AUTHORITY FOR MAINTENANCE OF THE SYSTEM:

5 U.S.C. 301, Departmental Regulations; 5 U.S.C. App. 3 (Pub. L. 95-452, as amended (Inspector General Act of 1978)); 10 U.S.C. 136, Under Secretary of Defense for Personnel and Readiness; 10 U.S.C. 1562, Database on Domestic Violence Incidents; Pub. L. 106-265, Federal Long-Term Care Insurance; 10 U.S.C. 2358, Research and Development Projects; and E.O. 9397 (SSN).

PURPOSE(S):

The purpose of the system of records is to provide a single central facility within the Department of Defense to assess manpower trends, support personnel and readiness functions, to perform longitudinal statistical analyses, identify current and former DOD civilian and military personnel for purposes of detecting fraud and abuse of pay and benefit programs, to register current and former DOD civilian and military personnel and their authorized dependents for purposes of obtaining medical examination, treatment or other benefits to which they are qualified.

To collect debts owed to the United States Government and state and local governments.

Information will be used by agency officials and employees, or authorized contractors, and other DOD Components in the preparation of studies and policy as related to the health and well-being of current and past military and DOD affiliated personnel; to respond to Congressional and Executive branch inquiries; and to provide data or documentation relevant to the testing or exposure of individuals.

Military drug test records will be maintained and used to conduct longitudinal, statistical, and analytical studies and computing demographic reports on military personnel. No personal identifiers will be included in the demographic data reports. All requests for Service specific drug testing demographic data will be approved by the Service designated drug testing program office. All requests for DOD wide drug testing demographic data will be approved by the DOD Coordinator for Drug Enforcement Policy and Support, 1510 Defense Pentagon, Washington, DC 20301-1510.

DMDC web usage data will be used to validate continued need for user access to DMDC computer systems and databases, to address problems associated with web access, and to ensure that access is only for official purposes.

ROUTINE USES OF RECORDS MAINTAINED IN THE SYSTEM, INCLUDING CATEGORIES OF USERS AND THE PURPOSES OF SUCH USES:

In addition to those disclosures generally permitted under 5 U.S.C. 552a(b) of the Privacy Act, these records or information contained therein may specifically be disclosed outside the DOD as a routine use pursuant to 5 U.S.C. 552a(b)(3) as follows:

1. To the Department of Veterans Affairs (DVA):

a. To provide military personnel and pay data for present and former military personnel for the purpose of evaluating

use of veterans benefits, validating benefit eligibility and maintaining the health and well being of veterans and their family members.

b. To provide identifying military personnel data to the DVA and its insurance program contractor for the purpose of notifying separating eligible Reservists of their right to apply for Veteran's Group Life Insurance coverage under the Veterans Benefits Improvement Act of 1996 (38 U.S.C. 1968).

c. To register eligible veterans and their dependents for DVA programs.

d. Providing identification of former military personnel and survivor's financial benefit data to DVA for the purpose of identifying military retired pay and survivor benefit payments for use in the administration of the DVA's Compensation and Pension program (38 U.S.C. 5106). The information is to be used to process all DVA award actions more efficiently, reduce subsequent overpayment collection actions, and minimize erroneous payments.

e. To conduct computer matching programs regulated by the Privacy Act of 1974, as amended (5 U.S.C. 552a), for the purpose of:

(1) Providing full identification of active duty military personnel, including full time National Guard/ Reserve support personnel, for use in the administration of DVA's Compensation and Pension benefit program. The information is used to determine continued eligibility for DVA disability compensation to recipients who have returned to active duty so that benefits can be adjusted or terminated as required and steps taken by DVA to collect any resulting over payment (38 U.S.C. 5304(c)).

(2) Providing military personnel and financial data to the Veterans Benefits Administration, DVA for the purpose of determining initial eligibility and any changes in eligibility status to insure proper payment of benefits for GI Bill education and training benefits by the DVA under the Montgomery GI Bill (Title 10 U.S.C., Chapter 1606—Selected Reserve and Title 38 U.S.C., Chapter 30—Active Duty). The administrative responsibilities designated to both agencies by the law require that data be exchanged in administering the programs.

(3) Providing identification of reserve duty, including full time support National Guard/Reserve military personnel, to the DVA, for the purpose of deducting reserve time served from any DVA disability compensation paid or waiver of VA benefit. The law (10 U.S.C. 12316) prohibits receipt of reserve pay and DVA compensation for

the same time period, however, it does permit waiver of DVA compensation to draw reserve pay.

