(Southern) and Elba Express Company, L.L.C., and Tennessee Gas Pipeline Company, L.L.C., filed petitions to waive section 157.23 of the Commission's regulations² as it applies to the South System Expansion 4 Project (SSE4 Project) and the Mississippi Crossing Project (MSX Project), respectively. The SSE4 project would be located in Mississippi, Alabama, and Georgia and consist of 14 new natural gas pipeline loops totaling approximately 291 miles, primarily along Southern's existing South Main Line; additional compression at 14 existing compressor stations; three new meter stations; modifications to nine existing meter stations; and other appurtenant facilities. The MSX Project would be located in Mississippi and Alabama and consist of approximately 208 miles of new pipeline; three new compressor stations and modifications at one existing compressor station; four new meter stations; three overpressure protection facilities; and other appurtenant facilities.

Any person desiring to intervene or to protest these filings must do so in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure.³ Any person may comment on the petitions. Protests and comments will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants or commenters parties to the proceeding. Protests must comply with the requirements specified in section 385.2001⁴ of the Commission's regulations. A protest may also serve as a motion to intervene so long as the protestor states it also seeks to be an intervenor. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed on or before the comment date. Anyone filing a motion to intervene or protest must serve a copy of that document on the Petitioners.

Comments, protests, and interventions in that proceeding are due August 5, 2025.
