**BILLING CODE 4810-71-P**

**DEPARTMENT OF ENERGY****Privacy Act of 1974; System of Records**

**AGENCY:** U.S. Department of Energy.

**ACTION:** Notice of a modified system of records.

**SUMMARY:** As required by the Privacy Act of 1974 and the Office of Management and Budget (OMB) Circulars A-108 and A-130, the Department of Energy (DOE or the

Department) is publishing notice of a modification to an existing Privacy Act system of records. DOE proposes to amend System of Records DOE-18 Financial Accounting System. This System of Records Notice (SORN) is being modified to align with new formatting requirements, published by OMB, and to ensure appropriate Privacy Act coverage of business processes and Privacy Act information. While there are no substantive changes to the “Categories of Individuals” or “Categories of Records” sections covered by this SORN, substantive changes have been made to the “System Locations,” “Routine Uses,” and “Administrative, Technical and Physical Safeguards” sections to provide greater transparency. Changes to “Routine Uses” include new provisions related to responding to breaches of information held under a Privacy Act SORN as required by OMB’s Memorandum M-17-12, “Preparing for and Responding to a Breach of Personally Identifiable Information” (January 3, 2017). Language throughout the SORN has been updated to align with applicable Federal privacy laws, policies, procedures, and best practices.

**DATES:** This modified SORN will become applicable following the end of the public comment period on September 11, 2024 unless comments are received that result in a contrary determination.

**ADDRESSES:** Written comments should be sent to the DOE Desk Officer, Office of Information and Regulatory Affairs, Office of Management and Budget, New Executive Office Building, Room 10102, 735 17th Street NW, Washington, DC 20503, and to Ken Hunt, Chief Privacy Officer, U.S. Department of Energy, 1000 Independence Avenue SW, Rm. 8H-085, Washington, DC 20585, by facsimile at (202) 586-8151, or by email at [privacy@hq.doe.gov](mailto:privacy@hq.doe.gov).

**FOR FURTHER INFORMATION CONTACT:** Ken Hunt, Chief Privacy Officer, U.S. Department of Energy, 1000 Independence Avenue SW, Rm 8H-085, Washington, DC 20585, by facsimile at (202) 586-8151, by email at [privacy@hq.doe.gov](mailto:privacy@hq.doe.gov), or by telephone at (240) 686-9485.

**SUPPLEMENTARY INFORMATION:** On January 9, 2009, DOE published a Compilation of its Privacy Act systems of records, which included System of Records DOE-18 Financial Accounting System. This notice proposes amendments to the system locations section of that system of records by removing the following system locations where DOE-18 is no longer applicable: Golden Field Office, National Nuclear

Security Administration (NNSA) Service Center Albuquerque, Atlanta Regional Support Office, Office of Energy Efficiency and Renewable Energy, Idaho Operations Office, National Energy Technology Laboratory (Pittsburg), Naval Petroleum and Oil Shale Reserves, Naval Petroleum and Oil Reserves, Naval Petroleum Reserves in California, NNSA Nevada Site Office, Office of Scientific and Technical Information, Philadelphia Regional Support Office, and Seattle Regional Support Office. In the “Routine Uses” section, this modified notice deletes a previous routine use concerning efforts responding to a suspected or confirmed loss of confidentiality of information as it appears in DOE’s compilation of its Privacy Act systems of records (January 9, 2009) and replaces it with one to assist DOE with responding to a suspected or confirmed breach of its records of Personally Identifiable Information (PII), modeled with language from OMB’s Memorandum M-17-12, “Preparing for and Responding to a Breach of Personally Identifiable Information” (January 3, 2017). Further, this notice adds one new routine use to ensure that DOE may assist another agency or entity in responding to the other agency’s or entity’s confirmed or suspected breach of PII, as appropriate, as aligned with OMB’s Memorandum M-17-12. The “Categories of Records in the System” now includes the following: “office location, business phone, business cell phone, and business email address.” An administrative change required by the FOIA Improvement Act of 2016 extends the length of time a requestor is permitted to file an appeal under the Privacy Act from 30 to 90 days. Both the “System Locations” and “Administrative, Technical and Physical Safeguards” sections have been modified to reflect the Department’s usage of cloud-based services for records storage. Language throughout the SORN has been updated to align with applicable Federal privacy laws, policies, procedures, and best practices.

**SYSTEM NAME AND NUMBER:**

arising by general statute or particular program pursuant thereto.

