

additional information about the bona fides of the sales under review. Given the issues in this case, the Department finds that this case is extraordinarily complicated, and cannot be completed within the statutory time limit.

Accordingly, the Department is fully extending the time limit for the completion of the preliminary results by 300 days, to November 26, 2003, in accordance with section 751(a)(2)(B)(iv) of the Act and 351.214(i)(2) of the Department's regulations. The final results will in turn be due 90 days after the date of issuance of the preliminary results, unless extended.

Dated: July 14, 2003.

Barbara E. Tillman,

Acting Deputy Assistant Secretary for Import Administration, Group III.

Notice of Postponement of Final Results of 2001-2002 Administrative Review: Tapered Roller Bearings and Parts Thereof, Finished and Unfinished, From the People's Republic of China

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: July 21, 2003.

FOR FURTHER INFORMATION CONTACT: Anthony Grasso at (202) 482-3853 or Andrew Smith at 202-482-1276, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230.

Statutory Time Limits

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended ("the Act"), requires the Department to issue the preliminary results of an administrative review within 245 days after the last day of the anniversary month of an order for which a review is requested and a final determination within 120 days after the date on which the preliminary results are published. However, if it is not practicable to complete the review within the time period, section 751(a)(3)(A) of the Act allows the Department to extend these deadlines to a maximum of 365 days and 180 days, respectively. Further, the Department may extend the time for making a final determination without extending the time for making a preliminary

determination, if such final determination is made not later than 300 days after the date on which the preliminary determination is published.

Postponement of Final Results

On July 24, 2002, the Department published a notice of initiation of administrative review of the antidumping duty order on tapered roller bearings and parts thereof, finished and unfinished, from the People's Republic of China, covering the period June 1, 2001 to May 31, 2002 (67 FR 48435). On February 14, 2003, the Department published the preliminary results and partial rescission of this administrative review of TRBs from the PRC. *See Tapered Roller Bearings and Parts Thereof, Finished and Unfinished, From the People's Republic of China: Preliminary Results of 2000-2001 Administrative Review and Partial Rescission of Review*, 68 FR 7500 (February 14, 2003) ("Preliminary Results"). In the *Preliminary Results* we stated that we would make our final determination for the antidumping duty investigation no later than 120 days after the date of publication of the preliminary results (*i.e.*, June 14, 2003). On June 12, 2003, we extended the time limit for completion of the final results to not later than July 16, 2003 in accordance with section 751(a)(3)(A) of the Act.

Due to the complexity of the issues, the Department concludes that these reviews are extraordinarily complicated. *See Memorandum from Team to Jeffrey May, "Extension of Time Limit for Final Results,"* dated, July 16, 2003. Therefore, the Department is extending the time limit for completion of these final results to not later than December 11, 2003, in accordance with section 751(a)(3)(A) of the Act.

This extension is in accordance with section 751(a)(3)(A) and 777(i)(1) of the Act.

Dated: July 15, 2003.

Jeffrey May,

Deputy Assistant Secretary for Import Administration.

National Institute of Standards and Technology

National Fire Codes: Request for Proposals for Revision of Codes and Standards

AGENCY: National Institute of Standards and Technology, Commerce.

ACTION: Notice.

SUMMARY: The National Fire Protection Association (NFPA) proposes to revise some of its fire safety codes and standards, and requests proposals from the public to amend existing, or begin the process of developing new, NFPA fire safety codes and standards. The purpose of this request is to increase public participation in the system used by NFPA to develop its codes and standards. The publication of this notice of request for proposals by the National Institute of Standards and Technology (NIST) on behalf of NFPA is being undertaken as a public service; NIST does not necessarily endorse, approve, or recommend any of the standards referenced in the notice.

DATES: Interested persons may submit proposals on or before the dates listed with the standards.

ADDRESSES: Casey C. Grant, Secretary, Standards Council, NFPA, 1 Batterymarch Park, Quincy, Massachusetts 02269-9101.

FOR FURTHER INFORMATION CONTACT: Casey C. Grant, Secretary, Standards Council, at above address, (617) 770-3000.

SUPPLEMENTARY INFORMATION:

Background

The National Fire Protection Association (NFPA) develops building, fire, and electrical safety codes and standards. Federal agencies frequently use these codes and standards as the basis for developing federal regulations concerning fire safety. Often, the Office of the Federal Register approves the incorporation by reference of these standards under 5 U.S.C. 552(a) and 1 CFR part 51.

Request for Proposals

Interested persons may submit proposals, supported by written data, views, or arguments to Casey C. Grant, Secretary, Standards Council, NFPA, 1 Batterymarch Park, Quincy, Massachusetts 02269-9101. Proposals should be submitted on forms available from the NFPA Codes and Standards Administration Office.

Each person must include his or her name and address, identify the document, and give reasons for the proposal. Proposals received before or by 5 p.m. local time on the closing date indicated would be acted on by the Committee. The NFPA will consider any proposal that it receives on or before the date listed with the code or standard.

At a later date, each NFPA Technical Committee will issue a report, which will include a copy of written proposals

that have been received, and an account of their disposition of each proposal by the NFPA Committee as the Report on Proposals. Each person who has submitted a written proposal will receive a copy of the report.
