

acquirers of divested assets to assess the effectiveness of these divestitures. In 2023, 2022, and 2021, the Commission issued 9, 14, and 6 orders, respectively, and a few required divestitures. For interviews with purchasers of divested assets, each interview typically takes less than one hour to complete. FTC staff estimates that it takes each participant no more than one hour to prepare for the interview. Accordingly, staff estimates that, for each interview, two individuals (typically a company executive and an attorney) will devote two hours each (one hour preparing and one hour participating) to responding to questions for a total of four hours. Assuming that staff evaluates approximately 4 divestitures per year during the three-year clearance period, staff estimates that the total hours burden will be 16 hours per year (4 divestiture reviews $\times$ 4 hours for preparing and participating). Staff may include approximately two monitor interviews a year, which would add at most 4 hours (2 interviews $\times$ 2 hours for preparing and participating). Interviews of monitors typically involve only the monitor and take approximately one hour to complete with no more than one hour to prepare for the interview. At most, this yields a total burden of 24 burden hours per year. Staff estimates that the total annual labor cost, based on an estimated average of \$150/hour for executive and attorney wages, would be \$3,600 (24 hours $\times$ \$150). There are no capital, start-up, operation, maintenance, or other similar costs to respondents.

SUPPLEMENTARY INFORMATION:

I. Background and Charter Renewal Information

A. Background

The Advisory Panel for Outreach and Education (APOE) (the Panel) is governed by the provisions of the Federal Advisory Committee Act (FACA) (Pub. L. 92–463), as amended (5 U.S.C. appendix 2), which sets forth standards for the formation and use of Federal advisory committees. The Panel is authorized by section 1114(f) of the Social Security Act (the Act) (42 U.S.C. 1314(f)) and section 222 of the Public Health Service Act (42 U.S.C. 217a).

The Panel, which was first chartered in 1999, advises and makes

recommendations to the Secretary of the U.S. Department of Health and Human Services (the Department) and the Administrator of the Centers for Medicare & Medicaid Services (CMS) on the effective implementation of national Medicare, Medicaid, Children's Health Insurance Program (CHIP) and Health Insurance Marketplace outreach and education programs.

The APOE has focused on a variety of laws, including the Medicare Modernization Act of 2003 (Pub. L. 108–173), and the Affordable Care Act (Patient Protection and Affordable Care Act, (Pub. L. 111–148) and Health Care and Education Reconciliation Act of 2010 (Pub. L. 111–152)).

The APOE helps the Department determine the best communication channels and tactics for various programs and priorities, as well as new rules and laws. In the coming years, we anticipate the American Rescue Plan, the Inflation Reduction Act, and the SUPPORT Act will be some of the topics the Panel will discuss. The Panel will provide feedback to CMS staff on outreach and education strategies, communication tools and messages and how to best reach minority, vulnerable and Limited English Proficiency populations.

B. Charter Renewal

The Panel's charter was renewed on January 19, 2023, and will terminate on January 19, 2025, unless renewed by appropriate action. The Charter can be found at <https://www.cms.gov/regulations-and-guidance/guidance/faca/apoe>.

In accordance with the renewed charter, the APOE will advise the Secretary and the CMS Administrator concerning optimal strategies for the following:

- Developing and implementing education and outreach programs for individuals enrolled in, or eligible for, Medicare, Medicaid, the CHIP, and coverage available through the Health Insurance Marketplace® and other CMS programs.
- Enhancing the Federal Government's effectiveness in informing Medicare, Medicaid, CHIP, or the Health Insurance Marketplace® consumers, issuers, providers, and stakeholders, pursuant to education and outreach programs regarding these programs, including public-private partnerships to leverage the resources of the private sector in educating beneficiaries, providers, partners and stakeholders.
- Expanding outreach to minority and underserved communities, including racial and ethnic minorities, in the context of Medicare, Medicaid, CHIP,
