Office of the Secretary

Defense Science Board

AGENCY: Department of Defense.

ACTION: Notice of advisory committee meeting.

SUMMARY: The Defense Science Board (DSB) Task Force on Missile Defense will meet in closed session on January 23, 2002, at the Institute for Defense Analyses, 1801 N. Beauregard Street,

Alexandria, VA. This Task Force will develop recommendations that help guide the ballistic missile defense system (BMDS) toward a fully integrated, layered defense capable of defeating ballistic missiles in any phase of their flight.

The mission of the Defense Science Board is to advise the Secretary of Defense and the Under Secretary of Defense for Acquisition, Technology & Logistics on scientific and technical matters as they affect the perceived needs of the Department of Defense. At this meeting, the Defense Science Board Task Force will examine five areas: counter-countermeasures; boost phase technology; battle management and command, control, and communications; international cooperation; and the evolution of ballistic missile threats.

In accordance with section 10(d) of the Federal Advisory Committee Act, Pub. L. 92-463, as amended (5 U.S.C. App. II), it has been determined that this Defense Science Board Task Force meeting concerns matters listed in 5 U.S.C. 552b(c)(1) and that, accordingly, the meeting will be closed to the public.

Due to critical mission requirements and the short timeframe to accomplish this review, there is insufficient time to provide timely notice required by section 10(a)(2) of the Federal Advisory Committee Act and Subsection 101-6.1015(b) of the GSA Final Rule on Federal Advisory Committee Management, 41 CFR part 101-6, which further requires publication at least 15 calendar days prior to the first meeting of the Task Force on Missile Defense.

Dated: January 9, 2002.
