### **Approval and Promulgation of Implementation Plans; Louisiana; Control of Emissions of Volatile Organic Compounds From Industrial Wastewater Facilities**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Proposed rule.

**SUMMARY:** We, the EPA, are proposing to take direct final action to approve revisions to the Louisiana State Implementation Plan (SIP). The revisions incorporate regulations to control Volatile Organic Compound (VOC) emissions from industrial wastewater facilities by means of Reasonable Available Control Technology (RACT).

**DATES:** Written comments must be received by July 22, 2002.

**ADDRESSES:** Written comments should be addressed to Mr. Thomas H. Diggs, Chief, Air Planning Section (6PDL), at the EPA Region 6 Office listed below. Copies of documents relevant to this action are available for public inspection during normal business hours at the following locations. Anyone wanting to examine these documents should make an appointment with the appropriate office at least 24 hours in advance.

**SUPPLEMENTARY INFORMATION:** In the “Rules and Regulations” section of this **Federal Register**, we are approving the State’s request as a direct final rule without prior proposal because we view this as a noncontroversial revision and anticipate no adverse comment. We have explained our reasons for this approval in the preamble to the direct final rule. If we receive no relevant adverse comment, we will not take further action on this proposed rule. If we receive relevant adverse comment, we will withdraw the direct final rule and it will not take effect. We will address all public comments in a

subsequent final rule based on this proposed rule. We will not institute a second comment period on this action. Any parties interested in commenting must do so at this time.

For further information, please see the information provided in the direct final action that is located in the “Rules and Regulations” section of this **Federal Register** publication.

### **National Oil and Hazardous Substances Pollution Contingency Plan; National Priorities List**

**AGENCY:** Environmental Protection Agency.

**ACTION:** Notice of intent for partial deletion of the Facility Area portion of the A.O. Polymer Site from the National Priorities List.

**SUMMARY:** The Environmental Protection Agency (EPA) Region II announces its intent to delete the Facility Area portion of the A.O. Polymer Site (Site) located in Sussex County, New Jersey, from the National Priorities List (NPL) and requests public comment on this action. The NPL constitutes Appendix B to the National Oil and Hazardous Substances Pollution Contingency Plan (NCP), 40 CFR Part 300, which EPA promulgated pursuant to Section 105 of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA). EPA and the State of New Jersey (State), through the Department of Environmental Protection, have determined that all appropriate response actions relating to the Facility Area portion of the Site have been implemented. This partial deletion pertains only to the Facility Area portion of the Site and does not include the other portions of the Site.

The purpose of the proposed deletion of the Facility Area is to remove remediated and potentially useful property from the NPL, thereby making the land available for beneficial reuse.

EPA compiled Facility Area EPA documents, such as soil sample results and locations, maps, Pollution Reports, and other relevant deletion
