SUPPLEMENTARY INFORMATION:

I. Abstract

This request is for revision and extension of a currently approved collection. The subsistence use of northern fur seals is cooperatively managed by the National Oceanic and Atmospheric Administration's (NOAA) National Marine Fisheries Service (NMFS) and the Tribal Governments of St. Paul and St. George Islands under § 119 of the Marine Mammal Protection Act, 16 U.S.C. 1388 (MMPA) and governed by regulations found in 50 CFR part 216 subpart F, Taking for Subsistence Purposes under the Fur Seal Act (16 U.S.C. 1155). The regulations, laws, and cooperative agreements are focused on conserving northern fur seals through cooperative effort and consultation regarding effective management of human activities related to the subsistence harvests of northern fur seals and Steller sea lions. In 2014, NMFS obtained a collection of information control number (79 FR 65327; November 4, 2014), reviewed the control number in 2017 (82 FR 51218; November 3, 2017), updated the control number in 2019 (84 FR 52372; October 2, 2019), and corrected in 2020 (85 FR 15948; March 20, 2020).

This is an information collection for the annual subsistence use of male northern fur seals by Alaska Natives (Pribilovians) residing in the communities of St. Paul and St. George, Alaska (Pribilof Islands) under 50 CFR 216 part 216 subpart F. NMFS established regulations regarding the maximum levels for the annual subsistence needs of the Pribilovians after direct consultation with the Tribal Governments of St. Paul and St. George Islands in Alaska and their respective local Native corporations (Tanadgusix and Tanaq). NMFS regulation creates independent northern fur seal subsistence seasons on St. Paul and St. George islands to include male fur seals less than 7 years old, limits on accidental mortality of female northern fur seals, monitoring and reporting through co-management processes established under their respective cooperative agreements. The regulations at 50 CFR 216.72 state that Pribilovians are responsible for reporting their subsistence needs and actual level of subsistence take. NMFS receives electronic copies of the northern fur seal subsistence use reports from the tribal governments of St. Paul and St. George annually. NMFS subsequently posts

these reports online (<https://www.fisheries.noaa.gov/alaska/marine-mammal-protection/northern-fur-seal-subsistence-harvest-estimates-and-reports>) and includes the relevant data in the annual Alaska Marine Mammal Stock Assessment Report.

The only change requested to the collection of information at this time is the changing of the collection title from "Annual Northern Seal Subsistence Harvest Reporting" to "Pribilof Islands, Taking for Subsistence Purposes."

II. Method of Collection

NMFS receives electronic copies of the northern fur seal subsistence use reports from the tribal governments of St. Paul and St. George annually via email.

III. Data

OMB Control Number: 0648-0699.
Form Number(s): None.

Type of Review: Regular submission (revision of a current information collection).

Affected Public: Individuals or households, and State, Local or Tribal Government.

Estimated Number of Respondents: 2.
Estimated Time per Response:

Subsistence use report submitted via email estimated to take 40 hours per response for each respondent. The St. George Island Traditional Council submits two reports annually and the Aleut Community of St. Paul Island submits three reports annually.

Estimated Total Annual Burden
Hours: 200 hours.

Estimated Total Annual Cost to Public: \$80.

Respondent's Obligation: Required to Obtain or Retain Benefits.

Legal Authority: Fur Seal Act (16 U.S.C. 1155).

IV. Request for Comments

We are soliciting public comments to permit the Department/Bureau to: (a) Evaluate whether the proposed information collection is necessary for the proper functions of the Department, including whether the information will have practical utility; (b) Evaluate the accuracy of our estimate of the time and cost burden for this proposed collection, including the validity of the methodology and assumptions used; (c) Evaluate ways to enhance the quality, utility, and clarity of the information to be collected; and (d) Minimize the reporting burden on those who are to respond, including the use of automated collection techniques or other forms of information technology.

Comments that you submit in response to this notice are a matter of

public record. We will include or summarize each comment in our request to OMB to approve this ICR. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you may ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Sheleen Dumas,

Department PRA Clearance Officer, Office of the Chief Information Officer, Commerce Department.

BILLING CODE 3510-22-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[RTID 0648-XC256]

Marine Mammals; File No. 26678

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; receipt of application.

SUMMARY: Notice is hereby given that the Matson Laboratory (Carolyn Nistler, Responsible Party), 135 Wooden Shoe Lane, Manhattan, MT 59741, has applied in due form for a permit to import, export, and receive marine mammal parts for scientific research.

DATES: Written, telefaxed, or email comments must be received on or before September 9, 2022.

ADDRESSES: The application and related documents are available for review by selecting "Records Open for Public Comment" from the "Features" box on the Applications and Permits for Protected Species (APPS) home page, <https://apps.nmfs.noaa.gov>, and then selecting File No. 26678 from the list of available applications. These documents are also available upon written request via email to NMFS.Pr1Comments@noaa.gov.

