

necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110(b).

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multiyear award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to www.ed.gov/fund/grant/apply/appforms/appforms.html.

(c) Under 34 CFR 75.250(b), the Secretary may provide a grantee with additional funding for data collection analysis and reporting. In this case the Secretary establishes a data collection period.

4. *Performance Measures:* For the purpose of Department reporting under 34 CFR 75.110, we have established the following performance measures for the NAL@ED program:

(a) The number and percentage of students who attain proficiency in a Native language as determined by each grantee through pre- and post-assessments of Native language proficiency;

(b) The number and percentage of participating students who make progress in learning a Native language, as determined by each grantee, through pre- and post-assessments of Native language proficiency;

(c) The number and percentage of participating students who show an improvement in academic outcomes, as measured by academic assessments or other indicators; and

(d) The difference between the average daily attendance of participating students and the average daily attendance of all students in the comparison group (e.g., school, LEA, Tribe, or other).

These measures constitute the Department's indicators of success for this program. Consequently, we advise an applicant for a grant under this program to carefully consider these measures in conceptualizing the approach to, and evaluation for, its proposed project. Each grantee will be required to provide, in its annual performance and final reports, data about its progress in meeting these measures.

5. *Continuation Awards:* In making a continuation award under 34 CFR 75.253, the Secretary considers, among other things: Whether a grantee has made substantial progress in achieving the goals and objectives of the project; whether the grantee has expended funds in a manner that is consistent with its approved application and budget; and, if the Secretary has established performance measurement requirements, whether the grantee has made substantial progress in achieving the performance targets in the grantee's approved application.

In making a continuation award, the Secretary also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

VII. Other Information

Accessible Format: On request to the program contact person listed under **FOR FURTHER INFORMATION CONTACT**, individuals with disabilities can obtain this document and a copy of the application package in an accessible format. The Department will provide the requestor with an accessible format that may include Rich Text Format (RTF) or text format (txt), a thumb drive, an MP3 file, braille, large print, audiotope, or compact disc, or other accessible format.

Electronic Access to This Document: The official version of this document is the document published in the **Federal Register**. You may access the official edition of the **Federal Register** and the Code of Federal Regulations at www.govinfo.gov. At this site you can view this document, as well as all other documents of this Department published in the **Federal Register**, in text or Portable Document Format (PDF). To use PDF you must have Adobe Acrobat Reader, which is available free at the site.

You may also access documents of the Department published in the **Federal Register** by using the article search feature at www.federalregister.gov. Specifically, through the advanced search feature at this site, you can limit your search to documents published by the Department.

Ruth E. Ryder,

Deputy Assistant Secretary for Policy and Programs Office of Elementary and Secondary Education.

BILLING CODE 4000-01-P

DEPARTMENT OF ENERGY

Agency Information Collection Extension

AGENCY: Office of Energy Efficiency and Renewable Energy, Department of Energy.

ACTION: Notice and request for comments.

SUMMARY: The Department of Energy (DOE), pursuant to the Paperwork Reduction Act of 1995, intends to extend for three years, an information collection request with the Office of Management and Budget (OMB).

DATES: Comments regarding this proposed information collection must be received on or before August 2, 2022. If you anticipate difficulty in submitting comments within that period, contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section as soon as possible.

ADDRESSES: Written comments may be sent to Maria Vargas, EE-5A/Forrestal Building, 1000 Independence Avenue SW, Washington, DC 20585, by fax at (202) 586-8177, or by email at maria.vargas@ee.doe.gov.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instrument and instructions should be directed to Maria Vargas, EE-5A/Forrestal Building, 1000 Independence Avenue SW, Washington, DC 20585, by fax at (202) 586-8177, or by email at maria.vargas@ee.doe.gov or by telephone (202) 586-7899.

SUPPLEMENTARY INFORMATION: Comments are invited on: (a) Whether the extended collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

This information collection request contains:

(1) OMB No.: 1910-5141;

(2) *Information Collection Request Title:* Department of Energy Better Buildings Initiative Voluntary Pledge Program;

(3) *Type of Review*: Extension with Revision of a Currently Approved Collection;

(4) *Purpose*: This Information Collection Request applies to four Department of Energy (DOE) voluntary leadership initiatives that fall under DOE's Better Buildings Initiative: (1) The Better Buildings Challenge; (2) the Better Buildings, Better Plants Program (Better Plants); (3) the Better Buildings Alliance; and (4) the Better Climate Challenge. Five new information collection instruments are proposed so that Better Climate Challenge partners can share details about their projects and submit annual portfolio-wide emissions reductions data, and additionally so that the program may collect updates regarding partner's waste reduction progress. Other pre-existing collection forms are being amended for clarity and to reduce burden on respondents. Also, the total number of respondents and response time for individual program areas is being adjusted to align with practical experience and to account for changes to the program growth over time. For example, because many Better Buildings and Better Plants partners have joined the Better Climate Challenge, we anticipate a reduction in the amount time spent on Better Buildings and Better Plants documents as these organizations focus their efforts on the Better Climate Challenge.

