” under NS Operating Rule 137. Switch 1 at CP 145 will be converted to a hand-thrown switch and all signals will be removed.

A copy of the petition, as well as any written communications concerning the petition, is available for review online at www.regulations.gov and in person at the U.S. Department of Transportation’s (DOT) Docket Operations Facility, 1200 New Jersey Avenue SE., W12–140, Washington, DC 20590. The Docket Operations Facility is open from 9 a.m. to 5 p.m., Monday through Friday, except Federal Holidays.

Interested parties are invited to participate in these proceedings by submitting written views, data, or comments. FRA does not anticipate scheduling a public hearing in connection with these proceedings since the facts do not appear to warrant a hearing. If any interested party desires an opportunity for oral comment, they should notify FRA, in writing, before

DEPARTMENT OF TRANSPORTATION**Federal Railroad Administration****[Docket Number FRA–2012–0068]****Petition for Waiver of Compliance**

In accordance with Part 211 of Title 49 Code of Federal Regulations, this document provides the public notice that by a letter dated June 30, 2014, Housatonic Railroad Company, Inc. (HRRC) has petitioned the Federal Railroad Administration (FRA) for an extension of its waiver of compliance from certain provisions of the Federal hours of service laws contained at 49 U.S.C. 21103(a)(4). FRA assigned the petition Docket Number FRA–2012–0068.

In its petition, HRRC seeks relief from 49 U.S.C. 21103(a)(4), which in part requires a train employee to receive 48 hours off-duty after initiating an on-duty period of 6 consecutive days. Specifically, HRRC seeks a waiver to allow a train employee to initiate an on-duty period, each day, for 6 consecutive days, followed by 24 hours off duty. In support of its request, HRRC explained that all employees covered by the waiver have regular work schedules, do not layover at away-from-home locations, and work well below the Federal 276-hour monthly limit. HRRC also explained that the waiver has not had a negative impact on safety since being approved 2 years ago.
