DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

Laramie Plains National Wildlife Refuge, Laramie, WY

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of intent to prepare a comprehensive conservation plan and environmental assessment; request for comments.

SUMMARY: This notice advises that the U.S. Fish and Wildlife Service (Service) intends to gather information necessary to prepare a Comprehensive Conservation Plan (CCP) and associated environmental documents for the Laramie Plains National Wildlife Refuge (NWRs) in southeast Wyoming, which include Bamforth NWR, Hutton Lake NWR, and Mortenson Lake NWR.

The Service is furnishing this notice in compliance with Service CCP policy to advise other agencies and the public of its intentions, and to obtain suggestions and information on the scope of issues to be considered in the planning process.

DATES: Written comments must be received by July 17, 2006.

ADDRESSES: Comments and requests for more information regarding the Laramie Plains NWRs should be sent to Toni Griffin, Planning Team Leader, Division of Refuge Planning, P.O. Box 25486, Denver Federal Center, Denver, Colorado 80225.

FOR FURTHER INFORMATION CONTACT: Toni Griffin, 303–236–4378, or Linda Kelly, Chief, Branch of Comprehensive Conservation Planning, at 303–236–8132.

SUPPLEMENTARY INFORMATION: The Service has initiated the CCP for the Laramie Plains NWRs with headquarters in Walden, Colorado.

Each unit of the National Wildlife Refuge System, including these NWRs, has specific purposes for which it was

established. Those purposes are used to develop and prioritize management goals and objectives within the National Wildlife Refuge System mission, and to guide which public uses will occur on these Refuges. The planning process is a way for the Service and the public to evaluate management goals and objectives for the best possible conservation efforts of this important wildlife habitat, while providing for wildlife-dependent recreation opportunities that are compatible with the Refuges' establishing purposes and the mission of the National Wildlife Refuge System.

The Service will conduct a comprehensive conservation planning process that will provide opportunity for Tribal, State, and local governments; agencies; organizations; and the public to participate in issue scoping and public comment. The Service is requesting input for issues, concerns, ideas, and suggestions for the future management of the Laramie Plains NWRs in southeast Wyoming. Anyone interested in providing input is invited to respond to the following two questions.

(1) What problems or issues do you want to see addressed in the CCP?

(2) What improvements would you recommend for the Laramie Plains NWRs?

The Service has provided the above questions for your optional use; you are not required to provide information to the Service. The Planning Team developed these questions to facilitate finding out more information about individual issues and ideas concerning these Refuges. Comments received by the Planning Team will be used as part of the planning process; individual comments will not be referenced in our reports or directly responded to.

An opportunity will be given to the public to provide input at an open house to scope issues and concerns (schedule can be obtained from the Planning Team Leaders at the above addresses). Comments may also be submitted anytime during the planning process by writing to the above addresses. All information provided voluntarily by mail, phone, or at public meetings becomes part of the official public record (*i.e.*, names, addresses, letters of comment, input recorded during meetings). If requested under the Freedom of Information Act by a private citizen or organization, the Service may provide informational copies.

The environmental review of this project will be conducted in accordance with the requirements of the National Environmental Policy Act of 1969, as amended (42 U.S.C. 4321 *et seq.*); NEPA

Regulations (40 CFR parts 1500–1508); other appropriate Federal laws and regulations; and Service policies and procedures for compliance with those regulations. All comments received from individuals on Service Environmental Assessments and Environmental Impact Statements become part of the official public record. Requests for such comments will be handled in accordance with the Freedom of Information Act, NEPA (40 CFR 1506.6(f)), and other Departmental and Service policies and procedures. When requested, the Service generally will provide comment letters with the names and addresses of the individuals who wrote the comments. However, the telephone number of the commenting individual will not be provided in response to such requests to the extent permissible by law.

Dated: May 23, 2006.

James J. Slack,

Deputy Regional Director, Region 6, Denver, CO.
