2006 Biennial Review of Telecommunications Regulations

AGENCY: Federal Communications Commission.

ACTION: Notice of regulatory review.

SUMMARY: The Federal Communications Commission is conducting its comprehensive 2006 biennial review of telecommunications regulations pursuant to Section 11 of the Communications Act of 1934, as amended. Section 11 requires the Commission to review biennially its regulations "that apply to the operations or activities of any provider of telecommunications service," and to "determine whether any such regulation is no longer necessary in the public interest as the result of meaningful economic competition between the providers of such service." The Commission is directed to repeal or modify any such regulations that it finds are no longer in the public interest.

DATES: Submit comments by September 1, 2006 and reply comments by September 15, 2006.

ADDRESSES: Comments may be filed using the Commission's Electronic Comment Filing System ("ECFS") or by filing paper copies. Comments filed through ECFS may be sent as an electronic file via the Internet to <http://www.fcc.gov/cgb/ecfs/>. For detailed instructions for submitting comments, see the **SUPPLEMENTARY INFORMATION** section of this document.

FOR FURTHER INFORMATION CONTACT:

Michael Jacobs, Consumer and Governmental Affairs Bureau, 202-418-2859, Michael Carowitz, Enforcement Bureau, 202-418-0026, Narda Jones, International Bureau, 202-418-2489, Bruce Romano, Office of Engineering and Technology, 202-418-2124, Peter Corea, Wireless Telecommunications Bureau, 202-418-7931, Carrie-Lee Early, Wireline Competition Bureau, 202-418-2776.

SUPPLEMENTARY INFORMATION: This is a summary of the Commission's Public Notice, CG Docket No. 06-152, EB Docket No. 06-153, IB Docket No. 06-154, ET Docket No. 06-155, WT Docket No. 06-156, WC Docket No. 06-157; FCC 06-115, adopted August 3, 2006 and released August 10, 2006. The full

text of this document, including the parts of the Commission's rules under review, is available for public inspection and copying during regular business hours at the FCC Reference Information Center, Portals II, 445 12th Street, SW., Room Y-A257, Washington, DC 20554. They may also be purchased from the Commission's duplicating contractor, Best Copy and Printing, Inc., 445 12th Street, SW., Room CY-B402, Washington, DC 20554, telephone 202-488-5300 or 800-378-3160, facsimile 202-488-5563, or via e-mail at fcc@bcpweb.com. To request materials in accessible formats for people with disabilities (Braille, large print, electronic files, audio format), send an e-mail to fcc504@fcc.gov or call the Consumer & Governmental Affairs Bureau at 202-418-0530 (voice), 202-418-0432 (TTY).

The Commission is in the process of conducting its comprehensive 2006 biennial review of telecommunications regulations pursuant to Section 11 of the Communications Act of 1934, as amended. This section requires the Commission (1) To review biennially its regulations "that apply to the operations or activities of any provider of telecommunications service," and (2) to "determine whether any such regulation is no longer necessary in the public interest as the result of meaningful economic competition between the providers of such service." The Commission is directed to repeal or modify any such regulations that it finds are no longer in the public interest.

Pursuant to § 1.430 of the Commission's rules, we seek suggestions from the public as to what rules should be modified or repealed as part of the 2006 biennial review. Submissions should identify with as much specificity as possible the rule or rules that should be modified or repealed, and explain why and how the rule or rules should be modified or repealed. Parties should discuss how their suggested rule changes satisfy the standard of Section 11 as interpreted by the DC Circuit Court in *Cellco Partnership*. As with previous biennial reviews, we expect that FCC staff will prepare reports recommending which sections of the rules should be modified or repealed.

In order to facilitate review of all comments, the cover page should (1) Denote that the comments pertain to the Biennial Review 2006, (2) indicate the Bureau or Office with jurisdiction over the rules addressed in the comments, and (3) include the appropriate docket number for that Bureau or Office. Parties wishing to comment on rules within the jurisdiction of more than one Bureau or

Office should file a separate pleading with each applicable Bureau or Office.

Comments may be filed using the Commission's Electronic Comment Filing System ("ECFS") or by filing paper copies. See Electronic Filing of Documents in Rulemaking Proceedings, 63 FR 24121 (1998). Comments filed through the ECFS may be sent as an electronic file via the Internet to <http://www.fcc.gov/cgb/ecfs/>. Generally, only one copy of an electronic submission must be filed. In completing the transmittal screen, commenters should include their full name, U.S. Postal Service mailing address, and the applicable docket or rulemaking number.

Parties may also submit an electronic comment by Internet e-mail. To obtain filing instructions for e-mail comments, commenters should send an e-mail to ecfs@fcc.gov, and should include the following words in the body of the message, "get form." A sample form and directions will be sent in reply. Parties who choose to file by paper must file an original and four copies of each filing. If more than one docket or rulemaking number appears in the caption of this proceeding, commenters must submit two additional copies for each additional docket or rulemaking number.

Filings can be sent by hand or messenger delivery, by commercial overnight courier, or by first-class or overnight U.S. Postal Service mail (although we continue to experience delays in receiving U.S. Postal Service mail). The Commission's contractor, Natek, Inc., will receive hand-delivered or messenger-delivered paper filings for the Commission's Secretary at 236 Massachusetts Avenue, NE., Suite 110, Washington, DC 20002.

Comments in this proceeding will be available for public inspection and copying during regular business hours at the FCC Reference Information Center, Portals II, 445 12th Street, SW., Room Y-A257, Washington, DC 20554. They may also be purchased from the Commission's duplicating contractor, Best Copy and Printing, Inc., 445 12th Street, SW., Room CY-B402, Washington, DC 20554, telephone 202-488-5300 or 800-378-3160, facsimile 202-488-5563, or via e-mail at fcc@bcpiweb.com. To request materials in accessible formats for people with disabilities (Braille, large print, electronic files, audio format), send an e-mail to fcc504@fcc.gov or call the Consumer & Governmental Affairs Bureau at 202-418-0530 (voice), 202-418-0432 (TTY).

This is an exempt proceeding pursuant to § 1.1204(b) of the

Commission's rules. *Ex parte* presentations are permitted.

Federal Communications Commission.

Marlene H. Dortch,

Secretary.

FEDERAL COMMUNICATIONS COMMISSION

47 CFR Part 90

[WT Docket No. 06-142; FCC 06-107]

Private Land Mobile Services; Stolen Vehicle Recovery Systems

AGENCY: Federal Communications Commission.

ACTION: Proposed rule.

SUMMARY: This document addresses a petition for rulemaking filed by LoJack Corporation (LoJack) on October 25, 2004. We initiate this rulemaking proceeding to seek comment on potential rule changes that could enhance Stolen Vehicle Recovery Systems (SVRS) operations. Specifically, we seek comment on proposed rules to permit increased mobile output power, the use of digital emissions, and to relax the limitations on duty cycles. We also seek comment on authorizing mobile transceivers by rule and the merits of broadening the scope to permit the use of frequency 173.075 MHz for operations other than SVRS. The purpose of this document is to develop a record in the rulemaking proceeding that will be utilized to determine what, if any, rule changes would serve the public interest.

DATES: Submit comments on or before September 22, 2006 and reply comments are due October 10, 2006.

ADDRESSES: You may submit comments, identified by WT Docket No. 06-142; FCC 06-107, by any of the following methods:

- Federal eRulemaking Portal: <http://www.regulations.gov>. Follow the instructions for submitting comments.

- Federal Communications Commission's Web site: <http://www.fcc.gov/cgb/ecfs/>. Follow the instructions for submitting comments.

- People with Disabilities: Contact the FCC to request reasonable accommodations (accessible format documents, sign language interpreters, CART, etc.) by e-mail: FCC504@fcc.gov or phone 202-418-0530 or TTY: 202-418-0432.

For detailed instructions for submitting comments and additional information on the rulemaking process,

see the **SUPPLEMENTARY INFORMATION** section of this document.

FOR FURTHER INFORMATION CONTACT:

Rodney Conway,

Rodney.Conway@FCC.gov, Public Safety and Critical Infrastructure Division, Wireless Telecommunications Bureau, (202) 418-2904, TTY (202) 418-7233.

SUPPLEMENTARY INFORMATION: This is a summary of the Federal Communications Commission's *Notice of Proposed Rulemaking* (NPRM), WT Docket No. 06-142, FCC 06-107, adopted July 19, 2006, and released July 24, 2006. The full text of this document is available for inspection and copying during normal business hours in the FCC Reference Center, 445 12th Street, SW., Room CY-A257, Washington, DC 20554. The complete text may be purchased from the Commission's duplicating contractor, Best Copy and Printing, Inc., Portals II, 445 12th Street, Suite CY-B402, Washington, DC 20554. Alternative formats are available for people with disabilities (Braille, large print, electronic files, audio format), by sending an e-mail to FCC504@fcc.gov or calling the Consumer and Government Affairs Bureau at (202) 418-0530 (voice), (202) 418-0432 (TTY).

1. LoJack seeks amendment of section 90.20(e)(6) of the rules in order to modify the technical requirements of SVRS operations and broaden the scope of services offered on frequency 173.075 MHz. LoJack submits that many of its requested rule changes are necessary due to the transition of the SVRS frequency (173.075 MHz) from wideband to narrowband operations.

2. *Maximum Base Station ERP and VLU Output Power.* LoJack is seeking increases in the permissible base station ERP from 300 watts to 500 watts, and output power for mobile transceivers from 2.5 watts to 5 watts. It indicates that the increases are needed because the required reduction in the bandwidth of the 173.075 MHz frequency will reduce the range of both the base station and the mobile transceiver (*i.e.*, VLU).

3. Accordingly, we request comments that offer definitive technical justification for the requested increase in base station ERP. Such technical justification must show the degree, if any, that narrowband operation would degrade the performance of LoJack's system and the calculations underlying the degradation assessment. In addition, commenting parties supporting an increase in base station power will need to explain how such an increase would not unreasonably increase the potential for the base stations to interfere with television Channel 7 analog and digital reception. However, given the lower
