**DATES:** The Record of Decision on the proposed action will be issued on or after July 1, 2008. Any comments on the FEIS must arrive by June 30, 2008.

**ADDRESSES:** You may mail or hand carry written comments to Mr. Stanley Speaks, Northwest Regional Director, Bureau of Indian Affairs, Northwest Region, 911 NE. 11th Avenue, Portland, Oregon 97232. To obtain copies of the FEIS, please provide your name and address in writing or by voicemail to Dr. B.J. Howerton, Environmental Protection Specialist, at the BIA address above or at the telephone number provided below.

**FOR FURTHER INFORMATION CONTACT:** B.J. Howerton, (503) 231-6749.

**SUPPLEMENTARY INFORMATION:** The Tribe has requested that the BIA take 151.87 acres into trust on behalf of the Tribe, on which the Tribe proposes to develop a casino-resort complex, parking facilities, recreational vehicle park, tribal headquarters, tribal elder housing, tribal cultural center, and wastewater treatment plant. The project site encompasses eight contiguous tax lots in Clark County, Washington, near the cities of La Center and Ridgefield. Regional access to the project site is provided via Interstate 5 at the NW. 319th Street Interchange. NW. 319th Street would provide primary access to the casino-resort complex and tribal government facilities. The street, however, would be realigned to a more southerly location within the proposed project site to allow development of the casino and hotel facilities north of NW. 319th Street without encroachment into wetlands and wetland buffer areas.

Project alternatives considered in the FEIS include: (1) Preferred casino-resort complex; (2) preferred casino-resort

complex without re-routing NW. 319th Street; (3) reduced intensity complex; (4) business park; (5) casino-resort complex at the Ridgefield Interchange Site; and (6) no action. The alternatives are intended to assist the review of the issues presented, but the Preferred Alternative does not necessarily reflect what the final decision will be, because a complete evaluation of the criteria listed in 25 CFR Part 151 may lead to a final decision that selects an alternative other than the Preferred Alternative, including no action, or that selects a variant of the Preferred Alternative or another of the alternatives analyzed in the FEIS.

Environmental issues addressed in the FEIS include geology and soils, water resources, air quality, biological resources, cultural and paleontological resources, socioeconomic conditions (including environmental justice), transportation and circulation, land use, public services, noise, hazardous materials, aesthetics, cumulative effects, indirect effects and mitigation measures.

The BIA has afforded other government agencies and the public extensive opportunity to participate in the preparation of this EIS. The BIA published a notice of intent to prepare the EIS for the proposed action in the **Federal Register** on November 12, 2004 (69 FR 43431). The BIA held a public scoping meeting on December 1, 2004, in the City of Vancouver. A Notice of Availability for the Draft EIS was published in the **Federal Register** on April 14, 2006 (71 FR 10055). The Draft EIS was available for public comment from April 14 to July 14, 2006. In response to public requests, the comment period was re-opened from August 4 to August 25, 2006, for a total public comment period of 145 days. The BIA held two public hearings on the Draft EIS, one on June 14, 2006, and one on June 15, 2006, in the City of Vancouver.
