DEPARTMENT OF JUSTICE

[OMB 1140–0015]

Agency Information Collection Activities; Proposed eCollection eComments Requested; Revision of a Previously Approved Collection: Application To Transfer and Register NFA Firearm (Tax-Exempt), ATF Form 5320.5 ("Form 5")

AGENCY: Bureau of Alcohol, Tobacco, Firearms and Explosives; Department of Justice.

ACTION: 60-Day notice.

SUMMARY: The Department of Justice (DOJ), Bureau of Alcohol, Tobacco, Firearms, and Explosives (ATF), will be submitting the following information collection request to the Office of Management and Budget (OMB) for renewal review and approval in accordance with the Paperwork Reduction Act of 1995.

DATES: Comments are encouraged and will be accepted for 60 days until October 6, 2025.

FOR FURTHER INFORMATION CONTACT: If you have additional comments, especially on the estimated public burden or associated response time, suggestions, or need a copy of the proposed information collection instrument with instructions or additional information, contact: Meghan Tisserand, Division Staff, National Firearms Act Division, either by mail at National Firearms Act Division; Division Staff Office; 244 Needy Road; Martinsburg, WV 25405, by email at Meghan.tisserand@atf.gov, or by telephone at 304–616–3219.

SUPPLEMENTARY INFORMATION: We encourage written comments and suggestions from the public and affected agencies concerning the proposed information collection. Your comments should address one or more of the following four points:

- Evaluate whether the proposed information collection is necessary to properly perform the identified functions of the Bureau, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the proposed information collection's burden, including the validity of the methodology and assumptions used;

- Evaluate whether, and if so how, the agency can enhance the quality, utility, and clarity of the information being collected; and
- Minimize the information collection's burden on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting responses to be submitted electronically.

Abstract: Persons who wish to apply for permission to transfer and register a National Firearms Act (NFA) firearm, and who qualify to do so under one of the statutory tax exemptions, must use ATF Form 5320.5, Application to Transfer and Register NFA Firearm (Tax-Exempt) ("Form 5"). ATF uses the information to determine legality of the firearm transfer under federal, state, and local law. Applicants also use the form to claim an exemption from paying the otherwise-required transfer tax as provided and provide the information necessary to support their claim. In addition, ATF uses Form 5 to effect a transfer resulting from operation of law, for example, a firearm in an estate being transferred to a beneficiary, or a firearm being transferred as a result of bankruptcy. Persons may also use Form 5 to facilitate temporarily conveying a firearm for repair, and its subsequent return.

Information Collection (IC) OMB 1140–0015 is being revised to include an increase in respondents from 10,591 three years ago to 17,322 in 2025, an increase of 6,731 respondents since the last renewal. In addition, the time burden has decreased from 30 to 12 minutes due to developments in technology allowing electronic forms, reducing the number of respondents who must provide fingerprints and reducing the number of copies, allowing electronic fingerprints on-site, reducing respondents who must provide photographs, allowing cell phone photographs, and allowing photocopied identification cards instead, all submitted electronically. In addition, the requirement to complete an extra copy of the form and submit it to local law enforcement is going away, and the fillable forms have made it possible to populate the second copy at the same time as the first copy, both of which reduce the time burden even more. As a result, there has been a corresponding decrease in the burden hours per respondent, from .5 hours to .2 hours each, resulting in a reduction in total annual burden hours from 5,350 to 3,464, a decrease of 1,866 hours.
