U.S.C. 552a (Privacy Act), the Office of
Federal Housing Enterprise Oversight
(OFHEO) is issuing public notice of its
intent to revise one existing system of
records and delete one existing system
of records. The systems are being
revised or deleted as a result of
reevaluation of the manner in which

incorporate administrative changes that
have taken place since the last

The revised system of records will
consist of information on employees
and contractors in order to issue
temporary identification cards; provide
biographical information to the media
and other groups which request
information on OFHEO staff as speakers
or panel participants; and provide a
resource to allow management to
identify employees and contractors by
their photograph, status and
organizational office.

Abstract: The Fish and Wildlife Service National Conservation Training Center in Shepherdstown, West Virginia, provides natural resource and other professional training for Service employees, employees of other Federal agencies, and other affiliations, including State agencies, private individuals, not-for-profit organizations, and university personnel. FWS Form 3-2193 (Training Application) is a quick and easy method for prospective non-Department of the Interior students to request training. We encourage applicants to use FWS Form 3-2193 and to submit their requests electronically. However, we do not require applicants to complete both a training form required by their agency and FWS Form 3-2193. NCTC will accept any single training request as long as each submission identifies the name, address, and phone number of the applicant, sponsoring agency, class name, start date, and all required financial payment information.

NCTC uses data from the form to generate class rosters, class transcripts, and statistics, and as a budgeting tool