The leadership initiatives in the Better Buildings Initiative covered under this Information Collection Request are intended to drive greater energy, water efficiency, and emissions reduction in the commercial, public, residential, data center, and industrial marketplace to reduce pollution, cut costs, and create jobs. This is accomplished by highlighting the ways participants overcome market barriers to greater efficiency and decarbonization with replicable solutions. The program showcases real solutions and partners with industry leaders to better understand policy and technical opportunities. There are three types of information to be collected from primary participants, also referred to as "Partners:" (1) Background data, including contact information, a partnership agreement form, logo(s), information needed to support public announcements, updates on participants' showcase projects, and an energy savings/emissions reductions goals; (2) Portfolio-wide energy performance information; and (3) Information on market innovations participants are including in their energy efficiency and decarbonization processes. Background data is primarily

used to develop website content that is publically available. Portfolio-wide facility-level energy performance and emissions reduction information is used by DOE to measure the participants' progress in meeting the goals of the program, as well as to aggregate the change in energy and decarbonization performance and related metrics for the entire program. Information on market innovation is used to highlight successful strategies participants use to overcome challenges, and is made publicly available. Additional background information is being collected from "Allies," which are financial organizations that make a public commitment to support energy efficiency and decarbonization. Background information including name, dollars committed to the market, and a company logo is also used to develop publically available website content. Responses to the DOE's Information Collection Request are voluntary.

(5) *Annual Estimated Number of Respondents*: 841.

(6) *Annual Estimated Number of Total Responses*: 841.

(7) *Annual Estimated Number of Burden Hours*: 1,854.25.

(8) *Annual Estimated Reporting and Recordkeeping Cost Burden*: \$84,869.

Statutory Authority: Section 421 of the Energy Independence and Security Act of 2007 (42 U.S.C. 17081); Section 911 of the Energy Policy Act of 2005, as amended (42 U.S.C. 16191).

Signing Authority

This document of the Department of Energy was signed on May 12, 2022, by Maria Vargas, Director of Better Buildings, Office of Energy Efficiency & Renewable Energy, pursuant to delegated authority from the Secretary of Energy. That document with the original signature and date is maintained by DOE. For administrative purposes only, and in compliance with requirements of the Office of the Federal Register, the undersigned DOE Federal Register Liaison Officer has been authorized to sign and submit the document in electronic format for publication, as an official document of the Department of Energy. This administrative process in no way alters the legal effect of this document upon publication in the **Federal Register**.

Signed in Washington, DC, on May 31, 2022.

Treana V. Garrett,

Federal Register Liaison Officer, U.S. Department of Energy.

BILLING CODE 6450-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

Combined Notice of Filings #1

Take notice that the Commission received the following Complaints and Compliance filings in EL Dockets:

Docket Numbers: EL22-60-000.

Applicants: Coalition of MISO Transmission Customers v. Midcontinent Independent System Operator, Inc.

Description: Complaint of Coalition of MISO Transmission Customers.

Filed Date: 5/26/22.

Accession Number: 20220526-5257.

Comment Date: 5 p.m. ET 6/15/22.

Take notice that the Commission received the following electric rate filings:

Docket Numbers: ER10-3050-009; ER10-3053-009.

Applicants: Whitewater Hill Wind Partners, LLC, Cabazon Wind Partners, LLC.

Description: Supplement to March 3, 2022 Notice of Non-Material Change in Status of Cabazon Wind Partners, LLC, et al.

Filed Date: 5/26/22.

Accession Number: 20220526-5192.

Comment Date: 5 p.m. ET 6/16/22.

Docket Numbers: ER20-2051-003.

Applicants: Niagara Mohawk Power Corporation, New York Independent System Operator, Inc.

Description: Compliance filing: New York Independent System Operator, Inc. submits tariff filing per 35: Niagara Mohawk Order No. 864 Compliance Filing in Response to March 31 Order to be effective 1/27/2020.

Filed Date: 5/27/22.

Accession Number: 20220527-5055.

Comment Date: 5 p.m. ET 6/17/22.

Docket Numbers: ER21-1223-002.

Applicants: Tucson Electric Power Company.

Description: Compliance filing: TEP Order 864 Compliance Filing to be effective 1/27/2020.

Filed Date: 5/27/22.

Accession Number: 20220527-5121.

Comment Date: 5 p.m. ET 6/17/22.

Docket Numbers: ER22-1955-001.

Applicants: Midcontinent Independent System Operator, Inc.

Description: Tariff Amendment: 2022-05-27 Errata to Att FF Upgrades related to Competitive Transmission Process to be effective 7/25/2022.

Filed Date: 5/27/22.

Accession Number: 20220527-5221.

Comment Date: 5 p.m. ET 6/17/22.

Docket Numbers: ER22-1966-000.
