#### Survey of Industrial Research and Development

The Survey of Industrial Research and Development measures spending on research and development activities in private U.S. businesses. The Census Bureau collects and compiles this information in accordance with a joint project agreement between the National Science Foundation (NSF) and the Census Bureau. The NSF publishes the results in its publication series. All data items are collected on a mandatory basis

under the authority of the sections of Title 13, U.S.C., mentioned above.

Notwithstanding any other provision of law, no person is required to respond to, nor shall a person be subject to a penalty for failure to comply with, a collection of information subject to the requirements of the Paperwork Reduction Act (PRA) unless that collection of information displays a current, valid Office of Management and Budget (OMB) control number. In accordance with the PRA, 44 U.S.C., Chapter 35, the OMB approved the 2007 Annual Surveys under the following OMB control numbers: Current Industrial Reports—0607–0392, 0607–0395, and 0607–0476; and Survey of Industrial Research and Development—0607–0912.

Based upon the foregoing, I have directed that the Annual Surveys in the Manufacturing Area be conducted for the purpose of collecting these data.

#### Service Annual Survey for 2007

**AGENCY:** Bureau of the Census,  
Commerce.

**ACTION:** Notice of Determination.

**SUMMARY:** In accordance with Title 13, United States Code (U.S.C.), sections 182, 224, and 225, the Bureau of the Census (Census Bureau) has determined that limited financial data (revenue, expenses, and the like) for selected service industries are needed to provide a sound statistical basis for the formation of policy by various governmental agencies. These data also apply to a variety of public and business needs. To obtain the desired data, the Census Bureau announces the administration of the 2007 Service Annual Survey (SAS).

**ADDRESSES:** The Census Bureau will furnish report forms to respondents included in the survey, and additional copies are available upon written request to the Director, Census Bureau, Washington, DC 20233–0101.

**FOR FURTHER INFORMATION CONTACT:** Ron Farrar, Chief, Health Care and Consumer Services Branch, Service Sector Statistics Division, at (301) 763–6782.

**SUPPLEMENTARY INFORMATION:** The Census Bureau conducts surveys necessary to furnish current data on subjects covered by the major censuses authorized by Title 13, U.S.C. The SAS provides continuing and timely national statistical data each year. Data collected in this survey are within the general scope, type, and character of those inquiries covered in the Economic Census. For 2007, the economic census year, the SAS will, as it has in the past, operate as a separate sample of selected service industries.

The Census Bureau needs reports only from a limited sample of service sector firms in the United States. The SAS now covers all or some of the following nine sectors: Transportation and Warehousing; Information; Finance and Insurance; Real Estate and Rental and Leasing; Professional, Scientific, and Technical Services; Administrative and Support and Waste Management and Remediation Services; Health Care and Social Assistance; Arts, Entertainment, and Recreation; and Other Services. The probability of a firm's selection is based on its revenue size (estimated from payroll); that is, firms with a larger payroll will have a greater probability of being selected than those with smaller ones. We are mailing report forms to the firms covered by this survey and require their submission within 30 days after receipt. These data are not publicly available from non-government or other government sources. Based upon the foregoing, the Census Bureau is conducting the 2007 SAS for the purpose of collecting these data.

Notwithstanding any other provision of law, no person is required to respond to, nor shall a person be subject to a penalty for failure to comply with, a collection of information subject to the requirements of the Paperwork Reduction Act (PRA) unless that collection of information displays a current valid Office of Management and Budget (OMB) control number. In accordance with the PRA, Title 44 U.S.C., Chapter 35, the OMB approved the SAS under OMB Control Number 0607–0422.

Dated: November 26, 2007.