(4) Providing identification of former active duty military personnel who received separation payments to the DVA for the purpose of deducting such repayment from any DVA disability compensation paid. The law requires recoupment of severance payments before DVA disability compensation can be paid (10 U.S.C. 1174).

f. To provide identifying military personnel data to the DVA for the purpose of notifying such personnel of information relating to educational assistance as required by the Veterans Programs Enhancement Act of 1998 (38 U.S.C. 3011 and 3034).

2. To the Office of Personnel Management (OPM):

a. Consisting of personnel/ employment/financial data for the purpose of carrying out OPM's management functions. Records disclosed concern pay, benefits, retirement deductions and any other information necessary for those management functions required by law (Pub. L. 83-598, 84-356, 86-724, 94-455 and 5 U.S.C. 1302, 2951, 3301, 3372, 4118, 8347).

b. To conduct computer matching programs regulated by the Privacy Act of 1974, as amended (5 U.S.C. 552a) for the purpose of:

(1) Exchanging personnel and financial data to identify individuals who are improperly receiving military retired pay and credit for military service in their civil service annuities, or annuities based on the 'guaranteed minimum' disability formula. The match will identify and/or prevent erroneous payments under the Civil Service Retirement Act (CSRA) 5 U.S.C. 8331 and the Federal Employees' Retirement System Act (FERSA) 5 U.S.C. 8411. DOD's legal authority for monitoring retired pay is 10 U.S.C. 1401.

(2) Exchanging civil service and Reserve military personnel data to identify those individuals of the Reserve forces who are employed by the Federal government in a civilian position. The purpose of the match is to identify those particular individuals occupying critical positions as civilians and cannot be released for extended active duty in the event of mobilization. Employing Federal agencies are informed of the reserve status of those affected personnel so that a choice of terminating the position or the reserve assignment can be made by the individual concerned. The authority for conducting the computer match is contained in E.O. 11190, Providing for

the Screening of the Ready Reserve of the Armed Services.

c. Matching for administrative purposes to include updated employer addresses of Federal civil service employees who are reservists and demographic data on civil service employees who are reservists.

3. To the Internal Revenue Service (IRS) for the purpose of obtaining home addresses to contact Reserve component members for mobilization purposes and for tax administration. For the purpose of conducting aggregate statistical analyses on the impact of DOD personnel of actual changes in the tax laws and to conduct aggregate statistical analyses to lifestream earnings of current and former military personnel to be used in studying the comparability of civilian and military pay benefits. To aid in administration of Federal Income Tax laws and regulations, to identify non compliance and delinquent filers.

4. To the Department of Health and Human Services (DHHS):

a. To the Office of the Inspector General, DHHS, for the purpose of identification and investigation of DOD employees and military members who may be improperly receiving funds under the Aid to Families of Dependent Children Program.

b. To the Office of Child Support Enforcement, Federal Parent Locator Service, DHHS, pursuant to 42 U.S.C. 653 and 653a; to assist in locating individuals for the purpose of establishing parentage; establishing, setting the amount of, modifying, or enforcing child support obligations; or enforcing child custody or visitation orders; and for conducting computer matching as authorized by E.O. 12953 to facilitate the enforcement of child support owed by delinquent obligors within the entire civilian Federal government and the Uniformed Services work force (active and retired). Identifying delinquent obligors will allow State Child Support Enforcement agencies to commence wage withholding or other enforcement actions against the obligors.

Note 1: Information requested by DHHS is not disclosed when it would contravene U.S. national policy or security interests (42 U.S.C. 653(e)).

Note 2: Quarterly wage information is not disclosed for those individuals performing intelligence or counter intelligence functions and a determination is made that disclosure could endanger the safety of the individual or compromise an ongoing investigation or intelligence mission (42 U.S.C. 653(n)).

c. To the Health Care Financing Administration (HCFA), DHHS for the purpose of monitoring HCFA

reimbursement to civilian hospitals for Medicare patient treatment. The data will ensure no Department of Defense physicians, interns, or residents are counted for HCFA reimbursement to hospitals.

d. To the Center for Disease Control and the National Institutes of Mental Health, DHHS, for the purpose of conducting studies concerned with the health and well being of active duty, reserve, and retired personnel or veterans, to include family members.

e. To conduct computer matching programs regulated by the Privacy Act of 1974, as amended (5 U.S.C. 552a), for the purpose of determining continued eligibility and help eliminate fraud and abuse in benefit programs by identifying individuals who are receiving Federal compensation or pension payments and also are receiving payments pursuant to Federal benefit programs being administered by the States.

