

Under the Proposed Action, DHS and its Components would continue ongoing RDT&E activities, but on a nationwide scale. The Proposed Action also includes the nationwide use and operation of C-UAS, outside of a testing environment, to conduct training and operational activities, such as law enforcement and security. The Proposed Action includes all elements related to the training, operation, maintenance, and use of C-UAS, including mitigation. This would allow DHS to continue its current testing of C-UAS while also enabling DHS and its Components to use C-UAS in an operational setting to support mission requirements.

Potential impacts for this Proposed Action would be associated with the testing, operation, and use of C-UAS, including supporting systems, and mobilization to a needed location, if applicable. All C-UAS currently in use by DHS are either ground- or vehicle-mounted. C-UAS maintenance would occur in existing DHS facilities using standard tools and materials, and in accordance with standard operating procedures for equipment maintenance.

DHS has decided to prepare a PEA for this Proposed Action to assist agency planning, decision making, and establish standard best management practices. This notice starts the scoping process for the PEA and solicits information regarding important environmental issues and alternatives that should be considered in the PEA. Additionally, DHS will use the scoping process to identify and eliminate from detailed analysis issues that are not significant or that have been analyzed by prior environmental review. DHS also invites agencies with jurisdiction by law and/or special expertise with respect to environmental issues of this Proposed Action to formally cooperate with DHS in preparation of the PEA.

The PEA analyses will also support compliance with other environmental statutes (e.g., National Historic Preservation Act, Endangered Species Act, Clean Air Act, etc.).

Request for Comments: Federal agencies; Tribal, state, and local governments; the public; and other interested parties are requested to comment on the important issues to be considered in the PEA. Comments must be provided by April 7, 2025. For information on how to submit, see the **ADDRESSES** section above. A mailing address to submit hardcopy comments can be provided upon request.

(Authority: National Environmental Policy Act (NEPA) of 1969 (42 U.S.C. 4321 *et seq.*), DHS Management Directive 023-01, rev. 01 (Implementation of NEPA), and DHS

Instruction Manual 023-01-001-01, rev. 01 (Implementation of the NEPA).)

Jennifer Hass,

Director, Environmental Planning and Historic Preservation Program, Office of the Chief Readiness Support Officer, Department of Homeland Security.

BILLING CODE P

INTERNATIONAL TRADE COMMISSION

[Investigation No. 731-TA-1424 (Review)]

Mattresses From China; Scheduling of an Expedited Five-Year Review

AGENCY: United States International Trade Commission.

ACTION: Notice.

SUMMARY: The Commission hereby gives notice of the scheduling of an expedited review pursuant to the Tariff Act of 1930 (“the Act”) to determine whether

revocation of the antidumping duty order on mattresses from China would be likely to lead to continuation or recurrence of material injury within a reasonably foreseeable time.

DATES: February 4, 2025.

FOR FURTHER INFORMATION CONTACT:

Rachel Devenney (202-205-3172), Office of Investigations, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436. Hearing-impaired persons can obtain information on this matter by contacting the Commission's TDD terminal on 202-205-1810. Persons with mobility impairments who will need special assistance in gaining access to the Commission should contact the Office of the Secretary at 202-205-2000. General information concerning the Commission may also be obtained by accessing its internet server (<https://www.usitc.gov>). The public record for this proceeding may be viewed on the Commission's electronic docket (EDIS) at <https://edis.usitc.gov>.

SUPPLEMENTARY INFORMATION:

Background.—On February 4, 2025, the Commission determined that the domestic interested party group response to its notice of institution (89 FR 87404, November 1, 2024) of the subject five-year review was adequate and that the respondent interested party group response was inadequate. The Commission did not find any other circumstances that would warrant conducting a full review.¹ Accordingly, the Commission determined that it would conduct an expedited review pursuant to section 751(c)(3) of the Act (19 U.S.C. 1675(c)(3)).

For further information concerning the conduct of this review and rules of general application, consult the Commission's Rules of Practice and Procedure, part 201, subparts A and B (19 CFR part 201), and part 207, subparts A, D, E, and F (19 CFR part 207).

Staff report.—A staff report containing information concerning the subject matter of the review has been placed in the nonpublic record, and will be made available to persons on the Administrative Protective Order service list for this review on April 9, 2025. A public version will be issued thereafter, pursuant to § 207.62(d)(4) of the Commission's rules.

Written submissions.—As provided in § 207.62(d) of the Commission's rules, interested parties that are parties to the

¹ A record of the Commissioners' votes, the Commission's statement on adequacy, and any individual Commissioner's statements will be available from the Office of the Secretary and at the Commission's website.

review and that have provided individually adequate responses to the notice of institution,² and any party other than an interested party to the review may file written comments with the Secretary on what determination the Commission should reach in the review. Comments are due on or before 5:15 p.m. on April 17, 2025 and may not contain new factual information. Any person that is neither a party to the five-year review nor an interested party may submit a brief written statement (which shall not contain any new factual information) pertinent to the review by April 17, 2025. However, should the Department of Commerce (“Commerce”) extend the time limit for its completion of the final results of its review, the deadline for comments (which may not contain new factual information) on Commerce’s final results is three business days after the issuance of Commerce’s results. If comments contain business proprietary information (BPI), they must conform with the requirements of §§ 201.6, 207.3, and 207.7 of the Commission’s rules. The Commission’s *Handbook on Filing Procedures*, available on the Commission’s website at https://www.usitc.gov/documents/handbook_on_filing_procedures.pdf, elaborates upon the Commission’s procedures with respect to filings.

