

provision, regardless of whether it has been modified, altered, or repaired in the area subject to the requirements of this AD. For airplanes that have been modified, altered, or repaired so that the performance of the requirements of this AD is affected, the owner/operator must request approval for an alternative method of compliance in accordance with paragraph (e) of this AD. The request should include an assessment of the effect of the modification, alteration, or repair on the unsafe condition addressed by this AD; and, if the unsafe condition has not been eliminated, the request should include specific proposed actions to address it.

Compliance: Required as indicated, unless accomplished previously.

To prevent the potentiometers that provide information on the positions of the primary flight controls to the flight data recorder (FDR) from transmitting noisy signals or becoming improperly calibrated, resulting in the transmission of incomplete or inaccurate data to the FDR, accomplish the following:

Replacement of Potentiometers

(a) Within 6 months after the effective date of this AD: Replace potentiometers to the ailerons, elevators, and rudder with potentiometers that have a date of manufacture within 12 months preceding the date of installation, in accordance with Section 31-30-05 of the EMBRAER EMB-120 Maintenance Manual, dated July 17, 1998.

Note 2: All potentiometers manufactured by Penny & Giles after January 1999 are date stamped.

Modification of Flexible Coupler

(b) After accomplishment of paragraph (a) of this AD but prior to further flight: Apply locktite adhesive over the threads of the screws of the flexible couplers that attach the shafts of the potentiometers to the shafts of the primary flight controls, in accordance with EMBRAER Service Bulletin 120-31-0038, Change 02, dated June 25, 1998.

Calibration Tests and Readouts

(c) After accomplishment of paragraphs (a) and (b) of this AD but prior to further flight: Perform calibration tests of the potentiometers to the ailerons, elevators, and rudder and obtain a readout of the FDR, in accordance with Section 31-30-00 of the EMBRAER EMB-120 Maintenance Manual, dated July 17, 1998. Repeat the calibration tests and obtain readouts at intervals not to exceed 6 months until 2 years after the effective date of this AD.

Reporting Requirement

(d) At the applicable time specified in paragraph (d)(1) or (d)(2) of this AD: Submit a report of the calibration tests of the potentiometers and the readouts of the FDR to the Manager, Atlanta Aircraft Certification Office (ACO), FAA, One Crown Center, 1895 Phoenix Boulevard, suite 450, Atlanta, Georgia 30349; fax (770) 703-6097. Information collection requirements contained in this regulation have been approved by the Office of Management and Budget (OMB) under the provisions of the Paperwork Reduction Act of 1980 (44 U.S.C. 3501 *et seq.*) and have been assigned OMB Control Number 2120-0056.

(1) For calibration tests and readouts accomplished after the effective date of this AD: Submit the report within 30 days after performing the tests required by paragraph (c) of this AD.

(2) For calibration tests and readouts accomplished prior to the effective date of this AD: Submit the report within 10 days after the effective date of this AD.

Alternative Methods of Compliance

(e) An alternative method of compliance or adjustment of the compliance time that provides an acceptable level of safety may be used if approved by the Manager, Atlanta ACO. Operators shall submit their requests through an appropriate FAA Principal Maintenance Inspector, who may add comments and then send it to the Manager, Atlanta ACO.

Note 3: Information concerning the existence of approved alternative methods of compliance with this AD, if any, may be obtained from the Atlanta ACO.

Special Flight Permits

(f) Special flight permits may be issued in accordance with sections 21.197 and 21.199 of the Federal Aviation Regulations (14 CFR 21.197 and 21.199) to operate the airplane to a location where the requirements of this AD can be accomplished.

Note 4: The subject of this AD is addressed in Brazilian airworthiness directive 97-08-01, dated August 29, 1997.

Issued in Renton, Washington, on April 20, 2001.

Donald L. Riggins,

Acting Manager, Transport Airplane Directorate, Aircraft Certification Service.

DEPARTMENT OF THE TREASURY

Internal Revenue Service

26 CFR Part 1

[REG-106702-00]

RIN 1545-AX94

Determination of Basis of Partner's Interest; Special Rules; Hearing Cancellation

AGENCY: Internal Revenue Service (IRS), Treasury.

ACTION: Cancellation of notice of public hearing on proposed rulemaking.

SUMMARY: This document provides notice of cancellation of a public hearing on proposed regulations relating to special rules on determination of basis of partner's interest under section 705 of the Internal Revenue Code.

DATES: The public hearing originally scheduled for Thursday, May 3, 2001 at 10 a.m., is cancelled.

FOR FURTHER INFORMATION CONTACT:

Sonya M. Cruse of the Regulations Unit, (202) 622-7180 (not a toll-free number).

SUPPLEMENTARY INFORMATION: A notice of proposed rulemaking and/or notice or public hearing that appeared in the **Federal Register** on January 3, 2001, 66 FR 315, announced that a public hearing was scheduled for May 3, 2001 at 10:00 a.m., in Room 6718, 1111 Constitution Avenue, NW., Washington, DC. The subject of the public hearing is proposed regulations under section(s) 705 of the Internal Revenue Code. The public comment period of these proposed regulations expired on April 12, 2001.

The notice of proposed rulemaking and/or notice of public hearing, instructed those interested in testifying at the public hearing to submit a request to speak and an outline of the topics to be addressed. As of April 19, 2001, no one has requested to speak. Therefore, the public hearing scheduled for May 3, 2001, is cancelled.

LaNita Van Dyke,

Acting Chief, Regulations Unit, Office of Special Counsel (Modernization & Strategic Planning).

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 62

[Docket # R1040-7167b; FRL-6970-9]

Approval and Promulgation of State Plans for Designated Facilities and Pollutants: Rhode Island; Plan for Controlling Emissions From Existing Hospital/Medical/Infectious Waste Incinerators

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The Environmental Protection Agency (EPA) proposes to approve the Sections 111(d)/129 State Plan submitted by the Rhode Island Department of Environmental Management (DEM) on August 23, 2000. This State Plan is for carrying out and enforcing provisions that are at least as protective as the Emissions Guidelines (EG) applicable to certain existing Hospital/Medical/Infectious Waste Incinerator (HMIWI) units in accordance with sections 111 and 129 of the Clean Air Act.

The Rhode Island DEM submitted the Plan to satisfy certain Federal Clean Air Act requirements. In the Final Rules Section of the **Federal Register**, EPA is
