[Docket Number USCG-2019-0691]

Special Local Regulations; Recurring Marine Events, Sector Charleston

AGENCY: Coast Guard, DHS.

ACTION: Final rule.

SUMMARY: The Coast Guard is revising existing regulations and consolidating into one table the special local regulations for recurring marine events at various locations within the geographic boundaries of the Seventh Coast Guard District Captain of the Port (COTP) Charleston Zone. Consolidating marine events into one table simplifies Coast Guard oversight and public notification of special local regulations within COTP Charleston Zone.

DATES: This rule is effective July 2, 2020.

FR Federal Register
NPRM Notice of proposed rulemaking
§ Section
U.S.C. United States Code

II. Background, Purpose, and Legal Basis

Recurring race, swim, and other marine events within the Seventh Coast Guard District are currently listed in 33 CFR 100.701, Table 1 to § 100.701. The process for amending the table (*e.g.* adding or removing marine events) is lengthy and inefficient since it includes recurring marine events for seven different COTP zones within the Seventh District. To expedite and simplify the rulemaking process for new marine events/special local regulations, COTP’s resorted to creating individual rules rather than amending the Table 1 to § 100.701.

This rule serves two purposes: (1) Create a table of recurring marine events/special local regulations occurring solely within the COTP Charleston Zone, and (2) consolidate into that table marine events/special local regulations previously established outside of Table 1 to § 100.701. The new table facilitates management of and public access to information about marine events within the COTP Charleston Zone.

The Coast Guard published a notice of proposed rulemaking (NPRM) titled “Special Local Regulations; Recurring Marine Events, Sector Charleston” (85 FR 5177). There we stated why we issued the NPRM, and invited comments on our proposed regulatory action. During the comment period that ended February 28, 2020, we received no comments.

III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority in 46 U.S.C. 70034 (previously 33 U.S.C. 1231). This rule makes the following changes:

1. Revise the contact information in § 100.701(d)(1) to read “Captain of the Port Charleston, South Carolina: (843) 740-7050.”;
2. Delete the existing special local regulation for the “Head of South” event listed in existing Table 1 to § 100.701(f)(5) because it is no longer held;
3. Establish § 100.704 for Special Local Regulations; Marine Events Within COTP Zone Charleston;
4. Move the remaining list of existing marine events/special local regulations listed in Table 1 to § 100.701(f) under COTP Zone

Charleston; Special Local Regulations to new § 100.704, Table 1 to § 100.704;

5. Add new event, “Cooper River Bridge Run” to new Table 1 to § 100.704, Line 1;
6. Add new event, “Myrtle Beach Triathlon” to new Table 1 § 100.704, Line 3;
7. Add new event, “North Charleston Fireworks” to new Table 1 § 100.704, Line 5;
8. Add new event, “Patriots Point Fireworks” to new Table 1 § 100.704, Line 6;
9. Add new event, “Beaufort Water Festival Air Show” to new Table 1 § 100.704, Line 8;
10. Revise the dates for the existing event, “Charleston Race Week” listed in new § 100.704, Line 2 to one week (Monday through Sunday) in April;
11. Revise the dates for the existing event, “Low Country Splash” listed in new Table 1 to § 100.704, Line 4 to one Saturday or Sunday during the last two weeks of May or the first two weeks of June;
12. Revise the dates for the existing event, “Beaufort Water Festival” listed in new Table 1 to § 100.704, Line 7 to ten consecutive days (Friday through Sunday) in July;
13. Revise the dates for the existing event, “Swim Around Charleston” listed in new Table 1 to § 100.704, Line 9 to one weekend day (Saturday or Sunday) during the last two weeks of September through the first two weeks of October;
14. Revise the dates for the existing event, “Charleston Parade of Boats” in new Table 1 to § 100.704, Line 10 to one weekend day (Friday, Saturday, or Sunday) in December; and
15. Delete existing § 100.713, which contains a special local regulation for the Annual Harborwalk Boat Race; Sampit River, Georgetown, SC because it is no longer held.

The marine events listed in the new Table 1 to § 100.704 are scheduled to occur over a particular weekend and month each year. Exact dates are intentionally omitted since calendar dates for a specific weekend change from year to year. Once dates for a marine event are known, the Coast Guard will notify the public of its intent to enforce the special local regulation through various means including a Notice of Enforcement published in the **Federal Register**, Local Notice to Mariners, and Broadcast Notice to Mariners.

IV. Discussion of Comments, Changes, and the Rule

As noted above, we received no comments on our NPRM published January 29, 2020. There are no changes in the regulatory text of this rule from the proposed rule in the NPRM.

This rule revises existing regulations and consolidates the special local regulations into one table for recurring marine events at various locations within the geographic boundaries of the Seventh Coast Guard District Captain of the Port (COTP) Charleston Zone.

