OFFICE OF THE UNITED STATES TRADE REPRESENTATIVE

[Docket Number USTR–2023–0010]

Request for Comments on Significant Foreign Trade Barriers for the 2024 National Trade Estimate Report

AGENCY: Office of the United States Trade Representative.

ACTION: Notice and request for comments.

SUMMARY: The Office of the United States Trade Representative (USTR), through the Trade Policy Staff Committee (TPSC), publishes the National Trade Estimate Report on Foreign Trade Barriers (NTE Report) each year. USTR invites comments to assist it and the TPSC in identifying significant foreign barriers to, or distortions of, U.S. exports of goods and services, U.S. foreign direct investment, and U.S. electronic commerce for inclusion in the NTE Report. USTR also will consider responses to this notice as part of the annual review of the operation and effectiveness of all U.S. trade agreements regarding telecommunications products and services that are in force with respect to the United States.

DATES: October 23, 2023 at 11:59 p.m. ET: Deadline for submission of comments.

ADDRESSES: USTR strongly prefers electronic submissions made through the Federal eRulemaking Portal: <http://www.regulations.gov> (*Regulations.gov*). The instructions for submitting comments are in sections IV and V below. The docket number is USTR–2023–0010. For alternatives to online submissions, please contact Laura Buffo, Chair of the Trade Policy Staff Committee, at ForeignTradeBarriersReport@ustr.eop.gov or (202) 395–3475 in advance of the deadline.

FOR FURTHER INFORMATION CONTACT: Laura Buffo, Chair of the Trade Policy Staff Committee, at ForeignTradeBarriersReport@ustr.eop.gov or (202) 395–3475.

SUPPLEMENTARY INFORMATION:

I. Background

Section 181 of the Trade Act of 1974, as amended (19 U.S.C. 2241), requires USTR annually to publish the NTE Report, which sets out an inventory of significant foreign barriers to, or distortions of, U.S. exports of goods and services, including agricultural commodities and U.S. intellectual property; foreign direct investment by U.S. persons, especially if such investment has implications for trade in goods or services; and U.S. electronic commerce. The inventory facilitates U.S. negotiations aimed at reducing or eliminating these barriers and is a valuable tool in enforcing U.S. trade laws and agreements and strengthening the rules-based trading system. You can find the 2023 NTE Report on USTR's website at <https://ustr.gov/sites/default/files/2023-03/2023%20NTE%20Report.pdf>. To ensure compliance with the statutory mandate for the NTE Report and the Administration's commitment to focus on significant foreign trade barriers, USTR will take into account comments in response to this notice when deciding which significant barriers to include in the NTE Report.

II. Topics on Which the TPSC Seeks Information

To assist USTR in preparing the NTE Report, commenters should submit information related to one or more of the following categories of foreign trade barriers:

1. *Import policies.* Examples include tariffs and other import charges; quantitative restrictions; import licensing; customs barriers, pre-shipment inspection, and trade facilitation or customs valuation practices; and, other market access barriers.

2. *Technical barriers to trade.* Examples include unnecessarily trade restrictive or discriminatory standards, conformity assessment procedures, or technical regulations, including unnecessary or discriminatory technical regulations or standards for telecommunications products.

3. *Sanitary and phytosanitary measures.* Examples include measures relating to food safety, or animal and plant life or health that are unnecessarily trade restrictive, discriminatory, or not based on scientific evidence.

4. *Government procurement.* Examples include closed bidding and bidding processes that lack transparency.

5. *Intellectual property protection.* Examples include inadequate patent,

copyright, and trademark regimes; trade secret theft; and, inadequate enforcement of intellectual property rights.

6. *Services.* Examples include prohibitions or restrictions on foreign participation in the market, discriminatory licensing requirements or standards, local-presence requirements, and unreasonable restrictions on what services may be offered.

7. *Digital trade.* Examples include restrictions on the supply of internet-enabled services, and other restrictive technology requirements.

8. *Investment.* Examples include limitations on foreign equity participation and on access to foreign government-funded research and development programs, technology transfer requirements and export performance requirements, and restrictions on repatriation of earnings, capital, fees and royalties.

9. *Subsidies.* Examples include subsidies contingent upon export performance, and agricultural export subsidies that displace U.S. exports in third country markets.

10. *Competition.* Examples include government-tolerated anticompetitive conduct that restricts the sale or purchase of U.S. goods or services in the foreign country's markets.

11. *State-owned enterprises.* Examples include actions by state-owned enterprises (SOEs) and by governments with respect to SOEs involved in the manufacture or production of non-agricultural goods or in the supply of services that constitute significant barriers to, or distortions of, U.S. exports of goods and services, U.S. investments, or U.S. electronic commerce, which may negatively affect U.S. firms and workers. These actions include subsidies and non-commercial advantages provided to and from SOEs; and practices with respect to SOEs that discriminate against U.S. goods or services, or actions by SOEs that are inconsistent with commercial considerations in the purchase and sale of goods and services.

12. *Labor.* Examples include concerns with failures by a government to protect internationally recognized worker rights or to eliminate discrimination in respect of employment or occupation, in cases where these failures influence trade flows or investment decisions in ways that constitute significant barriers to, or distortions of, U.S. exports of goods and services, U.S. investment, or U.S. electronic commerce, which may negatively affect U.S. firms and workers. Internationally recognized worker rights include: the right of association; the
