A copy of the ICR is available through the docket on the internet at <https://www.regulations.gov>. Additionally, copies are available from: COMMANDANT (CG-6P), ATTN: PAPERWORK REDUCTION ACT MANAGER, U.S. COAST GUARD, 2703 MARTIN LUTHER KING JR. AVE SE, STOP 7710, WASHINGTON, DC 20593-7710.

FOR FURTHER INFORMATION CONTACT: A.L. Craig, Office of Privacy Management, telephone 202-475-3528, or fax 202-372-8405, for questions on these documents.

SUPPLEMENTARY INFORMATION:

Public Participation and Request for Comments

This notice relies on the authority of the Paperwork Reduction Act of 1995; 44 U.S.C. 3501 *et seq.*, chapter 35, as amended. An ICR is an application to OIRA seeking the approval, extension, or renewal of a Coast Guard collection of information (Collection). The ICR contains information describing the Collection's purpose, the Collection's likely burden on the affected public, an explanation of the necessity of the Collection, and other important information describing the Collection. There is one ICR for each Collection.

The Coast Guard invites comments on whether this ICR should be granted based on the Collection being necessary for the proper performance of Departmental functions. In particular, the Coast Guard would appreciate comments addressing: (1) The practical utility of the Collection; (2) the accuracy of the estimated burden of the Collection; (3) ways to enhance the quality, utility, and clarity of information subject to the Collection; and (4) ways to minimize the burden of the Collection on respondents, including the use of automated collection techniques or other forms of information technology.

In response to your comments, we may revise this ICR or decide not to seek an extension of approval for the Collection. We will consider all comments and material received during the comment period.

We encourage you to respond to this request by submitting comments and related materials. Comments must contain the OMB Control Number of the ICR and the docket number of this request, [USCG-2022-0041], and must be received by March 28, 2022.

Information Collection Request
Title: Bridge Permit Application Guide.
OMB Control Number: 1625-0015.
Summary: The collection of information is a request for a bridge permit submitted as an application for approval by the Coast Guard of any proposed bridge project. An applicant must submit to the Coast Guard a letter of application along with letter-size drawings (plans) and maps showing the proposed project and its location.
Need: 33 U.S.C. 401, 491, and 525 authorize the Coast Guard to approve plans and locations for all bridges and causeways that go over navigable waters of the United States.
Forms: None.
Respondents: Public and private owners of bridges over navigable waters of the United States.
Frequency: On occasion.
Hour Burden Estimate: The estimated burden for the period FY18-FY20 is 10,306 hours, which averages to 3,435 hours per year. The previous submission for this request (FY15-FY17) included permit pre-application coordination between the Bridge Program and the applicant that is required as an application is prepared for submission. Recognition of this work more accurately captured the work of the Bridge Program and significantly increased the total burden hours. Unfortunately the Coast Guard was unable to continue to support the antiquated database that was used to capture this data and a new database solution is not expected to be fully operational until 2022, therefore reliable data for the full data period is unavailable. This submission does not

include pre-application work and will therefore show a drastic decrease in burden hours from 17,607 to 3,435 due to this omission.

Authority: The Paperwork Reduction Act of 1995; 44 U.S.C. chapter 35, as amended.

Dated: January 19, 2022.

Kathleen Claffie,

Chief, Office of Privacy Management, U.S. Coast Guard.