5. To the Social Security Administration (SSA):

a. To the Office of Research and Statistics for the purpose of (1) conducting statistical analyses of impact of military service and use of GI Bill benefits on long term earnings, and (2) obtaining current earnings data on individuals who have voluntarily left military service or DOD civil employment so that analytical personnel studies regarding pay, retention and benefits may be conducted.

Note 3: Earnings data obtained from the SSA and used by DOD does not contain any information that identifies the individual about whom the earnings data pertains.

b. To the Bureau of Supplemental Security Income for the purpose of verifying information provided to the SSA by applicants and recipients/beneficiaries, who are retired members of the Uniformed Services or their survivors, for Supplemental Security Income (SSI) or Special Veterans' Benefits (SVB). By law (42 U.S.C. 1006 and 1383), the SSA is required to verify eligibility factors and other relevant information provided by the SSI or SVB applicant from independent or collateral sources and obtain additional information as necessary before making SSI or SVB determinations of eligibility, payment amounts, or adjustments thereto.

c. To the Client Identification Branch for the purpose of validating the assigned Social Security Number for individuals in DOD personnel and pay files, using the SSA Enumeration Verification System (EVS).

6. To the Selective Service System (SSS) for the purpose of facilitating

compliance of members and former members of the Armed Forces, both active and reserve, with the provisions of the Selective Service registration regulations (50 U.S.C. App. 451 and E.O. 11623).

7. To the Department of Labor (DOL) to reconcile the accuracy of unemployment compensation payments made to former DOD civilian employees and military members by the states. To the Department of Labor to survey military separations to determine the effectiveness of programs assisting veterans to obtain employment.

8. To Federal and Quasi Federal agencies, territorial, state, and local governments to support personnel functions requiring data on prior military service credit for their employees or for job applications. Information released includes name, Social Security Number, and military or civilian address of individuals. To detect fraud, waste and abuse pursuant to the authority contained in the Inspector General Act of 1978, as amended (Pub. L. 95-452) for the purpose of determining eligibility for, and/or continued compliance with, any Federal benefit program requirements.

9. To consumer reporting agencies to obtain current addresses of separated military personnel to notify them of potential benefits eligibility.

10. To state and local law enforcement investigative agencies to obtain criminal history information for the purpose of evaluating military service performance and security clearance procedures (10 U.S.C. 2358).

11. To Federal and Quasi Federal agencies, territorial, state and local governments, and contractors and grantees for the purpose of supporting research studies concerned with the health and well being of active duty, reserve, and retired personnel or veterans, to include family members. DMDC will disclose information from this system of records for research purposes when DMDC:

a. has determined that the use or disclosure does not violate legal or policy limitations under which the record was provided, collected, or obtained;

b. has determined that the research purpose (1) cannot be reasonably accomplished unless the record is provided in individually identifiable form, and (2) warrants the risk to the privacy of the individual that additional exposure of the record might bring;

c. has required the recipient to (1) establish reasonable administrative, technical, and physical safeguards to prevent unauthorized use or disclosure of the record, and (2) remove or destroy

the information that identifies the individual at the earliest time at which removal or destruction can be accomplished consistent with the purpose of the research project, unless the recipient has presented adequate justification of a research or health nature for retaining such information, and (3) make no further use or disclosure of the record except (A) in emergency circumstances affecting the health or safety of any individual, (B) for use in another research project, under these same conditions, and with written authorization of the Department, (C) for disclosure to a properly identified person for the purpose of an audit related to the research project, if information that would enable research subjects to be identified is removed or destroyed at the earliest opportunity consistent with the purpose of the audit, or (D) when required by law;

d. has secured a written statement attesting to the recipient's understanding of, and willingness to abide by these provisions.

12. To the Educational Testing Service, American College Testing, and like organizations for purposes of obtaining testing, academic, socioeconomic, and related demographic data so that analytical personnel studies of the Department of Defense civilian and military workforce can be conducted.

Note 4: Data obtained from such organizations and used by DOD does not contain any information that identifies the individual about whom the data pertains.

13. To Federal and State agencies for purposes of obtaining socioeconomic information on Armed Forces personnel so that analytical studies can be conducted with a view to assessing the present needs and future requirements of such personnel.

14. To Federal and state agencies for purposes of validating demographic data (e.g., Social Security Number, citizenship status, date and place of birth, etc.) for individuals in DOD personnel and pay files so that accurate information is available in support of DOD requirements.

