Federal Register

Vol. 79, No. 138

Friday, July 18, 2014

This section of the FEDERAL REGISTER contains notices to the public of the proposed issuance of rules and regulations. The purpose of these notices is to give interested persons an opportunity to participate in the rule making prior to the adoption of the final rules.

OFFICE OF PERSONNEL MANAGEMENT

5 CFR Part 532

RIN 3206-AN06

Prevailing Rate Systems; Redefinition of the Fort Wayne-Marion, IN, and Detroit, MI, Appropriated Fund Federal Wage System Wage Areas

AGENCY: U.S. Office of Personnel Management.

ACTION: Proposed rule with request for comments.

SUMMARY: The U.S. Office of Personnel Management (OPM) is issuing a proposed rule that would redefine the geographic boundaries of the Fort Wayne-Marion, IN, and Detroit, MI, appropriated fund Federal Wage System (FWS) wage areas. The proposed rule would redefine Fulton County, OH, from the Fort Wayne-Marion wage area to the Detroit wage area. This change is based on a recent consensus recommendation of the Federal Prevailing Rate Advisory Committee (FPRAC) to best match Fulton County to a nearby FWS survey area. In addition, this proposed rule adds La Crosse County, WI, to the survey area of the Southwestern Wisconsin wage area, which OPM inadvertently omitted in a final rule published in 2013.

DATES: We must receive comments on or before August 18, 2014.

ADDRESSES: You may submit comments, identified by "RIN 3206-AN06," using any of the following methods:

SUPPLEMENTARY INFORMATION: OPM is issuing a proposed rule that would redefine the geographic boundaries of the Fort Wayne-Marion, IN, and Detroit, MI, appropriated fund FWS wage areas. The proposed rule would redefine Fulton County, OH, from the Fort Wayne-Marion wage area to the Detroit wage area.

OPM considers the following regulatory criteria under 5 CFR 532.211 when defining FWS wage area boundaries:

- (i) Distance, transportation facilities, and geographic features;
- (ii) Commuting patterns; and
- (iii) Similarities in overall population, employment, and the kinds and sizes of private industrial establishments.

Fulton, Lucas, Wood Counties, OH, comprise the Toledo, OH Metropolitan Statistical Area (MSA). The Toledo MSA is split between the Fort Wayne-Marion and Detroit wage areas. Fulton County is part of the area of application of the Fort Wayne-Marion wage area, and Lucas and Wood Counties are part of the area of application of the Detroit wage area.

Based on an analysis of the regulatory criteria for Lucas County, the core county in the Toledo MSA, the entire Toledo MSA would be defined to the Detroit wage area. When measuring to cities and host installations, the distance criterion favors the Detroit wage area more than the Fort Wayne-Marion wage area. The commuting patterns criterion does not favor one wage area more than another. The difference between the resident workforce commuting to work in the Fort Wayne-Marion and Detroit survey areas is insignificant; however, marginally more people commute into the Detroit survey area (1.04 percent) than into the Fort Wayne-Marion survey area (0.04 percent). The overall population and employment and the kinds and sizes of private industrial establishments criterion favors the Detroit wage area more than the Fort Wayne-Marion wage area.

Based on this analysis, we believe Lucas County is appropriately defined to the Detroit wage area. OPM regulations at 5 CFR 532.211 permit splitting MSAs only in very unusual circumstances. There appear to be no unusual circumstances that would

permit splitting the Toledo MSA. To comply with OPM regulations not to split MSAs, Fulton County would be redefined to the Detroit wage area. The remaining county in the Toledo MSA, Wood County, is already defined to the Detroit wage area. There are currently no FWS employees working in Fulton County.

FPRAC, the national labor-management committee responsible for advising OPM on matters concerning the pay of FWS employees, recommended this change by consensus. This change would be effective on the first day of the first applicable pay period beginning on or after 30 days following publication of the final regulations. FPRAC recommended no other changes in the geographic definitions of the Fort Wayne-Marion and Detroit wage areas.

CFR Correction

In a final rule published in the **Federal Register** on May 21, 2013 (78 FR 29611), OPM inadvertently omitted La Crosse County, WI, from the survey area of the Southwestern Wisconsin FWS wage area. La Crosse County should have been listed immediately following Eau Claire County.

Regulatory Flexibility Act

I certify that these regulations would not have a significant economic impact on a substantial number of small entities because they would affect only Federal agencies and employees.

5 CFR Part 843

RIN 3206-AM99

Federal Employees' Retirement System; Present Value Conversion Factors for Spouses of Deceased Separated Employees

AGENCY: Office of Personnel
Management.

ACTION: Proposed rule.

SUMMARY: The Office of Personnel Management (OPM) is issuing a proposed rule to revise the table of reduction factors for early commencing dates of survivor annuities for spouses of separated employees who die before the date on which they would be eligible for unreduced deferred annuities, and to revise the annuity factor for spouses of deceased employees who die in service when those spouses elect to receive the basic employee death benefit in 36 installments under the Federal Employees' Retirement System (FERS) Act of 1986. These rules are necessary to ensure that the tables conform to the economic and demographic assumptions adopted by the Board of Actuaries and published in the **Federal Register** on May 21, 2014, as required by 5 U.S.C. 8461(i).

DATES: We must receive your comments by September 16, 2014.

ADDRESSES: You may submit comments, identified by docket number and/or RIN number 3206-AM99, by any of the following methods:

- *Federal eRulemaking Portal:* <http://www.regulations.gov>. Follow the instructions for submitting comments.
