Ball Bearings and Parts Thereof From Japan: Preliminary Results of Antidumping Duty Administrative Review, Partial Rescission of Administrative Review, and Notice of Intent To Rescind Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of preliminary results of antidumping duty administrative review, partial rescission of administrative review, and notice of intent to rescind administrative review.

SUMMARY: In response to requests from interested parties, the Department of Commerce is conducting an administrative review of the antidumping duty order on ball bearings and parts thereof from Japan. The review covers six manufacturers/exporters and the period is May 1, 2001, through April 30, 2002.

We have preliminarily determined that sales have been made below normal value by various companies subject to this review. If these preliminary results are adopted in our final results of administrative review, we will instruct the Customs Service to assess antidumping duties on all appropriate entries.

We invite interested parties to comment on these preliminary results. Parties who submit comments in this proceeding are requested to submit with each argument (1) a statement of the issue and (2) a brief summary of the argument.

EFFECTIVE DATE: March 10, 2003.

FOR FURTHER INFORMATION CONTACT: Please contact the appropriate case analysts for the various respondent firms, as listed below, at Import Administration, International Trade

SUPPLEMENTARY INFORMATION:**Background**

On May 15, 1989, the Department published in the **Federal Register** the antidumping duty order on ball bearings and parts thereof from Japan (54 FR 20904). On June 25, 2002, in accordance with 19 CFR 351.213(b), we published a notice of initiation of administrative review of this order (67 FR 42753).

On October 23, 2002, the Department rescinded the administrative review with respect to Asahi Seiko Co., Ltd., and Nachi-Fujikoshi Corporation with respect to ball bearings from Japan. *See Antifriction Bearings (Other Than Tapered Roller Bearings) and Parts Thereof from France, et al.: Partial and Full Rescission of Antidumping Duty Administrative Reviews*, 67 FR 65089 (Oct. 23, 2002).

On August 9, 2002, we received a timely withdrawal of the request for review of Shinyei Kaisha from Japan. Because there were no other requests for review of this firm, we are rescinding the review with respect to this company in accordance with 19 CFR 351.213(d). The Department inadvertently neglected to include this firm in its October 23, 2002, notice.

We also initiated administrative reviews of Kitanihon Seiko, Co. Ltd., Sapporo Precision, Inc., and Sanbi Co., Ltd. In response to our questionnaires to these three entities, we received one consolidated response in which the companies explained their affiliations with one another. Given these affiliations, we have calculated a single weighted average margin for their sales in the United States and refer to them collectively as "Sapporo" throughout this notice. *See* analysis memorandum dated March 3, 2003, for a more detailed explanation.

We intend to rescind the administrative reviews we initiated of Jiro Okayama, Eisho Trading Co., Ltd., and Phoenix International Corporation (collectively "Japanese trading companies") with respect to subject merchandise from Japan. These Japanese trading companies informed us that, although they are the resellers of Japanese-manufactured ball bearings, their suppliers knew at the time of sale that the merchandise was destined for exportation to the United States. If in fact the suppliers had knowledge that
