II. Background

Section 1338 of the Federal Housing Enterprises Financial Safety and Soundness Act of 1992 (Safety and Soundness Act), as added by section 1131(b) of the Housing and Economic Recovery Act of 2008 (HERA), directs the Secretary of the Department of Housing and Urban Development to establish and manage a Housing Trust Fund (HTF) that is funded by amounts allocated by Fannie Mae and Freddie Mac and any other amounts appropriated, transferred, or credited to the HTF under any other provision of law. 12 U.S.C. 4568(a); *see also id.* at 4567(a). The purpose of the HTF is to provide grants to States “to increase and preserve the supply of rental housing for extremely low- and very low-income families, including homeless families” and “to increase homeownership for extremely low- and very low-income families.” *Id.* at 4568(a)(1).

Separately, section 1339 of the Safety and Soundness Act, as added by section 1131(b) of HERA, establishes the Capital Magnet Fund (CMF) within the U.S. Treasury as a special account within the Community Development Financial Institutions Fund. *Id.* at 4569(a). As with the HTF, the CMF is also funded by amounts allocated by Fannie Mae and Freddie Mac and any other amounts appropriated, transferred, or credited to it under any other provision of law. *Id.* at 4569(b); *see also id.* at 4567(a). Funds in the CMF are available to the Secretary of the Treasury to carry out a competitive grant program to attract private capital for, and increase investment in, “the development, preservation, rehabilitation, or purchase of affordable housing for primarily extremely low-, very low-, and low-income families” and “economic development activities or community service facilities . . . which in conjunction with affordable housing activities implement a concerted strategy to stabilize or revitalize a low-

income area or underserved rural area.” *Id.* at 4569(c).

Though the HTF is administered by the Secretary of HUD and the CMF is administered by the Secretary of the Treasury, Fannie Mae and Freddie Mac are supervised by FHFA. *See generally id.*, at 4501 *et seq.* The Director of FHFA has general regulatory authority over each Enterprise and is responsible for ensuring that the purposes of the Safety and Soundness Act, the Enterprises’ charter acts, and any other applicable law are carried out. *Id.* at 4511(b). The duties of the Director include ensuring that the operations and activities of each Enterprise foster liquid, efficient, competitive and resilient national housing finance markets, including activities relating to mortgages on housing for low- and moderate-income families; that each Enterprise complies with the Safety and Soundness Act and any rules, regulations, orders and guidelines issued under it or the Enterprises’ charter acts; and that the activities of each Enterprise and the manner in which they are carried out are consistent with the public interest. *Id.* at 4513(a)(1)(B)(ii), (iii) and (v). The Director is authorized to issue any regulations, guidelines or orders necessary to carry out the duties of the Director under the Safety and Soundness Act or the Enterprise charter acts and to ensure that the purposes of such acts are accomplished. *Id.* at 4526.

The Enterprises’ allocation obligations to support the HTF and CMF (together, the Funds) and related requirements are set forth at section 1337 of the Safety and Soundness Act. *Id.* at 4567. That section addresses the amount the Enterprises are to set aside and allocate to the Secretaries of HUD and the Treasury each fiscal year, based on the unpaid principal balance of their total new business purchases, which are the single- and multi-family residential mortgage loans or re-financings acquired by the Enterprises and held in portfolio or that support securities, notes or other obligations which the Enterprises guarantee. The section further directs the Director to issue a regulation prohibiting an Enterprise from redirecting the costs of any required allocation to the originators of mortgages the Enterprise purchases or securitizes, addresses enforcement of Enterprise compliance with the section and any regulation, rule or order issued pursuant to it, and authorizes the Director temporarily to suspend allocations if the Director makes any finding among three set forth by statute. *Id.*

Pursuant to section 1337 and the Director’s general regulatory authority,

the Director has determined to issue an Interim Final Rule prohibiting each Enterprise from passing through the costs of allocations to originators of mortgages purchased or securitized by the Enterprise.