Written comments on this application should be submitted via email to NMFS.Pr1Comments@noaa.gov. Please include File No. 26678 in the subject line of the email comment.

Those individuals requesting a public hearing should submit a written request via email to NMFS.Pr1Comments@noaa.gov. The request should set forth

the specific reasons why a hearing on this application would be appropriate.

FOR FURTHER INFORMATION CONTACT:

Jennifer Skidmore or Shasta McClenahan, Ph.D., (301) 427-8401.

SUPPLEMENTARY INFORMATION: The subject permit is requested under the authority of the Marine Mammal Protection Act of 1972, as amended (MMPA; 16 U.S.C. 1361 *et seq.*), the regulations governing the taking and importing of marine mammals (50 CFR part 216), the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 *et seq.*), the regulations governing the taking, importing, and exporting of endangered and threatened species (50 CFR parts 222-226), and the Fur Seal Act of 1966, as amended (16 U.S.C. 1151 *et seq.*).

The applicant proposes to receive, import, and export teeth from marine mammal species to perform age analysis including 500 harbor seals (*Phoca vitulina*), 1,000 each of bearded (*Erignathus barbatus*) and spotted seals (*P. largha*), 2,000 ringed seals (*P. hispida*), 500 unidentified pinnipeds (species other than those already mentioned, excluding walrus), and 300 unidentified cetaceans. Sources of foreign and domestic teeth may include subsistence harvests, other authorized researchers or curated collections, law enforcement, and foreign stranded animals. No live animal takes are requested. The requested duration of the permit is five years.

In compliance with the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*), an initial determination has been made that the activity proposed is categorically excluded from the requirement to prepare an environmental assessment or environmental impact statement.

Concurrent with the publication of this notice in the **Federal Register**, NMFS is forwarding copies of the application to the Marine Mammal Commission and its Committee of Scientific Advisors.

Dated: August 5, 2022.

Julia M. Harrison,

Chief, Permits and Conservation Division,
Office of Protected Resources, National
Marine Fisheries Service.

**Pacific Fishery Management Council;
Public Meeting**

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public meeting.

SUMMARY: The Pacific Fishery Management Council's (Pacific Council) Groundfish Advisory Subpanel (GAP) will hold an online meeting, which is open to the public.

DATES: The meeting will be held Thursday, August 25, 2022, from 9 a.m. to 4 p.m., Pacific Time, or until business for each day is completed.

ADDRESSES: This meeting will be held online. Specific meeting information, including directions on how to join the meeting and system requirements will be provided in the meeting announcement on the Pacific Council's website (see www.pcouncil.org). You may send an email to Mr. Kris Kleinschmidt (kris.kleinschmidt@noaa.gov) or contact him at (503) 820-2412 for technical assistance.

Council address: Pacific Fishery Management Council, 7700 NE Ambassador Place, Suite 101, Portland, OR 97220-1384.

FOR FURTHER INFORMATION CONTACT:

Brett Wiedoff, Staff Officer, Pacific Council; telephone: (503) 820-2424.

SUPPLEMENTARY INFORMATION: The primary purpose of this meeting is for the GAP to receive information about potential fishery management changes regarding non-trawl rockfish conservation area management and to begin reviewing materials and preparing recommendations on groundfish matters for the September 2022 Pacific Council meeting. The GAP may also discuss other items on the Pacific Council's September agenda, particularly Pacific halibut, ecosystem, and administrative matters.

Although non-emergency issues not contained in the meeting agenda may be discussed, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically listed in this document and any issues arising after publication of this document that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of

the intent to take final action to address the emergency.

Special Accommodations

Requests for sign language interpretation or other auxiliary aids should be directed to Mr. Kris Kleinschmidt (kris.kleinschmidt@noaa.gov; (503) 820-2412) at least 10 days prior to the meeting date.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: August 4, 2022.

Rey Israel Marquez,

Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

Nominations to the American Fisheries Advisory Committee

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Department of Commerce.

ACTION: Notice; request for nominations.

SUMMARY: Nominations are being sought for appointment by the Secretary of Commerce (Secretary) to serve on the American Fisheries Advisory Committee (Committee). The Committee is responsible for making recommendations to the Secretary for financial assistance awards under the Saltonstall-Kennedy (S-K) Grant Competition under the Department of Commerce. The Committee will also make recommendations to the Secretary to assist in the development of the annual Notice of Funding Opportunities (NoFO) for submission to the S-K Grant Competition. This may include identifying the needs of the fishing communities (program priorities), establishing individual award funding limits, specifying the application review criteria and selection processes, and other sections of the NoFO as appropriate and allowable. Nominees should have demonstrable experience in one or more of the following areas of expertise, and in as many seafood species as possible: seafood harvesting or processing; recreational or commercial fishing; growing seafood; fisheries science; and/or food distribution, marketing, retail, or food service. Nominees must be able to fulfill the time commitments required for up to two annual meetings. It is anticipated that meetings will be in person, rotating
