DEPARTMENT OF AGRICULTURE

Agricultural Marketing Service

7 CFR Chapter IX

[Doc. No. AMS-SC-22-0051]

Nomenclature Changes; Technical Amendments

AGENCY: Agricultural Marketing Service, Department of Agriculture (USDA).

ACTION: Final rule; technical amendments.

SUMMARY: This rule revises the general regulations for Federal marketing orders covering fruits, vegetables, and specialty crops by updating the section regarding information collections. Further, this

rule updates nomenclature in the general regulations, numerous Federal marketing orders, the import regulations, the domestic hemp program regulations, and the peanut handling regulations administered by the Agricultural Marketing Service (AMS). Finally, this rule corrects typographical errors found in the AMS marketing order and import regulations and removes regulations no longer in effect. These changes are necessary to provide more accurate information in the regulations moving forward.

DATES: Effective November 24, 2023.

FOR FURTHER INFORMATION CONTACT:

Matthew Pavone, Branch Chief, Rulemaking Services Branch, or Andrew Hatch, Deputy Director of Operations, Market Development Division, Agricultural Marketing Service, USDA; phone: (202) 720-2491 or email: Matthew.Pavone@usda.gov or Andrew.Hatch@usda.gov.

SUPPLEMENTARY INFORMATION: This action, pursuant to 5 U.S.C. 553, makes updates and corrections to regulations issued to carry out marketing orders as defined in 7 CFR 900.2(j). This rule revises the General Regulations (7 CFR part 900) and the marketing orders in numerous other parts of chapter IX that regulate the handling of fruits, vegetables, nuts, and specialty crops (parts 905, 906, 915, 917, 920, 929, 930, 932, 945, 948, 955, 958, 959, 966, 981, 982, 983, 985, 987, 989, and 993) and imported products (parts 944, 980, and 999). These parts are effective under the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601-674), hereinafter referred to as the "Act." In addition, this rule corrects typographical errors in the domestic hemp program regulations (part 990), which are effective under the Agricultural Marketing Act of 1946, as amended. Finally, this rule makes corrections to the peanut handling regulations (part 996), which are effective under Public Law 107-171, the Farm Security and Rural Investment Act of 2002, as amended (7 U.S.C. 7958).

This action falls within a category of regulatory actions that the Office of Management and Budget (OMB) exempted from Executive Order 12866 review. Additionally, AMS is issuing this final rule in conformance with Executive Orders 12988, 13175, and 13563.

Section 553(b)(3)(B) of the Administrative Procedure Act (APA), provides that, when an agency for good cause finds that notice and public procedure are impracticable, unnecessary, or contrary to the public interest, the agency may issue a rule

without providing notice and an opportunity for public comment. AMS has determined that there is good cause for making this technical amendment final without prior proposal and opportunity for comment because the revisions are not substantive and will have no impact on the regulatory requirements in the affected parts. In addition, AMS has determined that public comment on such administrative changes is unnecessary and that there is good cause under the APA for proceeding with a final rule.

Further, because a notice of proposed rulemaking and opportunity for public comment is not required to be given for this rule under the APA or any other law, the analytical requirements of the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*) are not applicable. Accordingly, this rule is issued in final form.

Overview of Changes

This final rule makes technical amendments to regulations in 7 CFR parts 900, 905, 906, 915, 917, 920, 929, 930, 932, 944, 945, 948, 955, 958, 959, 966, 980, 981, 982, 983, 985, 987, 989, 990, 993, 996, and 999. USDA has determined that this action is only administrative in nature. This action updates the information collection provisions in § 900.601 to remove obsolete references and to align current Office of Management and Budget (OMB) control numbers and descriptions with the appropriate programs. This rule also revises outdated nomenclature in the general regulations pertaining to marketing agreements and marketing orders in 7 CFR part 900; in Federal marketing orders in 7 CFR parts 905, 915, 932, 945, 958, 966, 987, and 989; in the import regulations contained in 7 CFR parts 944, 980, and 999; and in the peanut handling regulations in 7 CFR part 996 to reflect current nomenclature. For example, the name of the Marketing Order and Agreement Division has been changed to Market Development Division, so references to the former name have been changed to reflect the current name. Additionally, this rule removes obsolete language and some regulatory sections (§§ 982.254 through 982.255; and §§ 985.234 through 985.236) that are no longer in effect. Lastly, this action corrects typographical errors throughout 7 CFR chapter IX. The final rule does not add to or amend any existing program requirements.

DEPARTMENT OF ENERGY

10 CFR Part 1045

[EHSS-RM-22-WSHP]

RIN 1992-AA62

Organizational Changes in Certain Department of Energy Health, Safety, and Security Regulations; Correction

AGENCY: Office of Environment, Health, Safety and Security, U.S. Department of Energy.

ACTION: Final rule; correction.

SUMMARY: On June 26, 2023, the U.S. Department of Energy (DOE) issued a final rule that inadvertently contained inaccurate amendatory instructions so

that the revisions in certain sections of the Code of Federal Regulations (CFR) could not be made. This document corrects the CFR.

DATES: Effective November 24, 2023.

Mr. James Dillard, U.S. Department of Energy, Office of Environment, Health, Safety and Security, Mailstop EHSS-11, 1000 Independence Ave. SW, Washington, DC 20585, Telephone: (301) 903-1165, or by Email at: *james.dillard@hq.doe.gov*.

Ms. Jennifer Tiedeman, U.S. Department of Energy, Office of General Counsel, GC-33, 1000 Independence Ave. SW, Washington, DC 20585, Telephone: (202) 287-6111, or by Email at: *jennifer.tiedeman@hq.doe.gov*.

SUPPLEMENTARY INFORMATION:

I. Introduction

On February 10, 2022, DOE updated its organizational structure and changed certain titles and reporting duties within DOE’s Office of Environment, Health, Safety and Security (EHSS). Certain of the EHSS’s functions are subject to regulations in title 10 of the CFR. As a result of the changes, title 10 of the CFR contained references to DOE organizational names and positions that are no longer current. On June 26, 2023, DOE issued a final rule that made amendments to 10 CFR parts 602, 710, 712, 725, 835, 850, 851, 1016, 1017, 1045, and 1046 to reflect the new titles and organizational names. 88 FR 41289.

II. Need for Correction

One of the changes DOE made in its June 26, 2023, amendments was to change the title of the “Associate Under Secretary for Environment, Health, Safety and Security” (also referred to as the “Associate Under Secretary of Environment, Health, Safety and Security” in 10 CFR part 1045) to the “Director, Office of Environment, Health, Safety and Security” in 10 CFR parts 602, 710, 712, 835, 850, 851, 1016, 1045, and 1046. However, the rulemaking inadvertently contained inaccurate amendatory instructions at 10 CFR 1045.80, 1045.180, 1045.210, 1045.215, and 1045.220 such that all the revisions in 10 CFR part 1045 could not be made.

The purpose of this final rule technical correction is to correct references to the “Associate Under Secretary of Environment, Health, Safety and Security” and the “Associate Under Secretary for Environment, Health, Safety and Security” and instead reference the “Director, Office of Environment, Health, Safety and Security” in 10 CFR part 1045.
