#### Internal Revenue Service (IRS)

*OMB Number:* 1545-2212.

*Type of Review:* Revision.

*Title:* IRS Taxpayer Burden Surveys

*Abstract:* The IRS is developing improved methods for measuring, estimating, and modeling taxpayer burden. The data collected from this survey of individual taxpayers will be used as an input to a micro-simulation model that estimates taxpayer burden. The IRS will also publish the relevant updated burden estimates in tax form instructions to inform taxpayers. Three types of questions will be asked: questions framing the activities to be measured, burden measurement questions, and questions to better inform taxpayer needs related to their compliance burden.

Each year, individual taxpayers in the United States submit more than 140 million tax returns to the Internal Revenue Service (IRS). The IRS uses the information in these returns, recorded on roughly one hundred distinct forms and supporting schedules, to administer a tax system whose rules span thousands of pages. Managing such a complex and broad-based tax system is costly but represents only a fraction of the total burden of the tax system. Equally, if not more burdensome, is the time and out-of-pocket expenses that citizens spend in order to comply with tax laws and regulations.

The IRS has conducted prior surveys of individual taxpayers in 1984, 1999, 2000, 2007. Changes in tax regulations, tax administration, tax preparation methods, and taxpayer behavior continue to alter the amount and distribution of taxpayer burden. To update our understanding of this burden, the IRS contracted Westat to survey individual taxpayers regarding the time and money taxpayers spend in response to their federal income tax obligations. We intend to conduct an updated survey to better reflect the current tax rules and regulations, the increased usage of tax preparation software, increased efficiency of such software, changes in tax preparation regulations, the increased use of electronic filing, the behavioral response of taxpayers to the tax system, the changing use of services, both IRS and external, and related information collection needs.

The purpose of the IRS entity surveys is to provide Congress and the President with accurate estimates of the costs incurred by corporations, partnerships, limited liability companies, tax-exempt organizations, and government entities in complying with federal rules and regulations.

The critical items on the survey concern respondents' time and cost burden estimates for complying with tax filing regulations. Additional items on the survey will serve as contextualizing variables for interpretation of the burden items. These items include information regarding tax preparation methods and activities, tax-related recordkeeping, gathering materials, learning about tax law, using IRS and/or non-IRS taxpayer services, and tax form completion.

The creation of these new surveys will result in a total estimated burden increase of 6,871 hours and 36,810 annual responses.

*Estimated Total Burden Hours:*  
23,696.

#### Background

The Kingpin Act became law on December 3, 1999. The Kingpin Act establishes a program targeting the activities of significant foreign narcotics traffickers and their organizations on a worldwide basis. It provides a statutory framework for the imposition of sanctions against significant foreign narcotics traffickers and their organizations on a worldwide basis, with the objective of denying their businesses and agents access to the U.S. financial system and the benefits of trade and transactions involving U.S. companies and individuals.

The Kingpin Act blocks all property and interests in property, subject to U.S.

jurisdiction, owned or controlled by significant foreign narcotics traffickers as identified by the President. In addition, the Secretary of the Treasury, in consultation with the Attorney General, the Director of the Central Intelligence Agency, the Director of the Federal Bureau of Investigation, the Administrator of the Drug Enforcement Administration, the Secretary of Defense, the Secretary of State, and the Secretary of Homeland Security may designate and block the property and interests in property, subject to U.S. jurisdiction, of persons who are found to be: (1) Materially assisting in, or providing financial or technological support for or to, or providing goods or services in support of, the international narcotics trafficking activities of a person designated pursuant to the Kingpin Act; (2) owned, controlled, or directed by, or acting for or on behalf of, a person designated pursuant to the Kingpin Act; or (3) playing a significant role in international narcotics trafficking.

On May 7, 2014, the Acting Director of OFAC designated the following four individuals and four entities whose property and interests in property are blocked pursuant to section 805(b) of the Kingpin Act.