2. A record from this system may be disclosed as a routine use to a Federal agency to facilitate the requesting agency's decision concerning the hiring or retention of an employee, the issuance, revocation, or denial of a security clearance or other classified access, the reporting of an investigation of an employee, the letting of a contract, or the issuance of a license, grant, or other benefit, to the extent that the information is relevant and necessary to the requesting agency's decision on the matter. The Department must deem such disclosure to be compatible with the purpose for which the Department collected the information.

3. A record from this system may be disclosed as a routine use for the purpose of an investigation, settlement of claims, or the preparation and conduct of litigation to (1) persons representing the Department in the investigation, settlement or litigation, and to individuals assisting in such representation; (2) others involved in the investigation, settlement, and litigation, and their representatives and individuals assisting those representatives; (3) witnesses, potential witnesses, or their representatives and assistants; and (4) any other persons who possess information pertaining to the matter when it is necessary to obtain information or testimony relevant to the matter.

Information from the match will be used to collect the debts by voluntary repayment, by administrative offset, or by salary offset procedures.

6. A record from this system may be disclosed as a routine use to the Internal Revenue Service (1) to collect the debt by offset against the debtor's tax refunds under the Federal Tax Refund Offset Program, and (2) to obtain the mailing address of a taxpayer to collect a debt owed to the DOE. Subsequent disclosure by DOE to a consumer reporting agency is limited to the purpose of obtaining a commercial credit report on the

particular taxpayer. The mailing address information will not be used for any other DOE purpose or disclosed by DOE to another Federal, State, or local agency which seeks to locate the same individual for its own debt collection purpose.

7. A record from this system may be disclosed as a routine use to the Department of Treasury for the purpose of administrative offset and debt recovery under section 31001 (m)(1) of the Debt Collection Improvement Act of 1996 (Pub. L. 104–134).

#### **ADMINISTRATIVE, TECHNICAL, AND PHYSICAL SAFEGUARDS:**

Electronic records may be secured and maintained on a cloud-based software server and operating system that resides in Federal Risk and Authorization Management Program (FedRAMP) and Federal Information Security Modernization Act (FISMA) hosting environment. Data located in the cloud-based server is firewalled and encrypted at rest and in transit. The security mechanisms for handling data at rest and in transit are in accordance with DOE encryption standards. Records are protected from unauthorized access through the following appropriate safeguards:

- *Administrative:* Access to all records is limited to lawful government purposes only, with access to electronic records based on role and either two-factor authentication or password protection. The system requires passwords to be complex and to be changed frequently. Users accessing system records undergo frequent training in Privacy Act and information security requirements. Security and privacy controls are reviewed on an ongoing basis.

- *Technical:* Computerized records systems are safeguarded on Departmental networks configured for

role-based access based on job responsibilities and organizational affiliation. Privacy and security controls are in place for this system and are updated in accordance with applicable requirements as determined by NIST and DOE directives and guidance.

- *Physical:* Computer servers on which electronic records are stored are located in secured Department facilities, which are protected by security guards, identification badges, and cameras. Paper copies of all records are locked in file cabinets, file rooms, or offices and are under the control of authorized personnel. Access to these facilities is granted only to authorized personnel and each person granted access to the system must be an individual authorized to use or administer the system.

#### **RECORD ACCESS PROCEDURES:**

The Department follows the procedures outlined in title 10 CFR 1008.4. Valid identification of the individual making the request is required before information will be processed, given, access granted, or a correction considered, to ensure that information is processed, given, corrected, or records disclosed or corrected only at the request of the proper person.

#### **CONTESTING RECORD PROCEDURES:**

Any individual may submit a request to the System Manager and request a copy of any records relating to them. In accordance with 10 CFR 1008.11, any individual may appeal the denial of a request made by him or her for information about or for access to or correction or amendment of records. An appeal shall be filed within 90 calendar days after receipt of the denial. When an appeal is filed by mail, the postmark is conclusive as to timeliness. The appeal shall be in writing and must be signed by the individual. The words “PRIVACY ACT APPEAL” should appear in capital letters on the envelope and the letter. Appeals relating to DOE records shall be directed to the Director, Office of Hearings and Appeals (OHA), 1000 Independence Avenue SW, Washington, DC 20585.

#### **NOTIFICATION PROCEDURES:**

In accordance with the DOE regulation implementing the Privacy Act, 10 CFR part 1008, a request by an individual to determine if a system of records contains information about themselves should be directed to the U.S. Department of Energy, Headquarters, Privacy Act Officer. The request should include the requester’s

complete name and the time period for which records are sought.

**EXEMPTIONS PROMULGATED FOR THE SYSTEM:**  
None.
