2013 Special 301 Out-of-Cycle Review of Spain: Request for Public Comments

AGENCY: Office of the United States Trade Representative.

ACTION: Request for written submissions.

SUMMARY: In the 2013 Special 301 Report (www.ustr.gov), the Office of the United States Trade Representative (USTR) announced that, in order to monitor progress on specific intellectual property rights (IPR) issues, an Out-of-Cycle Review (OCR) would be conducted for El Salvador and Spain. USTR requests written submissions from the public concerning any act, policy, or practice that is relevant to the decision regarding whether Spain should be identified under Section 182 of the Trade Act of 1974 (Trade Act) (19 U.S.C. 2242).

DATES: Friday, February 14, 2014—Deadline for the public, except foreign governments, to submit written comments.

Friday, February 21, 2014—Deadline for foreign governments to submit written comments.

Please note that on January 3, 2014, USTR issued a request for comments from the public and provided notice of a public hearing related to the 2014 Special 301 Review (<https://federalregister.gov/a/2013-31487> (docket number USTR-2013-0040)). The public is not required to respond to both notices. Written submissions related to Spain filed under docket number USTR-2013-0040 will be taken into consideration in this Out-of-Cycle Review.

ADDRESSES: All written comments must be in English and submitted electronically via <http://www.regulations.gov>, docket number USTR-2014-0003. Please specify "2013 Special 301 Out-of-Cycle Review of Spain" in the "Type Comment" field on <http://www.regulations.gov>.

FOR FURTHER INFORMATION CONTACT: George York, Deputy Assistant USTR for Intellectual Property and Innovation,

Office of the United States Trade Representative, at (202) 395-6126.

SUPPLEMENTARY INFORMATION:

1. Background

Section 182 of the Trade Act requires USTR to identify countries that deny adequate and effective protection of IPR or deny fair and equitable market access to U.S. persons who rely on intellectual property protection. The provisions of Section 182 are commonly referred to as the "Special 301" provisions of the Trade Act.

Those countries that have the most onerous or egregious acts, policies, or practices and whose acts, policies, or practices have the greatest adverse impact (actual or potential) on relevant U.S. products are to be identified as Priority Foreign Countries. In addition, USTR has created a "Priority Watch List" and a "Watch List" under Special 301 provisions. Placement of a trading partner on the Priority Watch List or Watch List indicates that particular problems exist in that country with respect to IPR protection, enforcement, or market access for persons relying on intellectual property.

In the 2013 Special 301 Report, USTR noted that although Spain was not listed in the report, USTR would conduct an OCR of Spain focusing in particular on Spain's concrete steps to combat copyright piracy over the Internet. An OCR is a tool that USTR uses to encourage progress on IPR issues of concern. It provides an opportunity for heightened engagement with a trading partner to address and remedy such issues. Successful resolution of specific IPR issues of concern or lack of action on that concern can lead to a change in a trading partner's status on a Special 301 list outside of the typical time frame for the annual Special 301 Report.

1. Written Comments

a. Requirements for Written Comments

To facilitate the review, written comments should be as detailed as possible and provide all necessary information for identifying and assessing the effect of the acts, policies, and practices of Spain. USTR requests that interested parties provide specific references to laws, regulations, policy statements, executive, presidential or other orders, administrative, court or other determinations that should factor in the review. USTR also requests that submissions include data, loss estimates, and other information regarding the economic impact on the United States, U.S. industry, and the U.S. workforce caused by the denial of adequate and effective intellectual
