RIN 0648–BG33

**Fisheries of the Caribbean, Gulf of Mexico, and South Atlantic; Snapper-Grouper Fishery of the South Atlantic Region; Amendment 37; Correction**

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Final rule; correction.

**SUMMARY:** NMFS published a final rule on July 25, 2017, to implement management measures described in Amendment 37 to the Fishery Management Plan for the Snapper-Grouper Fishery of the South Atlantic Region (Amendment 37). This notification corrects the coordinate contained in footnote 2 to Table 1 in the regulatory text to be consistent with the same management boundary and coordinate described in other regulations applicable to the snapper-grouper fishery.

**DATES:** This correction notice is effective on August 24, 2017.

**FOR FURTHER INFORMATION CONTACT:** Adam Bailey, NMFS Southeast Regional

Office, telephone: 727–824–5305, email: [adam.bailey@noaa.gov](mailto:adam.bailey@noaa.gov).

**SUPPLEMENTARY INFORMATION:** On July 25, 2017, NMFS published a final rule in the **Federal Register** (82 FR 34584) to implement management measures in Amendment 37. The final rule modifies the fishery management unit boundaries for hogfish in the South Atlantic by establishing two hogfish stocks, a Georgia through North Carolina (GA/NC) stock and a Florida Keys/East Florida (FLK/EFL) stock; establishes a rebuilding plan for the FLK/EFL hogfish stock; specifies fishing levels and accountability measures (AMs), and modifies or establishes management measures for the GA/NC and FLK/EFL stocks of hogfish. The purpose of the final rule is to manage hogfish using the best scientific information available while ending overfishing and rebuilding the FLK/EFL hogfish stock. The final rule is effective August 24, 2017.

**Need for Correction**

As explained in the final rule for Amendment 37, NMFS corrected an error with the footnotes in Table 1 of § 622.1. After the final rule published, NMFS discovered an additional error in one of those footnotes addressed in the final rule for Amendment 37. NMFS determined that a coordinate describing a management boundary for black sea bass and scup in footnote 2 was inaccurate and inconsistent with the same management boundary referenced in subpart I of part 622 of the Code of Federal Regulations. NMFS publishes this notification to correct that mistake. The coordinate in footnote 2 is intended to be “35°15.19’”, not “35°15.9’”.

**Corrections**

In the **Federal Register** on July 25, 2017, in FR Doc. 2017–15588:

1. On p. 34594, instruction 2 is corrected to read as follows:  
 “2. In § 622.1, revise the Table 1 entry for “FMP for the Snapper-Grouper Fishery of the South Atlantic Region,” revise the entry for footnote 2, and add footnote 8 to Table 1 to read as follows:”

2. On page 34594, footnote 2 in Table 1 to § 622.1 is corrected to read as follows:

“<sup>2</sup> Black sea bass and scup are not managed by the FMP or regulated by this part north of 35°15.19’ N. lat., the latitude of Cape Hatteras Light, NC.”

**Authority:** 16 U.S.C. 1801 *et seq.*

Dated: August 21, 2017.