15. To the Bureau of Citizenship and Immigration Services, Department of Homeland Security, for purposes of facilitating the verification of individuals who may be eligible for expedited naturalization (Pub. L. 108-136, Section 1701, and E.O. 13269, Expedited Naturalization).

16. To Federal and State agencies, as well as their contractors and grantees, for purposes of providing military wage, training, and educational information so that Federal-reporting requirements, as

mandated by statute, such as the Workforce Investment Act (29 U.S.C. 2801, et seq.) and the Carl D. Perkins Vocational and Applied Technology Act (20 U.S.C. 2301, et seq.) can be satisfied.

The DOD 'Blanket Routine Uses' set forth at the beginning of the DLA compilation of record system notices apply to this record system.

Note 5: Military drug test information involving individuals participating in a drug abuse rehabilitation program shall be confidential and be disclosed only for the purposes and under the circumstances expressly authorized in 42 U.S.C. 290dd-2. This statute takes precedence over the Privacy Act of 1974, in regard to accessibility of such records except to the individual to whom the record pertains. The DOD 'Blanket Routine Uses' do not apply to these types records.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

STORAGE:

Electronic storage media.

RETRIEVABILITY:

Retrieved by name, Social Security Number, occupation, or any other data element contained in system.

SAFEGUARDS:

Access to personal information is restricted to those who require the records in the performance of their official duties. Access to personal information is further restricted by the use of Common Access Cards (CAC). Physical entry is restricted by the use of locks, guards, and administrative procedures. All individuals granted access to this system of records are to have taken Information Assurance and Privacy Act training; all have been through the vetting process and have ADP ratings.

RETENTION AND DISPOSAL:

The records are used to provide a centralized system within the Department of Defense to assess manpower trends, support personnel functions, perform longitudinal statistical analyses, conduct scientific studies or medical follow-up programs and other related studies/analyses. Records are retained as follows:

(1) Input/source records are deleted or destroyed after data have been entered into the master file or when no longer needed for operational purposes, whichever is later. Exception: Apply NARA-approved disposition instructions to the data files residing in other DMDC data bases.

(2) The Master File is retained permanently. At the end of the fiscal

year, a snapshot is taken and transferred to the National Archives in accordance with 36 CFR part 1228.270 and 36 CFR part 1234.

(3) Output records (electronic or paper summary reports) are deleted or destroyed when no longer needed for operational purposes. Note: This disposition instruction applies only to recordkeeping copies of the reports retained by DMDC. The DOD office requiring creation of the report should maintain its recordkeeping copy in accordance with NARA approved disposition instructions for such reports.

(4) System documentation (codebooks, record layouts, and other system documentation) are retained permanently and transferred to the National Archives along with the master file in accordance with 36 CFR part 1228.270 and 36 CFR part 1234.

SYSTEM MANAGER(S) AND ADDRESS:

Deputy Director, Defense Manpower Data Center, DOD Center Monterey Bay, 400 Gigling Road, Seaside, CA 93955-6771.

NOTIFICATION PROCEDURE:

Individuals seeking to determine whether information about themselves is contained in this system should address written inquiries to the Privacy Act Officer, Headquarters, Defense Logistics Agency, ATTN: DP, 8725 John J. Kingman Road, Stop 2533, Fort Belvoir, VA 22060-6221.

Written requests should contain the full name, Social Security Number, date of birth, and current address and telephone number of the individual.

RECORD ACCESS PROCEDURES:

Individuals seeking access to information about themselves contained in this system should address written inquiries to the Privacy Act Officer, Headquarters, Defense Logistics Agency, ATTN: DP, 8725 John J. Kingman Road, Stop 2533, Fort Belvoir, VA 22060-6221.

Written requests should contain the full name, Social Security Number, date of birth, and current address and telephone number of the individual.

BILLING CODE 5001-06-P

DEPARTMENT OF DEFENSE**Department of the Army**

[USA-006-0042]

Privacy Act of 1974; System of Records

AGENCY: Department of the Army, DoD.

ACTION: Notice to alter a system of records.

SUMMARY: The Department of the Army proposes to alter a system of records notice in its inventory of records systems subject to the Privacy Act of 1974 (5 U.S.C. 552a), as amended.

DATES: This proposed action will be effective without further notice on February 7, 2007 unless comments are received which result in a contrary determination.

