SUPPLEMENTARY INFORMATION:**I. Abstract**

The National Ocean Service (NOS), Office of Coast Survey manages the Certification Requirements for Distributors of NOAA Electronic Navigational Charts (NOAA ENC[®]). The certification allows entities to download, redistribute, repack, or in some cases reformat, official NOAA ENC[®]s and retain the NOAA ENC[®]'s official status. The regulations for implementing the Certification are at 15 CFR part 995.

The recordkeeping and reporting requirements of 15 CFR part 995 form the basis for this collection of information. This information allows the Office of Coast Survey to administer the regulation, and to better understand the marketplace resulting in products that meet the needs of the customer in a timely and efficient manner.

II. Method of Collection

Electronic reports are required from participants, and methods of submittal include Internet and e-mail.

III. Data

OMB Number: 00648-0508.

Form Number: None.

Type of Review: Regular submission.

Affected Public: Not-for-profit institutions; and business or other for-profit organizations.

Estimated Number of Respondents: 8.

Estimated Time per Response: 1 hour to provide a distribution report twice a year; and 18 hours for reporting of errors in the ENC.

Estimated Total Annual Burden Hours: 320.

Estimated Total Annual Cost to Public: \$0.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Dated: May 5, 2008.

Gwellnar Banks,

Management Analyst, Office of the Chief Information Officer.

Fisheries of the Northeastern United States; Atlantic Herring Fishery; Scoping Process

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of intent to prepare an environmental impact statement (EIS) and notice of initiation of scoping process; request for comments.

SUMMARY: The New England Fishery Management Council (Council) announces its intent to prepare an amendment (Amendment 4) to the Fishery Management Plan (FMP) for Atlantic Herring and to prepare an EIS to analyze the impacts of any proposed management measures. The goals of the amendment are to improve monitoring of catch in the Atlantic herring (herring) fishery and to manage the fishery at long-term sustainable levels, consistent with the Magnuson-Stevens Fishery Conservation and Management Act (MSA). The Council is initiating a public process to determine the scope of alternatives to be addressed in the amendment and EIS. NMFS is alerting the interested public of the commencement of the scoping process and providing for public participation in compliance with environmental documentation requirements.

DATES: Written and electronic scoping comments must be received on or before 5 p.m., local time, June 30, 2008.

ADDRESSES: Written comments on Amendment 4 may be sent by any of the following methods:

- E-mail to the following address: HerringAmendment4@noaa.gov;
- Mail to Patricia A. Kurkul, Regional Administrator, NMFS, Northeast Regional Office, One Blackburn Drive, Gloucester, MA 01930. Mark the outside of the envelope "Scoping Comments on Herring Amendment 4;" or
- Fax to Patricia A. Kurkul, 978-281-9135.

Requests for copies of the scoping document and other information should be directed to Paul J. Howard, Executive Director, New England Fishery Management Council, 50 Water Street, Mill 2, Newburyport, MA 01950, telephone 978-465-0492. The scoping document is accessible electronically via the Internet at <http://www.nefmc.org>.

FOR FURTHER INFORMATION CONTACT: Paul J. Howard, Executive Director, New England Fishery Management Council, 978-465-0492.

SUPPLEMENTARY INFORMATION:**Background**

The U.S. herring fishery is managed as one stock complex along the East Coast from Maine to Cape Hatteras, NC, although evidence suggests that separate spawning components exist within the stock complex. The Council and the Atlantic States Marine Fisheries Commission (ASMFC) adopted management measures for the herring fishery in state and Federal waters in 1999, and NMFS approved most of the management measures in the Herring
