

manufacturing services and assembly, and downstream products such as networking devices and radio base stations. BIS is particularly interested in recommendations to strengthen the critical supply chains of the ICT industrial base as defined in the report. This notice sets forth the procedures for public participation in the virtual forum.

Virtual Forum

Consistent with the interest of the Department in soliciting public comments on issues affecting risks in the manufacturing of ICT products and critical supply chains as described in the September 20 Notice, the Department is holding a virtual forum. The virtual forum will assist the Department in preparing the report required by E.O. 14017. Oral comments at the virtual forum should address the policy objectives listed in E.O. 14017 as they affect the U.S. ICT supply chains, including recommendations to strengthen critical, at-risk supply chains. See the September 20 Notice and E.O. 14017 for the policy objectives. The virtual forum will be held on October 29, 2021. The forum will begin at 9:00 a.m. EDT and conclude at 12:00 p.m. EDT.

Procedure for Requesting Participation

See the **ADDRESSES** section of this notice for how to register and access the virtual forum. The Department encourages interested public participants to present their views orally at the virtual forum. Any person wishing to make an oral presentation at the virtual forum must register with the Department at the web address indicated in the **ADDRESSES** section of this notice. The request to speak in the virtual forum must be accompanied by an overview of the oral presentation. Speakers' registration, including overviews of planned remarks, must be received by the Department no later than 5:00 p.m. EDT on October 22, 2021. BIS will not accept any registrations after that time for the virtual forum.

Please note that the submission of overviews of presentations at the virtual forum is separate from the request for written comments described in the September 20 Notice. Since it may be necessary to limit the number of persons making presentations, the overview of the presentation should describe the individual's interest in the virtual forum and, where appropriate, explain why the individual is a proper representative of a group or class of persons that has such an interest. If all interested parties cannot be accommodated at the virtual forum, the overviews of the oral

presentations will be used to allocate speaking time and to ensure that a full range of comments is heard.

Each person selected to make a presentation will be notified by the Department no later than 5:00 p.m. EDT on October 26, 2021. The Department will arrange the presentation times for the speakers. Representatives from the Department and other U.S. Government agencies, as appropriate, will make up the virtual forum panel. Written overview submissions by persons not selected to make presentations will be made part of the public record of the proceeding, as will the overview submission of those persons selected to make presentations. Confidential business information may not be submitted at a virtual forum. The virtual forum will be recorded.

Copies of the requests to speak at the virtual forum and the transcript of the forum will be maintained on BIS's web page, which can be found at <https://www.bis.doc.gov> (see Freedom of Information Act link at the bottom of the page) and at <https://www.bis.doc.gov/ictforum>. These documents will also be posted through the Federal eRulemaking Portal: <https://www.regulations.gov> under docket number BIS-2021-0021, which is the docket number for the September 20 Notice. If the requesters cannot access the website, they may call (202) 482-0795 for assistance. The records related to this assessment are made accessible in accordance with the regulations published in part 4 of title 15 of the Code of Federal Regulations (15 CFR 4.1 through 4.11).

Conduct of the Virtual Forum

The Department reserves the right to select the persons to be heard at the virtual forum, to schedule their respective presentations, and to establish the procedures governing the conduct of the virtual forum. Each speaker will be limited to a time set by the Department and comments must be directly related to the policy objectives listed in E.O. 14017 as they affect the U.S. ICT supply chains, including recommendations to strengthen critical, at-risk supply chains.

A Department official will be designated to preside at the virtual forum. The presiding officer shall determine all procedural matters during the virtual forum. Representatives from the Department, and other U.S. Government agencies, as appropriate, will make up the virtual forum panel. This will be a fact-finding proceeding. It will not be a judicial or evidentiary-type virtual forum. Only members of the virtual forum panel may ask questions and there will be no cross-examination

of persons presenting statements. No formal rules of evidence will apply to the virtual forum. Any further procedural rules for the proper conduct of the virtual forum will be announced by the presiding officer.

Special Accommodations

This virtual forum is physically accessible to people with disabilities. See the **ADDRESSES** section of this notice.

SUPPLEMENTARY INFORMATION:**I. Abstract**

Export licenses approved by BIS are granted to only those persons who certify on the application that they are subject to the jurisdiction of the United States and that they will be strictly accountable for the use of the license in accordance with the EAR. Certain circumstances such as company mergers, company takeovers, etc., necessitate the transfer of an active export license from one party to another. When a licensee transfers an unexpired license to another party, there must be assurances that the other party, the transferee, will also be accountable for the proper use of the license. The required information collected from both parties provides assurances that the balance of the shipments will not be diverted or used for purposes contrary to the authorized use of the approved license.
