

ENVIRONMENTAL PROTECTION AGENCY**40 CFR Parts 72, 75, 78, and 97**

[FRL-7019-4]

RIN 2060-AJ43

Revisions to the Federal NO_x Budget Trading Program, the Emissions Monitoring Provisions, the Permits Regulation Provisions, and the Appeal Procedures; Extension of Comment Period**AGENCY:** Environmental Protection Agency (EPA).**ACTION:** Proposed rule; extension of comment period.

SUMMARY: The Environmental Protection Agency published a proposed rule in the **Federal Register** on June 13, 2001 at (66 FR 31978) on "Revisions to the Federal NO_x Budget Trading Program, the Emissions Monitoring Provisions, the Permits Regulation Provisions, and the Appeal Procedures" which provided a 45-day comment period, which expires on July 30, 2001. The EPA has received a request to extend the comment period for this proposed rule for 21 days. The EPA is today extending the comment period for the Revisions to the Federal NO_x Budget Trading Program, the Emissions Monitoring Provisions, the Permits Regulation Provisions, and the Appeal Procedures for 21 days until August 20, 2001.

DATES: Comments must be submitted by August 20, 2001.

ADDRESSES: Comments. Comments must be mailed (in duplicate if possible) to: EPA Air Docket (6102), Attention: Docket No. A-2000-33, Room-1500, Waterside Mall, 401 M Street, SW., Washington, DC 20460. Docket. Docket No. A-2000-33, containing supporting information used to develop the proposal, is available for public inspection and copying from 8:00 a.m. to 5:30 p.m., Monday through Friday, excluding legal holidays, at EPA's Air Docket Section at the above address.

FOR FURTHER INFORMATION CONTACT: Gabrielle Stevens, Clean Air Markets Division (6204N), U.S. Environmental Protection Agency, Ariel Rios Building, 1200 Pennsylvania Avenue, NW., Washington, DC 20460, telephone number (202) 564-2681 or the Acid Rain Hotline at (202) 564-9620. Electronic copies of the proposed rulemaking document and technical support documents can be accessed through the EPA Web site at: <http://www.epa.gov/airmarkets>.

Dated: July 23, 2001.

Brian J. McLean,*Director, Clean Air Markets Division/Office of Atmospheric Programs, Environmental Protection Agency.*

BILLING CODE 6560-50-P

FEDERAL EMERGENCY MANAGEMENT AGENCY**44 CFR Part 67**

[Docket No. FEMA-D-7510]

Proposed Flood Elevation Determinations**AGENCY:** Federal Emergency Management Agency, FEMA.**ACTION:** Proposed rule.

SUMMARY: Technical information or comments are requested on the proposed base (1% annual chance) flood elevations and proposed base flood elevation modifications for the communities listed below. The base flood elevations are the basis for the floodplain management measures that the community is required either to adopt or to show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

DATES: The comment period is ninety (90) days following the second publication of this proposed rule in a newspaper of local circulation in each community.

ADDRESSES: The proposed base flood elevations for each community are available for inspection at the office of the Chief Executive Officer of each community. The respective addresses are listed in the following table.

FOR FURTHER INFORMATION CONTACT: Matthew B. Miller, P.E., Chief, Hazards Study Branch, Hazard Mapping Division, Federal Emergency Management Agency, 500 C Street SW., Washington, DC 20472, (202) 646-3461, or (email) matt.miller@fema.gov.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency (FEMA or Agency) proposes to make determinations of base flood elevations and modified base flood elevations for each community listed below, in accordance with section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR 67.4(a).

These proposed base flood and modified base flood elevations, together with the floodplain management criteria required by 44 CFR 60.3, are the

minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own, or pursuant to policies established by other Federal, state or regional entities. These proposed elevations are used to meet the floodplain management requirements of the NFIP and are also used to calculate the appropriate flood insurance premium rates for new buildings built after these elevations are made final, and for the contents in these buildings.

National Environmental Policy Act

This proposed rule is categorically excluded from the requirements of 44 CFR part 10, Environmental Consideration. No environmental impact assessment has been prepared.

Regulatory Flexibility Act

The Acting Administrator, Federal Insurance and Mitigation Administration, certifies that this proposed rule is exempt from the requirements of the Regulatory Flexibility Act because proposed or modified base flood elevations are required by the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and are required to establish and maintain community eligibility in the NFIP. As a result, a regulatory flexibility analysis has not been prepared.

Regulatory Classification

This proposed rule is not a significant regulatory action under the criteria of section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

Executive Order 12612, Federalism

This proposed rule involves no policies that have federalism implications under Executive Order 12612, Federalism, dated October 26, 1987.

Executive Order 12778 Civil Justice Reform

This proposed rule meets the applicable standards of section 2(b)(2) of Executive Order 12778.

List of Subjects in 44 CFR Part 67

Administrative practice and procedure, Flood insurance, Reporting and recordkeeping requirements.

Accordingly, 44 CFR Part 67 is proposed to be amended as follows:
