Department of Transportation, NY State Department of Agriculture and Markets, NJ Office of Weights and Measures, Oregon Department of Agriculture, Washington DC Department of Transportation, C2SMART, and Kistler. The proposal is to include a new Section 2.26. Weigh-in-Motion Systems Used for Vehicle Direct Enforcement to NIST HB 44 that provides standards that can be used by local and State agencies to certify Weigh-In-Motion (WIM) systems used for automated enforcement of gross vehicle weight limits.

NCWM L&R Committee

The NCWM Laws and Regulations Committee (L&R Committee) will consider proposed amendments to NIST HB 130, including those identified below. A detailed technical review by the NIST Office of Weights and Measures of the L&R Committee agenda items will be made available prior to the 2025 NCWM Interim Meeting in the 2025 NIST OWM Interim Analysis at https://www.nist.gov/pml/owm/publications/owm-technical-analysis.

MOS-NIST Handbook 130

NET-24.2. 2.16.3.1. Tare Weights; Part (c) Allowable difference

The L&R Committee will further consider a proposal to clarify the existing language for the method of sale for stamped or stenciled tare weights of Liquefied Petroleum Gas cylinders. This will include changes to existing language within NIST HB 130 that references tolerances for cylinders. It is intended to resolve the discrepancy that exists between NIST Handbook 130 and Title 49 of the Code of Federal Regulations with respect to the allowable differences between the stamped tare weight and the actual tare weight of cylinders used for compressed or liquefied gases in refillable cylinders.

OTH—NIST Handbook 130

OTH-24.1 X. Uniform Shipping Law

The L&R Committee will further consider a proposal that has been designated as an "Assigned" item, meaning that further development will be done by the NCWM Uniform Shipping Law Task Group. This proposal provides model language for inclusion in NIST HB 130 that would establish Uniform Shipping Laws meant to ensure accurate shipment of goods. This regulation includes language authorizing the enforcement of these regulations, empowers the state to promulgate regulations as needed to carry out the provisions of the Act, and provides for civil and criminal

penalties. The development of this item will include outreach to stakeholders, including federal agencies.

FALS—Fuels and Lubricants Subcommittee

B2–FLR–24.1 3.12.1.X Identification of Grade & 3.12.2.X. Identification of Grade

The L&R Committee will further consider a proposal that has been designated as an "Assigned" item, meaning that the NCWM Fuels and Lubricants Subcommittee is being tasked to fully develop the proposal to ensure the applicable ASTM fuel grade designations are clearly identified for the marketplace. This proposal provides language for a new NIST HB 130 regulation that specifies labeling requirements that will properly identify the grade of natural gas (compressed and liquified to include blends of these products with hydrogen) when this product is dispensed and sold as a vehicle fuel. These standards will be applicable at the point fuel is dispensed into the vehicle.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[RTID 0648-XE497]

Gulf of Mexico Fishery Management Council; Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of a public meeting.

SUMMARY: The Gulf of Mexico Fishery Management Council will hold a oneday in-person meeting of its Shrimp Advisory Panel (AP).

DATES: The meeting will convene Monday, December 16, 2024, from 8 a.m. to 1:30 p.m., EST. For agenda details, see **SUPPLEMENTARY INFORMATION**.

ADDRESSES: The meeting will take place at the Gulf Council office. Registration information will be available on the Council's website by visiting www.gulfcouncil.org and clicking on the Shrimp AP meeting on the calendar.

Council address: Gulf of Mexico Fishery Management Council, 4107 W Spruce Street, Suite 200, Tampa, FL 33607; telephone: (813) 348–1630. FOR FURTHER INFORMATION CONTACT: Dr. Matt Freeman, Economist, Gulf of Mexico Fishery Management Council; matt.freeman@gulfcouncil.org, telephone: (813) 348–1630.

SUPPLEMENTARY INFORMATION: The following items are on the agenda, though agenda items may be addressed out of order (changes will be noted on the Council's website when possible.)

Monday, December 16, 2024; 8 a.m.– 1:30 p.m., EST (7 a.m.–12:30 p.m. CST)

Meeting will begin with Introduction of Members, Election of Chair and Vice Chair, Adoption of Agenda and Approval of Summary from March 19– 20, 2024 Meeting, and Scope of Work.

The AP will review and discuss Council Actions in Response to Motions from the March 2024 Shrimp AP Meeting, discuss the Draft Shrimp Framework Action: Modification of the Vessel Position Data Collection Program for the Gulf of Mexico Shrimp Fishery, receive a presentation on Survey Design and Estimated Costs for Position-recording Devices in the Gulf of Mexico Shrimp Fleet, and receive an update on Shrimp Futures Program.

Lastly, the AP will receive any public testimony and discuss other business items

Meeting Adjourns—

The in-person meeting will be broadcast via webinar. You may register by visiting www.gulfcouncil.org and clicking on the Shrimp Advisory Panel meeting on the calendar.

The Agenda is subject to change, and the latest version along with other meeting materials will be posted on www.gulfcouncil.org as they become available.

Although other non-emergency issues not on the agenda may come before the Advisory Panel for discussion, in accordance with the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act), those issues may not be the subject of formal action during this meeting. Actions will be restricted to those issues specifically identified in this notice and any issues arising after publication of this notice that require emergency action under Section 305(c) of the Magnuson-Stevens Act, provided the public has been notified of the Council's intent to takeaction to address the emergency at least 5 working days prior to the meeting.

Special Accommodations

The meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aid or accommodations should be directed to Kathy Pereira,

kathy.pereira@gulfcouncil.org, at least 5 days prior to the meeting date.

Authority: 16 U.S.C. 1801 et seq.

Dated: November 21, 2024.

Rev Israel Marquez,

Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

[RTID 0648-XE471]

Fisheries of the South Atlantic; Southeast Data, Assessment, and Review (SEDAR); Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of SEDAR 92 Atlantic Blueline Tilefish Life History Topical Working Group (LH–TWG) Webinar III.

SUMMARY: The SEDAR 92 assessment of the Atlantic stock of blueline tilefish will consist of a series of assessment webinars. See **SUPPLEMENTARY INFORMATION**.

DATES: The SEDAR 92 Atlantic Blueline Tilefish LH–TWG Webinar III is scheduled for December 18, 2024, from 9 a.m. to 11 a.m., Eastern. The established times may be adjusted as necessary to accommodate the timely completion of discussion relevant to the assessment process. Such adjustments may result in the meeting being extended from or completed prior to the time established by this notice.

ADDRESSES:

Meeting address: The meeting will be held via webinar. The webinar is open to members of the public. Registration for the webinar is available by contacting the SEDAR coordinator via email at Julie.Neer@safmc.net.

SEDAR address: South Atlantic Fishery Management Council, 4055 Faber Place Drive, Suite 201, N. Charleston, SC 29405. www.sedarweb.org.

FOR FURTHER INFORMATION CONTACT: Julie Neer, SEDAR Coordinator, 4055 Faber Place Drive, Suite 201, North Charleston, SC 29405; phone: (843) 571–4366: email: Julie.Neer@safmc.net.

SUPPLEMENTARY INFORMATION: The Gulf of Mexico, South Atlantic, and Caribbean Fishery Management Councils, in conjunction with NOAA Fisheries and the Atlantic and Gulf

States Marine Fisheries Commissions, have implemented the Southeast Data, Assessment and Review (SEDAR) process, a multi-step method for determining the status of fish stocks in the Southeast Region. SEDAR is a threestep process including: (1) Data Workshop; (2) Assessment Process utilizing webinars; and (3) Review Workshop. The product of the Data Workshop is a data report which compiles and evaluates potential datasets and recommends which datasets are appropriate for assessment analyses. The product of the Assessment Process is a stock assessment report which describes the fisheries, evaluates the status of the stock, estimates biological benchmarks, projects future population conditions, and recommends research and monitoring needs. The assessment is independently peer reviewed at the Review Workshop. The product of the Review Workshop is a Summary documenting panel opinions regarding the strengths and weaknesses of the stock assessment and input data. Participants for SEDAR Workshops are appointed by the Gulf of Mexico, South Atlantic, and Caribbean Fishery Management Councils and NOAA Fisheries Southeast Regional Office, Highly Migratory Species Management Division, and Southeast Fisheries Science Center. Participants include: data collectors and database managers; stock assessment scientists, biologists, and researchers; constituency representatives including fishermen, environmentalists, and nongovernmental organizations (NGOs); international experts; and staff of Councils, Commissions, and state and federal agencies.

The items of discussion at the SEDAR 92 Atlantic Blueline Tilefish LH–TWG webinar III: The Group will discuss available life history data sources and make recommendation for their use in the assessment.

Although non-emergency issues not contained in this agenda may come before this group for discussion, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically identified in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the intent to take final action to address the emergency.

Special Accommodations

This meeting is accessible to people with disabilities. Requests for auxiliary aids should be directed to the South Atlantic Fishery Management Council office (see **ADDRESSES**) at least 10 business days prior to the meeting.

Note: The times and sequence specified in this agenda are subject to change.

Authority: 16 U.S.C. 1801 et seq.

Dated: November 22, 2024.

[RTID 0648-XE496]

Endangered and Threatened Species; Initiation of 5-Year Review of the Brazilian Guitarfish (Rhinobatos horkelii)

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; request for information.

SUMMARY: We, NMFS, announce the initiation of a 5-year review of the endangered Brazilian guitarfish (Rhinobatos horkelii). The Endangered Species Act (ESA) requires us to conduct a review of listed species at least once every 5 years to determine whether a species should be removed from the list (i.e., delisted), reclassified from an endangered species to a threatened species (i.e., downlisted), or reclassified from a threatened species to an endangered species (i.e., uplisted). The determination must be based on the best scientific and commercial data available at the time of the review. Therefore, we request relevant information (e.g., biology, threats, and conservation efforts) that has become available since our previous review of the species.

DATES: To allow us adequate time to conduct the 5-year review, we must receive your information no later than January 27, 2025. While we accept new information about any listed species at any time, information received after the date stated above may not be considered for the purposes of this review.

ADDRESSES: Submit your information electronically via the Federal eRulemaking Portal. Go to https://www.regulations.gov and enter NOAA-NMFS-2024-0137 in the Search box. Click on the "Comment" icon, complete the required fields, and enter or attach your comments.
