Final Approval Under OMB Delegated Authority of the Extension for Three Years, Without Revision, of the Following Information Collection

Collection title: Payments Research Survey.

Collection identifier: FR 3067.

OMB control number: 7100–0355.

General description of collection: The FR 3067 is a series of surveys used to conduct research related to the Federal Reserve System’s role in the payments system, including supervisory, regulatory, fiscal, or operational responsibilities. The survey topics are time-sensitive and the questions of interest vary with the focus of the survey. Because the relevant questions may change with each survey, there is no fixed reporting form. For each survey, the Board prepares questions of specific topical interest and then determines the relevant target group to contact.

Frequency: As needed.

Respondents: Private sector, individual consumers or households, and state and local government agencies.

Total estimated number of respondents: 10,000.

Total estimated annual burden hours: 30,000.

Current actions: On September 15, 2022, the Board published a notice in the **Federal Register** (87 FR 56677) requesting public comment for 60 days on the extension, without revision, of the FR 3067. The comment period for this notice expired on November 14, 2022. The Board did not receive any comments.
