

SUPPLEMENTARY INFORMATION: The proposed action evaluated in the Environmental Assessment (EA) includes construction of a multi-use trail facility following the Metro red line from Fort Totten to Takoma and the Metro green line from Fort Totten to the District border.

This EA analyzed the potential impacts resulting from constructing and operating the MBT on sections of land owned by the NPS within the area north of Fort Totten (Reservation 451 West), the area east of Fort Totten (Reservation 451 East), the Community Gardens (Reservation 497), and Tacoma Park (Reservation 531). Following the public comment period, DDOT identified Alternatives A1, B1, C1 and/or C2 as the Preferred Alternatives.

The FHWA has determined that the Preferred Alternative and options will not have a significant impact on the natural, human or built environment as defined by CEQ. This Finding of No Significant Impact (FONSI) is based on the findings of the proposed project's Final EA, and comments submitted during preparation of the EA. The Final EA has been evaluated by the FHWA, using CEQ regulations and FHWA and NPS guidelines, and determined to adequately discuss the need, environmental issues, and impacts of the proposed project and appropriate mitigation measures. It provides sufficient evidence and analysis for determining that an environmental impact statement is not required.

Reports, Forms and Recordkeeping Requirements; Agency Information Collection Activity Under OMB Review

AGENCY: Maritime Administration, DOT.

ACTION: Notice and request for comments.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), this notice announces that the Information Collection abstracted below has been forwarded to the Office of Management and Budget (OMB) for review and approval. The nature of the information collection is described as well as its expected burden. The Federal Register Notice with a 60-day comment period soliciting comments on the following collection of information was published on June 20, 2011. No comments were received.

DATES: Comments must be submitted on or before October 27, 2011.

Anne Wehde, Maritime Administration, 1200 New Jersey Ave., SE., Washington, DC 20590. Telephone: 202-366-5469, or e-mail: anne.wehde@dot.gov. Copies of this collection also can be obtained from that office.

SUPPLEMENTARY INFORMATION: Maritime Administration (MARAD).

Title: MARAD Maritime Operator Survey Concerning Mariner Availability.

OMB Control Number: 2133-0537.

Type of Request: Extension of a currently approved collection.

Affected Public: Vessel operating companies representing different sectors of the U.S. maritime industry.

Form(s): MA-1048.

Abstract: Part of the stated statutory policy of the Merchant Marine Act, 1936, is to foster the development and maintenance of an adequate U.S.-flag merchant marine manned with trained and efficient citizen personnel. In order to successfully meet this mandate, MARAD must determine whether a current or projected shortage of mariners exists and if there is an operational or business impact on the merchant marine. MARAD believes that a brief preliminary survey is necessary at this time because it has received an abundance of anecdotal information indicating that there is a serious existing and projected mariner shortage in different market sectors. If the preliminary survey indicates that there is a projected shortage that appears to be more than short-term, MARAD will follow-up with a more detailed survey to analyze the shortage and ascertain the best means to address it.

Annual Estimated Burden Hours: 33.

Addressee: Send comments regarding these information collections to the Office of Information and Regulatory Affairs, Office of Management and

Budget, 725 Seventeenth Street, NW., Washington DC, 20503, Attention: MARAD Desk Officer. Alternatively, comments may be sent via e-mail to the Office of Information and Regulatory Affairs (OIRA), Office of Management and Budget, at the following address: oira.submissions@omb.eop.gov.

Comments Are Invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed information collection; (c) ways to enhance the quality, utility and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology. A comment to OMB is best assured of having its full effect if OMB receives it within 30 days of publication.

By Order of the Maritime Administrator.

Dated: September 22, 2011.

Julie P. Agarwal,

Secretary, Maritime Administration.