FHFA is issuing this rule as an Interim Final Rule with request for comments. Section 1337 requires the Director to issue a regulation regarding the prohibition against passing costs of the allocations required under the section to originators and how compliance with the requirements of the regulation and statute is to be enforced. The Interim Final Rule’s substantive provisions are established by statute and the rule does not deviate from or add to the statutory requirements. The need for the rule at this time is to support the implementation process that the Director will provide for the Enterprises to begin the process of setting aside and allocating monies for the Funds and to assure that the prohibition on pass through of costs accompanies the planning and deployment of funds. Further, the rule will support the development of regulatory oversight mechanisms to be put in place to assure compliance with the prohibition.¹

Regulatory Impact

Paperwork Reduction Act

The interim final rule does not contain any information collection requirement that requires the approval of OMB under the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*).

Regulatory Flexibility Act

The Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*) requires that a rule that has a significant economic impact on a substantial number of small entities, small businesses, or small organizations must include an initial regulatory flexibility analysis describing the rule’s impact on small entities. Such an analysis need not be undertaken if the agency has certified that the rule will not have a significant economic impact on a substantial number of small entities. 5 U.S.C. 605(b). FHFA has considered the impact of the interim final rule under the Regulatory Flexibility Act. FHFA certifies that the Interim Final Rule is not likely to have a significant economic impact on a substantial number of small business entities because the rule is applicable

¹ FHFA is issuing this Interim Final Rule with a request for comments to provide transparency on the prohibition and its implementation, though the Rule itself is not a legislative rule but is procedural and thus would be excepted from the normal notice and comment requirements of the Administrative Procedures Act, 5 U.S.C. 553(b) and 5 U.S.C. 553(d)(3).

only to the Enterprises, which are not small entities for purposes of the Regulatory Flexibility Act.

Airworthiness Directives; Airbus Airplanes

AGENCY: Federal Aviation Administration (FAA), Department of Transportation (DOT).

ACTION: Final rule.

SUMMARY: We are adopting a new airworthiness directive (AD) for certain Airbus Model A320–211, –212, –214, –231, –232, and –233 airplanes. This AD was prompted by a report of cracking at the splice plate of the frame (FR) 47 butt joint crossing area found during full-scale fatigue testing. This AD requires repetitive inspections for cracking of both sides of the splice plate of that frame butt joint crossing area, and corrective action if necessary. This AD also provides for an optional modification, which terminates the repetitive inspections. We are issuing this AD to detect and correct fatigue cracking of the splice plate of the FR 47 butt joint crossing area, which could result in reduced structural integrity of the airplane.

DATES: This AD becomes effective January 20, 2015.

The Director of the Federal Register approved the incorporation by reference

of certain publications listed in this AD as of January 20, 2015.

ADDRESSES: You may examine the AD docket on the Internet at <http://www.regulations.gov/#!docketDetail;D=FAA-2014-0453> or in person at the Docket Management Facility, U.S. Department of Transportation, Docket Operations, M–30, West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue SE., Washington, DC.

SUPPLEMENTARY INFORMATION:

Discussion

We issued a notice of proposed rulemaking (NPRM) to amend 14 CFR part 39 by adding an AD that would apply to certain Airbus Model A320–211, –212, –214, –231, –232, and –233 airplanes. The NPRM published in the *Federal Register* on July 18, 2014 (79 FR 41940).

The European Aviation Safety Agency (EASA), which is the Technical Agent for the Member States of the European Community, has issued EASA Airworthiness Directive 2013–0203, dated September 6, 2013 (referred to after this as the Mandatory Continuing Airworthiness Information, or “the MCAI”), to correct an unsafe condition for certain Airbus Model A320–211, –212, –214, –231, –232, and –233 airplanes. The MCAI states:

During the full scale fatigue test on A320–200, cracks were reported at the splice plate of the frame (FR) 47 butt joint crossing area, both sides.

This condition, if not detected and corrected, could affect the structural integrity of the aeroplane.

Prompted by these findings, Airbus developed Mod 31012 and introduced this on the production line to modify the current 2 fastener row butt joint into a 3 fastener row butt joint to prevent further damage. For in-service aeroplanes, a corresponding modification was developed and published