ADDRESSES: Send comments to Department of the Army, Freedom of Information/Privacy Division, U.S. Army Records Management and Declassification Agency, ATTN: AHRC-PDD-FPZ, 7701 Telegraph Road, Casey Building, Suite 144, Alexandria, VA 22325-3905.

FOR FURTHER INFORMATION CONTACT: Mr. Robert Dickerson at (703) 428-6513.

SUPPLEMENTARY INFORMATION: The notice was published on October 25, 2005 at 70 FR 61607. There were numerous comments, but many were virtually identical in format and content. We agree, in part, with some of the comments, and where so, we have made changes to the system notice.

The commenter's observe that the system violates victims' (and offender's) privacy rights. We disagree. The inclusion of personal information in the SADMS does not violate law or contravene public policy. The personal identifying information (PII) that will be incorporated into the Sexual Assault

Data Management System (SADMS) already exists in other Army information systems that are identified in the system notice. SADMS simply consolidates data for the purposes set forth in the notice.

The commenter's remark that use of PII would deter victims from reporting sexual assaults. We disagree. The Army Sexual Assault Prevention and Response (SAPR) Program is designed to foster the confidence of Soldiers and increase their likelihood of reporting. It is widely recognized that sexual assault is the most underreported crime in the United States. SADMS, as a consolidation of data reported and captured in other Army information systems, will enable Army SAPR Program officials to assess the effectiveness of the Army's response and prevention program and to make necessary and appropriate changes to policy and procedure to correct any identified weaknesses or failings in the program. Incident to analyzing the data in the system, great care is taken, both technically and procedurally, to ensure that the privacy and confidentiality of victim data is preserved and protected. Fewer than ten individuals in or supporting the Headquarters Department of the Army (HQDA) SAPR Program Office will be authorized direct system access to PII contained in the SADMS, but only on an as needed basis for purposes of discharging their SAPR Program management responsibilities. Additionally, the Assistant Deputy Chief of Staff, G-1 (Personnel) must explicitly approve such access prior to personnel being granted system privileges (or permissions), to access PII within the SADMS. No other Department of the Army personnel will be authorized direct access to PII in SADMS. Victims can be assured that their PII is not disseminated throughout the Army, but is only disclosed in accordance with authorized program management purposes.

The commenter's observe that personally identifying information should not be included in the system. We disagree. As indicated above, SADMS is a consolidation of sexual assault incident and response data previously reported and captured in other Army information systems. It is designed to provide Army SAPR program leaders a holistic view of these incidents, to measure the effectiveness of the Army's SAPR Program, to support the management of the program as recommended by the Acting Secretary of the Army's Task Force Report on Sexual Assault Policies published in May 2004, and to respond to queries by Congress and/or Senior Army Leaders.

To ensure it fulfills these purposes, it is critically important that data contained in the system be accurate. Analysis of sexual assault incident and response data across all the SADMS feeder systems identified in the systems notice demonstrates that the most effective way to accurately synthesize these separate information systems is to correlate data by common data fields—the personal identifying information. Inclusion of this information is the most efficient means of assuring that accurate information is received and correlated from these feeder systems.

The commenter's question the rationale for developing a separate data management system in addition to the Defense Incident-Based Reporting System (DIBRS). The Army elected to develop and implement the SADMS because the Defense Incident Based Reporting System (DIBRS) did not provide the information necessary to manage and measure the effectiveness of the different components of the Army's SAPR Program. DIBRS, while containing incident, investigative and offender accountability information, does not address support services being made available to and/or received by victims. The Acting Secretary of the Army's Task Force Report on Sexual Assault Policies found that the Army lacked a centralized system to document all relevant data regarding sexual assault cases, including care provided to the victim. The Task Force recognized that critical information is not available at a single location, information that could provide greater understanding about how well the Army's sexual assault prevention and response policies and procedures are working. At the time when the report was issued, all available Army data on sexual assaults, victims, and alleged perpetrators resided in different systems across several Army organizations. This decentralization made it difficult to follow victims, alleged perpetrators, and cases between services, components, and organizations. SADMS is designed to specifically address this shortcoming and to provide Army SAPR Program leaders the capability to manage and measure the effectiveness of the Army's SAPR Program.

The commenters point out that it is unclear who will have access to the SADMS. As indicated above, the SADMS will only operate in support of HQDA (Army G-1) Sexual Assault Prevention and Response (SAPR) Program requirements. As discussed above, fewer than ten individuals in or supporting the HQDA SAPR Program Office will be authorized direct system access to personal identifying
