#### SUPPLEMENTARY INFORMATION:

*Title:* Trichinae Certification Program.

*OMB Control Number:* 0579-0323.

*Type of Request:* Revision to and  
extension of approval of an information  
collection.

*Abstract:* Under the Animal Health  
Protection Act (7 U.S.C. 8301 *et seq.*),  
the Animal and Plant Health Inspection  
Service (APHIS) of the U.S. Department  
of Agriculture is authorized, among  
other things, to prohibit or restrict the  
importation and interstate movement of  
animals and animal products to prevent  
the introduction into and dissemination  
within the United States of livestock  
diseases and pests and to conduct  
programs to detect, control, and  
eradicate pests and diseases of livestock.  
In addition, under the Agricultural  
Marketing Act of 1946 (7 U.S.C. 1622),  
the APHIS Administrator has authority  
with respect to voluntary inspection and  
certification of animal products and the  
inspection, testing, treatment, and  
certification of animals.

APHIS regulations in 9 CFR part 149  
contain certification requirements for  
the voluntary Trichinae Certification  
Program, which is a cooperative effort  
by APHIS and the U.S. pork industry.  
The program is intended to enhance the  
ability of swine producers, as well as  
slaughter facilities and other persons  
that handle or process swine from pork  
production sites that have been certified  
under the program, to export fresh pork  
and pork products to foreign markets.

There are a number of information  
collection activities associated with the  
voluntary Trichinae Certification  
Program, such as requests to temporarily  
withdraw from the program, notification  
to APHIS of program withdrawal,  
requests for review of audit results or  
other determinations, certification site  
audit forms and requests for  
certification site audits, spot audits,  
animal disposal plans, animal  
movement records, rodent control  
logbooks, feed mill quality assurance  
affidavits, slaughter testing records, and  
recordkeeping.

We are asking the Office of  
Management and Budget (OMB) to  
approve our use of these information  
collection activities, as described, for an  
additional 3 years.

The purpose of this notice is to solicit  
comments from the public (as well as  
affected agencies) concerning our

information collection. These comments  
will help us:

(1) Evaluate whether the collection of  
information is necessary for the proper  
performance of the functions of the  
Agency, including whether the  
information will have practical utility;

(2) Evaluate the accuracy of our  
estimate of the burden of the collection  
of information, including the validity of  
the methodology and assumptions used;

(3) Enhance the quality, utility, and  
clarity of the information to be  
collected; and

(4) Minimize the burden of the  
collection of information on those who  
are to respond, through use, as  
appropriate, of automated, electronic,  
mechanical, and other collection  
technologies; *e.g.*, permitting electronic  
submission of responses.

*Estimate of burden:* The public  
burden for this collection of information  
is estimated to average 0.48 hours per  
response.

*Respondents:* Auditors (accredited  
veterinarians or State animal health  
officials), pork producers, mill  
managers, slaughter facility personnel,  
and personnel from approved  
laboratories.

*Estimated annual number of  
respondents:* 66.

*Estimated annual number of  
responses per respondent:* 16.

*Estimated annual number of  
responses:* 1,085.

*Estimated total annual burden on  
respondents:* 521 hours. (Due to  
averaging, the total annual burden hours  
may not equal the product of the annual  
number of responses multiplied by the  
reporting burden per response.)

All responses to this notice will be  
summarized and included in the request  
for OMB approval. All comments will  
also become a matter of public record.

Done in Washington, DC, this 26th day of  
January 2018.

*Administrator, Animal and Plant Health  
Inspection Service.*
