BILLING CODE P

DEPARTMENT OF ENERGY

Update on Reimbursement for Costs of Remedial Action at Uranium and Thorium Processing Sites

AGENCY: Office of Environmental Management, Department of Energy.

ACTION: Notice of acceptance of title X claims during fiscal year (FY) 2024.

SUMMARY: This Notice announces the Department of Energy's (DOE) acceptance of claims in FY 2024 from eligible uranium and thorium processing site licensees for reimbursement under title X of the Energy Policy Act of 1992. The FY 2024 DOE Office of Environmental Management's Congressional Budget Request included \$24.4 million for the Title X Uranium and Thorium Reimbursement Program; however, the Congressional appropriation for FY 2024 is zero dollars (\$0.00). Thus, the claims received in FY 2023 and claims received in FY 2024 cannot be reimbursed until there is a new appropriation from Congress.

DATES: The closing date for the submission of FY 2024 title X claims is July 8, 2024. DOE will review claims for eligibility and claims will be processed for payment together with any eligible unpaid approved claim balances from prior years, based on availability of funds from future congressional appropriations. If the total approved claim amounts exceed the available funding, the approved claim amounts will be reimbursed on a prorated basis. All reimbursements are subject to the availability of funds from congressional appropriations.

ADDRESSES: Claims must be submitted by certified or registered mail, return receipt requested, to Charlee Anne Boger, U.S. DOE Department of Energy, Office of Legacy Management, 2597 Legacy Way, Grand Junction, Colorado 81503. Two copies of the claim should be included with each submission. In addition to the mailed hardcopies, claims may be submitted electronically to Charlee.Boger@lm.doe.gov.

FOR FURTHER INFORMATION CONTACT: Amie Robinson, Title X Program Lead at

(240) 243–5550 or email: amie.robinson@em.doe.gov.

SUPPLEMENTARY INFORMATION: DOE published a final rule under 10 CFR part 765 in the **Federal Register** on May 23, 1994, (59 FR 26714) to carry out the requirements of title X of the Energy Policy Act of 1992 (sections 1001–1004 of Pub. L. 102–486, 42 U.S.C. 2296a *et seq.*) and to establish the procedures for eligible licensees to submit claims for reimbursement. DOE amended the final rule on June 3, 2003, (68 FR 32955) to adopt several technical and administrative amendments (*e.g.*, statutory increases in the reimbursement ceilings). Title X requires DOE to reimburse eligible uranium and thorium licensees for certain costs of decontamination, decommissioning, reclamation, and other remedial action incurred by licensees at active uranium and thorium processing sites. The eligible licensees incurred these costs to remediate byproduct material, generated as an incident of sales to the United States Government of uranium or thorium that was extracted or concentrated from ores processed primarily for their source material contents. To be reimbursable, costs of remedial action must be for work that is necessary to comply with applicable requirements of the Uranium Mill Tailings Radiation Control Act of 1978 (42 U.S.C. 7901 *et seq.*) or, where appropriate, with requirements established by a State pursuant to a discontinuance agreement under section 274 of the Atomic Energy Act of 1954 (42 U.S.C. 2021). Claims for reimbursement must be supported by reasonable documentation as determined by DOE in accordance with 10 CFR part 765. Funds for reimbursement will be provided from the Uranium Enrichment Decontamination and Decommissioning Fund established at the Department of Treasury pursuant to section 1801 of the Atomic Energy Act of 1954 (42 U.S.C. 2297g). Payment or obligation of funds shall be subject to the requirements of the Anti-Deficiency Act (31 U.S.C. 1341).

Authority: Section 1001–1004 of Pub. L. 102–486, 106 Stat. 2776 (42 U.S.C. 2296a *et seq.*).

Signing Authority

This document of the Department of Energy was signed on May 3, 2024, by Amie Robinson, Office of Waste Disposal, Office of Environmental Management, pursuant to delegated authority from the Secretary of Energy. That document with the original signature and date is maintained by

DOE. For administrative purposes only, and in compliance with requirements of the Office of the Federal Register, the undersigned DOE Federal Register Liaison Officer has been authorized to sign and submit the document in electronic format for publication, as an official document of the Department of Energy. This administrative process in no way alters the legal effect of this document upon publication in the **Federal Register**.

Signed in Washington, DC, on May 6, 2024.

Treena V. Garrett,

Federal Register Liaison Officer, U.S. Department of Energy.

BILLING CODE 6450–01–P

DEPARTMENT OF ENERGY

Notice of Availability of Preliminary List of Potential National Interest Electric Transmission Corridors; Request for Comments

AGENCY: Grid Deployment Office, Department of Energy.

ACTION: Notice of availability of preliminary list; request for comments.

SUMMARY: The U.S. Department of Energy (DOE) gives notice of availability of the preliminary list of potential National Interest Electric Transmission Corridors (NIETCs). This issuance initiates Phase 2 of the NIETC designation process outlined in the guidance DOE released on December 19, 2023. NIETC designation focuses public and policymaker attention on the areas of greatest transmission need and unlocks valuable Federal financing and permitting tools to advance transmission development. Additional information on one of those tools—Transmission Facility Financing—is also included with the preliminary list.

DATES: Interested parties may submit comments on the preliminary list of potential NIETCs and information and recommendations focused on those potential NIETCs based on the list of information requested for Phase 2 in the NIETC Guidance by 5:00 p.m. ET on June 24, 2024.

FOR FURTHER INFORMATION CONTACT:

Gretchen Kershaw, U.S. Department of Energy, Grid Deployment Office, at (202) 586–2006; or NIETC@hq.doe.gov.

SUPPLEMENTARY INFORMATION: DOE's Grid Deployment Office (GDO) is announcing the availability of the *Initiation of Phase 2 of National Interest Electric Transmission Corridor (NIETC) Designation Process: Preliminary List of Potential NIETCs*. Section 216(a)(2) of