In accordance with §§ 201.16(c) and 207.3 of the rules, each document filed by a party to the review must be served on all other parties to the review (as identified by either the public or BPI service list), and a certificate of service must be timely filed. The Secretary will not accept a document for filing without a certificate of service.

Determination.—The Commission has determined this review is extraordinarily complicated and therefore has determined to exercise its authority to extend the review period by up to 90 days pursuant to 19 U.S.C. 1675(c)(5)(B).

Authority: This review is being conducted under authority of title VII of the Act; this notice is published pursuant to § 207.62 of the Commission’s rules.

By order of the Commission.

Issued: March 4, 2025.

Lisa Barton,

Secretary to the Commission.

BILLING CODE 7020–02–P

INTERNATIONAL TRADE COMMISSION

[Investigation No. 337–TA–1372]

Certain Vaporizer Devices, Cartridges Used Therewith, and Components Thereof; Notice of a Commission Determination To Review in Part a Final Initial Determination Finding No Violation of Section 337 and, on Review, To Affirm the Finding of No Violation; Termination of the Investigation

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission has determined to review in part a final initial determination (“ID”) issued by the presiding administrative law judge (“ALJ”) on December 5, 2024, finding no violation of section 337 in the above-referenced investigation and, on review, to affirm the finding of no violation. The investigation is terminated.

FOR FURTHER INFORMATION CONTACT: Michael Liberman, Esq., Office of the General Counsel, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436, telephone (202) 205–3115. Copies of non-confidential documents filed in connection with this investigation may be viewed on the Commission’s electronic docket (EDIS) at <https://edis.usitc.gov>. For help accessing EDIS, please email EDIS3Help@usitc.gov. General information concerning the Commission may also be obtained by accessing its internet server at <https://www.usitc.gov>. Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission’s TDD terminal, telephone (202) 205–1810.

SUPPLEMENTARY INFORMATION: On September 26, 2023, the Commission instituted this investigation based on a complaint filed by NJOY, LLC of Scottsdale, Arizona (“NJOY”). 88 FR 66050 and 66051 (Sept. 26, 2023). The complaint alleged violations of section 337 based on the importation into the United States, the sale for importation, or the sale within the United States after importation of certain vaporizer devices, cartridges used therewith, and

components thereof by reason of infringement of claims 1–48 of U.S. Patent No. 11,497,864 (“the ‘864 patent”) and claims 1, 3, 4, 6–9, 11, 12, 14–17, 19, 20, 22, 23, and 25–27 of U.S. Patent No. 10,334,881 (“the ‘881 patent”). The Commission’s notice of investigation named JUUL Labs, Inc. of Washington, DC (“JLI”) as the sole respondent. *Id.* The Office of Unfair Import Investigations was named as a party in the investigation. *Id.*

On April 30, 2024, the ALJ issued Order No. 44, granting Complainant’s motion to terminate the investigation with respect to (i) claims 2–18, 20–25, and 27 of the ‘881 patent; and (ii) claims 1, 3–8, 11, 14, 17–19, 21–25, and 27–48 of the ‘864 patent based on the withdrawal of allegations in the Complaint relating thereto. Order No. 44 (Apr. 30, 2024), *unreviewed by Comm’n* Notice (May 20, 2024). At the time of the final ID, NJOY continued to assert claims 2, 9, 10, 12, 13, 15, 16, 20, and 26 of the ‘864 patent, and claims 1, 19, and 26 of the ‘881 patent.

On December 5, 2024, the presiding ALJ issued a final ID on violation of section 337 and recommended determination on remedy and bond finding no violation of section 337. The ID found that a violation of section 337 has not occurred by the importation into the United States, the sale for importation, or the sale within the United States after importation of certain vaporizer devices, cartridges used therewith, and components thereof based on infringement of the ‘881 and ‘864 patents. The ID found that the economic prong of the domestic industry requirement has not been satisfied with respect to any of the asserted patents. The ID also found that the technical prong of the domestic industry requirement was satisfied with respect to the ‘864 patent, and was not satisfied with respect to the ‘881 patent. The ID further found that it has not been shown by clear and convincing evidence that the asserted claims of the asserted patents are invalid.

On December 18, 2024, the Chair granted NJOY’s request for all parties to file petitions for Commission review of the Final ID on December 23, 2024, and responses to the petitions on January 8, 2025.

On December 23, 2024, complainant NJOY filed “Complainant’s Petition for Review of Initial Determination on Violation of Section 337.” On the same day, respondent JLI filed “Respondent JUUL Labs, Inc.’s Contingent Petition for Review of the Initial Determination on Violation of Section 337.” On January 8, 2025, respondent JLI and complainant NJOY filed “Respondent JUUL Labs,

² The Commission has found the responses submitted on behalf of Brooklyn Bedding LLC; Carpenter Company; Corsicana Mattress Company; Future Foam, Inc.; FXI, Inc.; Kolcraft Enterprises Inc.; Leggett & Platt, Incorporated; Serta Simmons Bedding, LLC; Southerland Inc; Tempur Sealy International, Inc; the International Brotherhood of Teamsters; and the United Steel, Paper and Forestry, Rubber, Manufacturing, Energy, Allied Industrial and Service Workers International Union, AFL–CIO to be individually adequate. Comments from other interested parties will not be accepted (see 19 CFR 207.62(d)(2)).