V. Regulatory Analyses

We developed this rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders and we discuss First Amendment rights of protestors.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. Executive Order 13771 directs agencies to control regulatory costs through a budgeting process. This rule has not been designated a “significant regulatory action,” under Executive Order 12866. Accordingly, the rule has not been reviewed by the Office of Management and Budget (OMB), and pursuant to OMB guidance it is exempt from the requirements of Executive Order 13771.

This regulatory action determination is based on the size, location, and duration of the special local regulations. These areas are limited in size and duration, and usually do not affect high vessel traffic areas. Moreover, the Coast Guard would provide advance notice of the regulated areas to the local maritime community Local Notice to Mariners, Broadcast to Mariners via VHF-FM marine channel 16, and the rule would allow vessels to seek permission to enter the regulated area.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard received no comments from the Small Business Administration on this rulemaking. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the safety zone may be small entities, for the reasons stated in section V.A above, this rule will not have a significant economic impact on any vessel owner or operator.

Under section 213(a) of the Small Business Regulatory Enforcement

Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency’s responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

C. Collection of Information

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

D. Federalism and Indian Tribal Governments

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the National Government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it would not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a

State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule would not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this rule under Department of Homeland Security Directive 023–01, Rev. 1, associated implementing instructions, and Environmental Planning COMDTINST 5090.1 (series), which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370f), and have made a preliminary determination that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves the establishment of special local regulations for recurring marine events within the COTP Charleston Zone. Normally such actions are categorically excluded from further review under paragraphs L61 of Appendix A, Table 1 of DHS Instruction Manual 023–01–001–01, Rev. 1. A preliminary Record of Environmental Consideration supporting this determination is available in the docket. For instructions on locating the docket, see the **ADDRESSES** section of this preamble.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protestors. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places, or vessels.

Special Local Regulations; Recurring Marine Events in the Lake Michigan Captain of the Port Zone

AGENCY: Coast Guard, DHS.

ACTION: Final rule.

SUMMARY: The Coast Guard is updating its recurring special local regulations for marine events located within the Captain of the Port Lake Michigan zone. This rule reorganizes five separate regulations of a similar nature currently listed in the Code of Federal Regulations into a single regulation, makes minor formatting changes for consistency, moves six existing events into this regulation, updates the dates listed for events, and lists these regulations in table form.

DATES: This rule is effective July 2, 2020.

SUPPLEMENTARY INFORMATION:

I. Table of Abbreviations

CFR Code of Federal Regulations
DHS Department of Homeland Security
FR Federal Register
NPRM Notice of proposed rulemaking
§ Section
U.S.C. United States Code

II. Background Information and Regulatory History

On March 19, 2020, the Coast Guard published a notice of proposed rulemaking (NPRM) titled “Special Local Regulations; Recurring Marine Events in the Lake Michigan Captain of the Port Zone” (85 FR 15745). There we stated why we issued the NPRM, and invited comments on our proposed regulatory action to revise special local regulations regarding recurring marine events within the Captain of the Port Lake Michigan (COTP) zone. During the comment period that ended April 20, 2020, we received no comments.

III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority in 46 U.S.C. 70034 (previously 33 U.S.C. 1231). The COTP has determined that the likely combination of recreational vessels, commercial vessels, and an unknown number of spectators in close proximity to these various recurring marine events in and on the navigable waters of the United States pose a extra or unusual hazards to the safety of life on those waters. Therefore, the COTP has established special local regulations around the event locations listed in this rule to help minimize risks to safety of life during these events. This rule consolidates and makes minor formatting updates to existing regulations.

IV. Discussion of Comments, Changes, and the Rule

As noted above, we received no comments on our NPRM published March 19, 2020. There are no changes

in the regulatory text of this rule from the proposed rule in the NPRM.

This rule reorganizes five separate regulations of a similar nature currently listed in the Code of Federal Regulations (CFR) into a single regulation, makes minor formatting changes for consistency, moves six existing events into this regulation, updates the dates listed for events, and lists these regulations in table form.

V. Regulatory Analyses

We developed this rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders, and we discuss First Amendment rights of protestors.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. Executive Order 13771 directs agencies to control regulatory costs through a budgeting process. This rule has not been designated a “significant regulatory action,” under Executive Order 12866. Accordingly, this rule has not been reviewed by the Office of Management and Budget (OMB), and pursuant to OMB guidance it is exempt from the requirements of Executive Order 13771.

This regulatory action determination is based on the size, location, and duration of these special local regulations. These regulations will be in effect only during the recurring marine events listed in this regulations for which the COTP has determined pose risks to the safety of life on waters of the United States. The size, location, and duration of these regulations will be limited to the extent necessary to minimize these risks. Moreover, the COTP will make advance notice of the enforcement of these regulations through the Local Notice to Mariners and/or Broadcast Notice to Mariners. This regulation also provides a means for
